(d) Approval under subsection (c) need not be obtained, and lack of approval does not mean that the collection, enforcement, disposition, or acceptance is not commercially reasonable.

400.009-628. NONLIABILITY AND LIMITATION ON LIABILITY OF SECURED PARTY — LIABILITY OF SECONDARY OBLIGOR. — (a) Unless a secured party knows that a person is a debtor or obligor, knows the identity of the person, and knows how to communicate with the person:

(1) The secured party is not liable to the person, or to a secured party or lienholder that has filed a financing statement against the person, for failure to comply with this article; and

(2) The secured party's failure to comply with this article does not affect the liability of the person for a deficiency.

(b) A secured party is not liable because of its status as secured party:

(1) To a person that is a debtor or obligor, unless the secured party knows:

- (A) That the person is a debtor or obligor;
- (B) The identity of the person; and
- (C) How to communicate with the person; or

(2) To a secured party or lienholder that has filed a financing statement against a person, unless the secured party knows:

- (A) That the person is a debtor; and
- (B) The identity of the person.

(c) A secured party is not liable to any person, and a person's liability for a deficiency is not affected, because of any act or omission arising out of the secured party's reasonable belief that a transaction is not a consumer-goods transaction or a consumer transaction or that goods are not consumer goods, if the secured party's belief is based on its reasonable reliance on:

(1) A debtor's representation concerning the purpose for which collateral was to be used, acquired, or held; or

(2) An obligor's representation concerning the purpose for which a secured obligation was incurred.

(d) A secured party is not liable under section 400.9-625(c)(2) more than once with respect to any one secured obligation.

400.009-629. DISPOSITION ORDERED FOR NONCOMPLIANCE OF SECURED PARTY — TERMINATION DATE. — (1) If it is established that the secured party is not proceeding in accordance with the provisions of this part disposition may be ordered or restrained on appropriate terms and conditions. If the disposition has occurred the debtor or any person entitled to notification or whose security interest has been made known to the secured party prior to the disposition has a right to recover from the secured party any loss caused by a failure to comply with the provisions of this part. If the collateral is consumer goods, the debtor has a right to recover in any event an amount not less than the credit service charge plus ten percent of the principal amount of the debt or the time price differential plus ten percent of the cash price.

(2) The fact that a better price could have been obtained by a sale at a different time or in a different method from that selected by the secured party is not of itself sufficient to establish that the sale was not made in a commercially reasonable manner. If the secured party either sells the collateral in the usual manner in any recognized market therefor or if he sells at the price current in such market at the time of his sale or if he has otherwise sold in conformity with reasonable commercial practices among dealers in the type of property sold he has sold in a commercially reasonable manner. The principles stated in the two preceding sentences with respect to sales also apply as may be appropriate to other types of disposition. A disposition which has been approved in any judicial proceeding or by any bona fide creditors' committee or representative of creditors shall conclusively be deemed to be commercially reasonable, but this sentence does not indicate that any such approval must be obtained in any case nor does it indicate that any disposition not so approved is not commercially reasonable.

(3) The provisions of this section shall terminate on December 31, 2002.

PART 7 TRANSITION

400.009-701. DEFINITION OF THIS ACT. — For the purposes of this section and sections 400.9-702 to 400.9-708, "this act" shall refer to sections 400.9-101 to 400.9-628.

400.009-702. SAVINGS CLAUSE. — (a) Except as otherwise provided in this part, this act applies to a transaction or lien within its scope, even if the transaction or lien was entered into or created before the effective date of this act.

(b) Except as otherwise provided in subsection (c) and sections 400.9-703 through 400.9-708:

(1) Transactions and liens that were not governed by former article 9, were validly entered into or created before this act takes effect, and would be subject to this act if they had been entered into or created after this act takes effect, and the rights, duties, and interests flowing from those transactions and liens remain valid after this act takes effect; and

(2) The transactions and liens may be terminated, completed, consummated, and enforced as required or permitted by this act or by the law that otherwise would apply if this act had not taken effect.

(c) This act does not affect an action, case, or proceeding commenced before this act takes effect.

400.009-703. SECURITY INTEREST PERFECTED BEFORE EFFECTIVE DATE. — (a) A security interest that is enforceable immediately before this act takes effect and would have priority over the rights of a person that becomes a lien creditor at that time is a perfected security interest under this act if, when this act takes effect, the applicable requirements for enforceability and perfection under this act are satisfied without further action.

(b) Except as otherwise provided in section 400.9-705, if, immediately before this act takes effect, a security interest is enforceable and would have priority over the rights of a person that becomes a lien creditor at that time, but the applicable requirements for enforceability or perfection under this act are not satisfied when this act takes effect, the security interest:

- (1) Is a perfected security interest for one year after this act takes effect;
- (2) Remains enforceable thereafter only if the security interest becomes enforceable under section 400.9-203 before the year expires; and
- (3) Remains perfected thereafter only if the applicable requirements for perfection under this act are satisfied before the year expires.

400.009-704. SECURITY INTEREST UNPERFECTED BEFORE EFFECTIVE DATE. — A security interest that is enforceable immediately before this act takes effect but which would be subordinate to the rights of a person that becomes a lien creditor at that time:

- (1) Remains an enforceable security interest for one year after this act takes effect;
- (2) Remains enforceable thereafter if the security interest becomes enforceable under section 400.9-203 when this act takes effect or within one year thereafter; and
- (3) Becomes perfected:
 - (A) Without further action, when this act takes effect if the applicable requirements for perfection under this act are satisfied before or at that time; or
 - (B) When the applicable requirements for perfection are satisfied if the requirements are satisfied after that time.

400.009-705. EFFECTIVENESS OF ACTION TAKEN BEFORE EFFECTIVE DATE. — (a) If action, other than the filing of a financing statement, is taken before this act takes effect and the action would have resulted in priority of a security interest over the rights of a person that becomes a lien creditor had the security interest become enforceable before this act takes effect, the action is effective to perfect a security interest that attaches under this act within one year after this act takes effect. An attached security interest becomes unperfected one year after this act takes effect unless the security interest becomes a perfected security interest under this act before the expiration of that period.

(b) The filing of a financing statement before this act takes effect is effective to perfect a security interest to the extent the filing would satisfy the applicable requirements for perfection under this act.

(c) This act does not render ineffective an effective financing statement that, before this act takes effect, is filed and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in former section 400.9-103. However, except as otherwise provided in subsections (d) and (e) and section 400.9-706, the financing statement ceases to be effective at the earlier of:

- (1) The time the financing statement would have ceased to be effective under the law of the jurisdiction in which it is filed; or

(2) June 30, 2006.

(d) The filing of a continuation statement after this act takes effect does not continue the effectiveness of the financing statement filed before this act takes effect. However, upon the timely filing of a continuation statement after this act takes effect and in accordance with the law of the jurisdiction governing perfection as provided in Part 3, the effectiveness of a financing statement filed in the same office in that jurisdiction before this act takes effect continues for the period provided by the law of that jurisdiction.

(e) Subsection (c)(2) applies to a financing statement that, before this act takes effect, is filed against a transmitting utility and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in former section 400.9-103 only to the extent that Part 3 provides that the law of a jurisdiction other than jurisdiction in which the financing statement is filed governs perfection of a security interest in collateral covered by the financing statement.

(f) A financing statement that includes a financing statement filed before this act takes effect and a continuation statement filed after this act takes effect is effective only to the extent that it satisfies the requirements of Part 5 for an initial financing statement.

400.009-706. WHEN INITIAL FINANCING STATEMENT SUFFICES TO CONTINUE EFFECTIVENESS OF FINANCING STATEMENT. — (a) The filing of an initial financing statement in the office specified in section 400.9-501 continues the effectiveness of a financing statement filed before this act takes effect if:

(1) The filing of an initial financing statement in that office would be effective to perfect a security interest under this act;

(2) The pre-effective-date financing statement was filed in an office in another state or another office in this state; and

(3) The initial financing statement satisfies subsection (c).

(b) The filing of an initial financing statement under subsection (a) continues the effectiveness of the pre-effective-date financing statement:

(1) If the initial financing statement is filed before this act takes effect, for the period provided in former section 400.9-403 with respect to a financing statement; and

(2) If the initial financing statement is filed after this act takes effect, for the period provided in section 400.9-515 with respect to an initial financing statement.

(c) To be effective for purposes of subsection (a), an initial financing statement must:

(1) Satisfy the requirements of Part 5 for an initial financing statement;

(2) Identify the pre-effective-date financing statement by indicating the office in which the financing statement was filed and providing the dates of filing and file numbers, if any, of the financing statement and of the most recent continuation statement filed with respect to the financing statement; and

(3) Indicate that the pre-effective-date financing statement remains effective.

400.009-707. AMENDMENT OF PRE-EFFECTIVE-DATE FINANCING STATEMENT. — (a) In this section, "pre-effective-date financing statement" means a financing statement filed before this act takes effect.

(b) After this act takes effect, a person may add or delete collateral covered by, continue or terminate the effectiveness of, or otherwise amend the information provided in, a pre-effective-date financing statement only in accordance with the law of the jurisdiction governing perfection as provided in Part 3. However, the effectiveness of a pre-effective-date financing statement also may be terminated in accordance with the law of the jurisdiction in which the financing statement is filed.

(c) Except as otherwise provided in subsection (d) of this section, if the law of this state governs perfection of a security interest, the information in a pre-effective-date financing statement may be amended after this act takes effect only if:

(1) The pre-effective-date financing statement and an amendment are filed in the office specified in section 400.9- 501;

(2) An amendment is filed in the office specified in section 400.9-501 concurrently with, or after the filing in that office of, an initial financing statement that satisfies section 400.9-706(c); or

(3) An initial financing statement that provides the information as amended and satisfies section 400.9-706(c) is filed in the office specified in section 400.9-501.

(d) If the law of this state governs perfection of a security interest, the effectiveness of a pre-effective-date financing statement may be continued only under section 400.9-705(d) and (f) or section 400.9-706.

(e) Whether or not the law of this state governs perfection of a security interest, the effectiveness of a pre-effective-date financing statement filed in this state may be terminated after this act takes effect by filing a termination statement in the office in which the pre-effective-date financing statement is filed, unless an initial financing statement that satisfies section 400.9-706(c) has been filed in the office specified by the law of the jurisdiction governing perfection as provided in Part 3 as the office in which to file a financing statement.

400.009-708. PERSONS ENTITLED TO FILE INITIAL FINANCING STATEMENT OR CONTINUATION STATEMENT. — A person may file an initial financing statement or a continuation statement under this part if:

(1) The secured party of record authorizes the filing; and

(2) The filing is necessary under this part:

(A) To continue the effectiveness of a financing statement filed before this act takes effect; or

(B) To perfect or continue the perfection of a security interest.

400.009-709. PRIORITY. — (a) This act determines the priority of conflicting claims to collateral. However, if the relative priorities of the claims were established before this act takes effect, former article 9 determines priority.

(b) For purposes of section 400.9-322(a), the priority of a security interest that becomes enforceable under section 400.9-203 of this act dates from the time this act takes effect if the security interest is perfected under this act by the filing of a financing statement before this act takes effect which would not have been effective to perfect the security interest under former article 9. This subsection does not apply to conflicting security interests each of which is perfected by the filing of such a financing statement.

400.009-710. LOCAL FILING OFFICE TO MAINTAIN FORMER ARTICLE 9 RECORDS. — (a) In this section:

(1) "Former article 9 records" means:

a. Financing statements and other records that have been filed in the local-filing office before the effective date of this act, and that are, or upon processing and indexing will be, reflected in the index maintained, as of the effective date of this act, by the local-filing office for financing statements and other records filed in the local-filing office before the effective date of this act; and

b. The index as of the effective date of this act. The term does not include records presented to a local-filing office for filing after the effective date of this act, whether or not the records relate to financing statements filed in the local-filing office before the effective date of this act.

(2) "Local-filing office" means a filing office, other than the office of the secretary of state, that is designated as the proper place to file a financing statement under 400.9-401 of former article 9. The term applies only with respect to a record that covers a type of

collateral as to which the filing office is designated in that section as the proper place to file.

(b) Until June 30, 2006, each local-filing office must maintain all former article 9 records in accordance with former article 9. A former article 9 record that is not reflected on the index maintained on the effective date of this act, by the local-filing office must be processed and indexed, and reflected on the index as of the effective date of this act, as soon as practicable but in any event no later than thirty days after the effective date of this act.

(c) Until at least June 30, 2008, each local-filing office must respond to requests for information with respect to former article 9 records relating to a debtor and issue certificates, in accordance with former article 9. The fees charged for responding to requests for information relating to a debtor and issuing certificates with respect to former article 9 records must be the fees in effect under former article 9 on the effective date of this act.

(d) After June 30, 2006, each local-filing office may remove and destroy, in accordance with any then applicable record retention law of this state, all former article 9 records, including the related index.

(e) This section does not apply, with respect to financing statements and other records, to a filing office in which mortgages or records of mortgages on real property are required to be filed or recorded, if:

- (1) The collateral is timber to be cut or as-extracted collateral; or
- (2) The record is or relates to a financing statement filed as a fixture and the collateral is goods that are or are to become fixtures.

417.018. ADDITIONAL FEE — EXPIRATION DATE. — The secretary of state may collect an additional fee of five dollars on each and every fee required in this chapter. All fees collected as provided in this section shall be deposited in the state treasury and credited to the secretary of state's technology trust fund account. **The provisions of this section shall expire on December 31, 2009.**

431.202. EMPLOYMENT COVENANTS ENFORCEABLE, WHEN — REASONABILITY PRESUMPTION. — 1. A reasonable covenant in writing promising not to solicit, recruit, hire or otherwise interfere with the employment of one or more employees shall be enforceable and not a restraint of trade pursuant to subsection 1 of section 416.031, RSMo, if:

(1) Between two or more corporations or other business entities seeking to preserve workforce stability (which shall be deemed to be among the protectable interests of each corporation or business entity) during, and for a reasonable period following, negotiations between such corporations or entities for the acquisition of all or a part of one or more of such corporations or entities;

(2) Between two or more corporations or business entities engaged in a joint venture or other legally permissible business arrangement where such covenant seeks to protect against possible misuse of confidential or trade secret business information shared or to be shared between or among such corporations or entities;

(3) Between an employer and one or more employees seeking on the part of the employer to protect:

- (a) Confidential or trade secret business information; or
- (b) Customer or supplier relationships, goodwill or loyalty, which shall be deemed to be among the protectable interests of the employer; or

(4) Between an employer and one or more employees, notwithstanding the absence of the protectable interests described in subdivision (3) of this subsection, so long as such covenant does not continue for more than one year following the employee's employment; provided, however, that this subdivision shall not apply to covenants signed by employees who provide only secretarial or clerical services.

2. Whether a covenant covered by this section is reasonable shall be determined based upon the facts and circumstances pertaining to such covenant, but a covenant covered exclusively by subdivision (3) or (4) of subsection 1 of this section shall be conclusively presumed to be reasonable if its post-employment duration is no more than one year.

3. Nothing in this subdivision (3) or (4) of subsection 1 of this section is intended to create, or to affect the validity or enforceability of, employer-employee covenants not to compete.

4. Nothing in this section shall preclude a covenant described in subsection 1 of this section from being enforceable in circumstances other than those described in subdivisions (1) to (4) of subsection 1 of this section, where such covenant is reasonably necessary to protect a party's legally permissible business interests.

5. Nothing in this section shall be construed to limit an employee's ability to seek or accept employment with another employer immediately upon, or at any time subsequent to, termination of employment, whether said termination was voluntary or non-voluntary.

6. This section shall have retrospective as well as prospective effect.

SECTION 1. ELECTRONIC FACSIMILE FILINGS FOR DOCUMENTS FILED WITH SECRETARY OF STATE'S OFFICE, RULEMAKING AUTHORITY. — The Secretary of State may adopt rules to authorize the electronic facsimile filing of any document filed with the Secretary under any provision administered by the Secretary. The rules may set forth standards for the acceptance of a form of signature other than the proper handwriting of a person. A signature or document filed by electronic facsimile in accordance with rules promulgated pursuant to this section shall be prima facie evidence for all purposes that the document actually was signed by the person whose signature appears on the facsimile.

[59.040. COMBINATION OR SEPARATION OF OFFICE — ELECTION — FORM OF BALLOT (THIRD CLASS COUNTIES). — 1. In a county of the third class, the question of combining the offices of circuit clerk and recorder or separating the offices may be submitted to the voters of the county by the county commission and shall be submitted by the county commission upon the petition of voters who comprise at least eight percent of the voters of the county as determined by the total vote for governor at the last preceding general election at which a governor was elected.

2. If the two offices are separate and the question is to combine the two offices, the question shall be submitted in substantially the following form:

Shall the offices of the circuit clerk and recorder in (name of county) county be combined?

3. If the two offices are combined and the question is to separate the two offices, the question shall be submitted in substantially the following form:

Shall the offices of circuit clerk and recorder in(name of county) county be separated?

4. The submission of the question provided for in this section may be made at the November election in 1948, or any fourth year thereafter. and stand for election for the separate offices of clerk of the circuit court and recorder of deeds and the winner of the election for each office shall assume his separate duties on the first day of January next following the election for the full four-year term of office.]

[351.440. MERGER OR CONSOLIDATION SHALL BE EFFECTED, WHEN. — Upon the issuance of the certificate of merger or the certificate of consolidation by the secretary of state, the merger or consolidation shall be effected.]

[400.009-101. SHORT TITLE. — This article shall be known and may be cited as "Uniform Commercial Code — Secured Transactions".]

[400.009-102. DEFINITIONS AND INDEX OF DEFINITIONS. — (1) Except as otherwise provided in section 400.9-104 on excluded transactions, this article applies

(a) to any transaction (regardless of its form) which is intended to create a security interest in personal property or fixtures including goods, documents, instruments, general intangibles, chattel papers, or accounts; and also

(b) to any sale of accounts or chattel paper.

(2) This article applies to security interests created by contract including pledge, assignment, chattel mortgage, chattel trust, trust deed, factor's lien, equipment trust, conditional sale, trust receipt, other lien or title retention contract and lease or consignment intended as security. This article does not apply to statutory liens except as provided in section 400.9-310.

(3) The application of this article to a security interest in a secured obligation is not affected by the fact that the obligation is itself secured by a transaction or interest to which this article does not apply.]

[400.009-103. PURCHASE-MONEY SECURITY INTEREST — APPLICATION OF PAYMENTS — BURDEN OF ESTABLISHING. — (1) Documents, instruments, letters of credit, and ordinary goods.

(a) This subsection applies to documents and instruments, rights to proceeds of written letters of credit, and to goods other than those covered by a certificate of title described in subsection (2), mobile goods described in subsection (3), and minerals described in subsection (5).

(b) Except as otherwise provided in this subsection, perfection and the effect of perfection or non-perfection of a security interest in collateral are governed by the law of the jurisdiction where the collateral is when the last event occurs on which is based the assertion that the security interest is perfected or unperfected.

(c) If the parties to a transaction creating a purchase money security interest in goods in one jurisdiction understand at the time that the security interest attaches that the goods will be kept in another jurisdiction, then the law of the other jurisdiction governs the perfection and the effect of perfection or non-perfection of the security interest from the time it attaches until thirty days after the debtor receives possession of the goods and thereafter if the goods are taken to the other jurisdiction before the end of the thirty-day period.

(d) When collateral is brought into and kept in this state while subject to a security interest perfected under the law of the jurisdiction from which the collateral was removed, the security

interest remains perfected, but if action is required by Part 3 of this article to perfect the security interest,

(i) if the action is not taken before the expiration of the period of perfection in the other jurisdiction or the end of four months after the collateral is brought into this state, whichever period first expires, the security interest becomes unperfected at the end of that period and is thereafter deemed to have been unperfected as against a person who became a purchaser after removal;

(ii) if the action is taken before the expiration of the period specified in subparagraph (i), the security interest continues perfected thereafter;

(iii) for the purpose of priority over a buyer of consumer goods (subsection (2) of section 400.9-307), the period of the effectiveness of a filing in the jurisdiction from which the collateral is removed is governed by the rules with respect to perfection in subparagraphs (i) and (ii).

(2) Certificate of title.

(a) This subsection applies to goods covered by a certificate of title issued under a statute of this state or of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection.

(b) Except as otherwise provided in this subsection, perfection and the effect of perfection or non-perfection of the security interest are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until four months after the goods are removed from that jurisdiction and thereafter until the goods are registered in another jurisdiction, but in any event not beyond surrender of the certificate. After the expiration of that period, the goods are not covered by the certificate of title within the meaning of this section.

(c) Except with respect to the rights of a buyer described in the next paragraph, a security interest, perfected in another jurisdiction otherwise than by notation on a certificate of title, in goods brought into this state and thereafter covered by a certificate of title issued by this state is subject to the rules stated in paragraph (d) of subsection (1).

(d) If goods are brought into this state while a security interest therein is perfected in any manner under the law of the jurisdiction from which the goods are removed and a certificate of title is issued by this state and the certificate does not show that the goods are subject to the security interest or that they may be subject to security interests not shown on the certificate, the security interest is subordinate to the rights of a buyer of the goods who is not in the business of selling goods of that kind to the extent that he gives value and receives delivery of the goods after issuance of the certificate and without knowledge of the security interest.

(3) Accounts, general intangibles and mobile goods.

(a) This subsection applies to accounts (other than an account described in subsection (5) on minerals) and general intangibles (other than uncertificated securities) and to goods which are mobile and which are of a type normally used in more than one jurisdiction, such as motor vehicles, trailers, rolling stock, airplanes, shipping containers, road building and construction machinery and commercial harvesting machinery and the like, if the goods are equipment or are inventory leased or held for lease by the debtor to others, and are not covered by a certificate of title described in subsection (2).

(b) The law (including the conflict of laws rules) of the jurisdiction in which the debtor is located governs the perfection and the effect of perfection or non-perfection of the security interest.

(c) If, however, the debtor is located in a jurisdiction which is not a part of the United States, and which does not provide for perfection of the security interest by filing or recording in that jurisdiction, the law of the jurisdiction in the United States in which the debtor has its major executive office in the United States governs the perfection and the effect of perfection or nonperfection of the security interest through filing. In the alternative, if the debtor is located in a jurisdiction which is not a part of the United States or Canada and the collateral is accounts or general intangibles for money due or to become due, the security interest may be perfected by

notification to the account debtor. As used in this paragraph, "United States" includes its territories and possessions and the Commonwealth of Puerto Rico.

(d) A debtor shall be deemed located at his place of business if he has one, at his chief executive office if he has more than one place of business, otherwise at his residence. If, however, the debtor is a foreign air carrier under the Federal Aviation Act of 1958, as amended, it shall be deemed located at the designated office of the agent upon whom service of process may be made on behalf of the foreign air carrier.

(e) A security interest perfected under the law of the jurisdiction of the location of the debtor is perfected until the expiration of four months after a change of the debtor's location to another jurisdiction, or until perfection would have ceased by the law of the first jurisdiction, whichever period first expires. Unless perfected in the new jurisdiction before the end of that period, it becomes unperfected thereafter and is deemed to have been unperfected as against a person who became a purchaser after the change.

(4) Chattel paper.

The rules stated for goods in subsection (1) apply to a possessory security interest in chattel paper. The rules stated for accounts in subsection (3) apply to a nonpossessory security interest in chattel paper, but the security interest may not be perfected by notification to the account debtor.

(5) Minerals.

Perfection and the effect of perfection or non-perfection of a security interest which is created by a debtor who has an interest in minerals or the like (including oil and gas) before extraction and which attaches thereto as extracted, or which attaches to an account resulting from the sale thereof at the wellhead or minehead or governed by the law (including the conflict of laws rules) of the jurisdiction wherein the wellhead or minehead is located.

(6) Investment property.

(a) This subsection applies to investment property.

(b) Except as otherwise provided in paragraph (f), during the time that a security certificate is located in a jurisdiction, perfection of a security interest, the effect of perfection or nonperfection, and the priority of a security interest in the certificated security represented thereby are governed by the local law of that jurisdiction.

(c) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in an uncertificated security are governed by the local law of the issuer's jurisdiction as specified in section 400.8-110(d).

(d) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in a security entitlement or securities account are governed by the local law of the securities intermediary's jurisdiction as specified in section 400.8-110(e).

(e) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or nonperfection, and the priority of a security interest in a commodity contract or commodity account are governed by the local law of the commodity intermediary's jurisdiction. The following rules determine a "commodity intermediary's jurisdiction" for purposes of this paragraph:

(i) If an agreement between the commodity intermediary and commodity customer specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the commodity intermediary's jurisdiction.

(ii) If an agreement between the commodity intermediary and commodity customer does not specify the governing law as provided in subparagraph (i), but expressly specifies that the commodity account is maintained at an office in a particular jurisdiction, that jurisdiction is the commodity intermediary's jurisdiction.

(iii) If an agreement between the commodity intermediary and commodity customer does not specify a jurisdiction as provided in subparagraphs (i) or (ii), the commodity intermediary's

jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the commodity customer's account.

(iv) If an agreement between the commodity intermediary and commodity customer does not specify a jurisdiction as provided in subparagraphs (i) or (ii) and an account statement does not identify an office serving the commodity customer's account as provided in subparagraph (iii), the commodity intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the commodity intermediary.

(f) Perfection of a security interest by filing, automatic perfection of a security interest in investment property granted by a broker or securities intermediary, and automatic perfection of a security interest in a commodity contract or commodity account granted by a commodity intermediary are governed by the local law of the jurisdiction in which the debtor is located.]

[400.009-104. CONTROL OF DEPOSIT ACCOUNT. — This article does not apply

(a) to a security interest subject to any statute of the United States to the extent that such statute governs the rights of parties to and third parties affected by transactions in particular types of property; or

(b) to a landlord's lien; or

(c) to a lien given by statute or other rule of law for services or materials except as provided in section 400.9-310 on priority of such liens; or

(d) to a transfer of a claim for wages, salary or other compensation of an employee; or

(e) to a transfer by a government or governmental subdivision or agency; or

[400.009-105. CONTROL OF ELECTRONIC CHATTEL PAPER. — (1) In this Article unless the context otherwise requires:

(a) "Account debtor" means the person who is obligated on an account, chattel paper or general intangible;

(b) "Chattel paper" means a writing or writings which evidence both a monetary obligation and a security interest in or a lease of specific goods, but a charter or other contract involving the use or hire of a vessel is not chattel paper. When a transaction is evidenced both by such a security agreement or a lease and by an instrument or a series of instruments, the group of writings taken together constitutes chattel paper;

(c) "Collateral" means the property subject to a security interest, and includes accounts and chattel paper which have been sold;

(d) "Debtor" means the person who owes payment or other performance of the obligation secured, whether or not he owns or has rights in the collateral, and includes the seller of accounts or chattel paper. Where the debtor and the owner of the collateral are not the same person, the term "debtor" means the owner of the collateral in any provision of the article dealing with the collateral, the obligor in any provision dealing with the obligation, and may include both where the context so requires;

(e) "Deposit account" means a demand, time, savings, passbook or like account maintained with a bank, savings and loan association, credit union or like organization, other than an account evidenced by a certificate of deposit;

(f) "Document" means document of title as defined in the general definitions of article 1 (section 400.1-201), and a receipt of the kind described in subsection (2) of section 400.7-201;

(g) "Encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests;

(h) "Goods" includes all things which are movable at the time the security interest attaches or which are fixtures (section 400.9-313), but does not include money, documents, instruments, investment property, accounts, chattel paper, general intangibles, or minerals or the like (including oil and gas) before extraction. "Goods" also includes standing timber which is to be cut and removed under a conveyance or contract for sale, the unborn young of animals and growing crops;

(i) "Instrument" means a negotiable instrument (defined in section 400.3-104), or any other writing which evidences a right to the payment of money and is not itself a security agreement or lease and is of a type which is in ordinary course of business transferred by delivery with any necessary endorsement or assignment. The term does not include investment property;

(j) "Mortgage" means a consensual interest created by a real estate mortgage, a deed of trust on real estate, or the like;

(k) An advance is made "pursuant to commitment" if the secured party has bound himself to make it, whether or not a subsequent event of default or other event not within his control has relieved or may relieve him from his obligation;

(l) "Security agreement" means an agreement which creates or provides for a security interest;

(m) "Secured party" means a lender, seller or other person in whose favor there is a security interest including a person to whom accounts or chattel paper have been sold. When the holders of obligations issued under an indenture of trust, equipment trust agreement or the like are represented by a trustee or other person, the representative is the secured party;

(n) "Transmitting utility" means any person primarily engaged in the railroad, street railway or trolley bus business, the electric or electronics communications transmission business, the transmission of goods by pipeline, or the transmission or the production and transmission of electricity, steam, gas or water, or the provision of sewer service;

(4) In addition article 1 contains general definitions and principles of construction and interpretation applicable throughout this article.]

[400.009-106. CONTROL OF INVESTMENT PROPERTY. — "Account" means any right to payment for goods sold or leased or for services rendered which is not evidenced by an instrument or chattel paper, whether or not it has been earned by performance. "General intangibles" means any personal property (including things in action) other than goods, accounts, chattel paper, documents, investment property, instruments, rights to proceeds of written letters of credit, and money. All rights to payment earned or unearned under a charter or other contract involving the use or hire of a vessel and all rights incident to the charter or contract are accounts.]

[400.009-107. CONTROL OF LETTER-OF-CREDIT-RIGHT. — A security interest is a "purchase money security interest" to the extent that it is

- (a) taken or retained by the seller of the collateral to secure all or part of its price; or
- (b) taken by a person who by making advances or incurring an obligation gives value to enable the debtor to acquire rights in or the use of collateral if such value is in fact so used.]

[400.009-108. SUFFICIENCY OF DESCRIPTION. — Where a secured party makes an advance, incurs an obligation, releases a perfected security interest, or otherwise gives new value which is to be secured in whole or in part by after-acquired property his security interest in the after-acquired collateral shall be deemed to be taken for new value and not as security for an antecedent debt if the debtor acquires his rights in such collateral either in the ordinary course

of his business or under a contract of purchase made pursuant to the security agreement within a reasonable time after new value is given.]

[400.009-109. SCOPE. — Goods are

(1) "Consumer goods" if they are used or bought for use primarily for personal, family or household purposes;

(2) "Equipment" if they are used or bought for use primarily in business (including farming or a profession) or by a debtor who is a nonprofit organization or a governmental subdivision or agency or if the goods are not included in the definitions of inventory, farm products or consumer goods;

(3) "Farm products" if they are crops or livestock or supplies used or produced in farming operations or if they are products of crops or livestock in their unmanufactured states (such as ginned cotton, woolclip, maple syrup, milk and eggs), and if they are in the possession of a debtor engaged in raising, fattening, grazing or other farming operations. If goods are farm products they are neither equipment nor inventory;

(4) "Inventory" if they are held by a person who holds them for sale or lease or to be furnished under contracts of service or if he has so furnished them, or if they are raw materials, work in process or materials used or consumed in a business. Inventory of a person is not to be classified as his equipment.]

[400.009-110. SECURITY INTERESTS ARISING UNDER ARTICLE 2 OR 2A. — For the purposes of this article any description of personal property or real estate is sufficient whether or not it is specific if it reasonably identifies what is described.]

[400.009-111. APPLICABILITY OF BULK TRANSFER LAWS. — The creation of a security interest is not a bulk transfer under article 6 (see section 400.6-103).]

[400.009-112. WHERE COLLATERAL IS NOT OWNED BY DEBTOR. — Unless otherwise agreed, when a secured party knows that collateral is owned by a person who is not the debtor, the owner of the collateral is entitled to receive from the secured party any surplus under section 400.9-502(2) or under section 400.9-504(1), and is not liable for the debt or for any deficiency after resale, and he has the same right as the debtor

(a) to receive statements under section 400.9-208;

(b) to receive notice of and to object to a secured party's proposal to retain the collateral in satisfaction of the indebtedness under section 400.9-505;

(c) to redeem the collateral under section 400.9-506;

(d) to obtain injunctive or other relief under section 400.9-507(1); and

(e) to recover losses caused to him under section 400.9-208(2).]

[400.009-113. SECURITY INTERESTS ARISING UNDER ARTICLE ON SALES OR UNDER ARTICLE ON LEASES. — A security interest arising solely under the Article on Sales (Article 2) or the Article on Leases (Article 2A) is subject to the provisions of this Article except that to the extent that and so long as the debtor does not have or does not lawfully obtain possession of the goods

(a) no security agreement is necessary to make the security interest enforceable; and

(b) no filing is required to perfect the security interest; and

(c) the rights of the secured party on default by the debtor are governed (i) by the Article on Sales (Article 2) in the case of a security interest arising solely under such Article or (ii) by the Article on Leases (Article 2A) in the case of a security interest arising solely under such Article.]

[400.009-114. CONSIGNMENT, PRIORITY OVER OTHER PARTIES, WHEN — NOTICE TO LIENHOLDER OF SALE. — (1) A person who delivers goods under a consignment which is not a security interest and who would be required to file under this article by paragraph (3)(c) of section 400.2-326 has priority over a secured party who is or becomes a creditor of the consignee and who would have a perfected security interest in the goods if they were the property of the consignee, and also has priority with respect to identifiable cash proceeds received on or before delivery of the goods to a buyer, if

(a) the consignor complies with the filing provision of the article on sales with respect to consignments (paragraph (3)(c) of section 400.2-326) before the consignee receives possession of the goods; and

(b) the consignor gives notification in writing to the holder of the security interest if the holder has filed a financing statement covering the same types of goods before the date of the filing made by the consignor; and

(c) the holder of the security interest receives the notification within five years before the consignee receives possession of the goods; and

(d) the notification states that the consignor expects to deliver goods on consignment to the consignee, describing the goods by item or type.

(2) In the case of a consignment which is not a security interest and in which the requirements of the preceding subsection have not been met, a person who delivers goods to another is subordinate to a person who would have a perfected security interest in the goods if they were the property of the debtor.

(3) A person who consigns consumer goods, except for motor vehicles, trailers, manufactured or mobile homes not for highway use, and any type of watercraft, as defined in chapter 306, RSMo, to a consignee to sell shall have the sole obligation to notify the lienholder of the goods to be sold, that such goods will be offered for sale on a certain date. At no time shall the consignee be held liable to the lienholder, providing the consignee sells in good faith and is acting only as the agent for the consignor.]

[400.009-115. INVESTMENT PROPERTY, DEFINITIONS — PERFECTION. — (1) In this article:

(a) "Commodity account" means an account maintained by a commodity intermediary in which a commodity contract is carried for commodity customers;

(b) "Commodity contract" means a commodity futures contract, an option on a commodity futures contract, a commodity option, or other contract that, in each case, is:

(i) Traded on or subject to the rules of a board of trade that has been designated as a contract market for such a contract pursuant to the federal commodities laws; or

(ii) Traded on a foreign commodity board of trade, exchange or market, and is carried on the books of a commodity intermediary for a commodity customer;

(c) "Commodity customer" means a person for whom a commodity intermediary carries a commodity contract on its books;

(d) "Commodity intermediary" means:

(i) A person who is registered as a futures commission merchant under the federal commodities laws; or

(ii) A person who in the ordinary course of its business provides clearance or settlement services for a board of trade that has been designated as a contract market pursuant to the federal commodities laws;

(e) "Control" with respect to a certificated security, uncertificated security, or security entitlement has the meaning specified in section 400.8-106. A secured party has control over a commodity contract if by agreement among the commodity customer, the commodity intermediary, and the secured party, the commodity intermediary has agreed that it will apply any value distributed on account of the commodity contract as directed by the secured party without further consent by the commodity customer. If a commodity customer grants a security interest

in a commodity contract to its own commodity intermediary, the commodity intermediary as secured party has control. A secured party has control over a securities account or commodity account if the secured party has control over all security entitlements or commodity contracts carried in the securities account or commodity account;

(f) "Investment property" means:

- (i) A security, whether certificated or uncertificated;
- (ii) A security entitlement;
- (iii) A securities account;
- (iv) A commodity contract; or
- (v) A commodity account.

(2) Attachment or perfection of a security interest in a securities account is also attachment or perfection of a security interest in all security entitlements carried in the securities account. Attachment or perfection of a security interest in a commodity account is also attachment or perfection of a security interest in all commodity contracts carried in the commodity account.

(3) A description of collateral in a security agreement or financing statement is sufficient to create or perfect a security interest in a certificated security, uncertificated security, security entitlement, securities account, commodity contract, or commodity account whether it describes the collateral by those terms, or as investment property, or by description of the underlying security, financial asset, or commodity contract. A description of investment property collateral in a security agreement or financing statement is sufficient if it identifies the collateral by specific listing, by category, by quantity, by a computational or allocational formula or procedure, or by any other method, if the identity of the collateral is objectively determinable.

(4) Perfection of a security interest in investment property is governed by the following rules:

(a) A security interest in investment property may be perfected by control;

(b) Except as otherwise provided in paragraphs (c) and (d), a security interest in investment property may be perfected by filing;

(c) If the debtor is a broker or securities intermediary, a security interest in investment property is perfected when it attaches. The filing of a financing statement with respect to a security interest in investment property granted by a broker or securities intermediary has no effect for purposes of perfection or priority with respect to that security interest;

(d) If a debtor is a commodity intermediary, a security interest in a commodity contract or a commodity account is perfected when it attaches. The filing of a financing statement with respect to a security interest in a commodity contract or a commodity account granted by a commodity intermediary has no effect for purposes of perfection or priority with respect to that security interest.

(5) Priority between conflicting security interests in the same investment property is governed by the following rules:

(a) A security interest of a secured party who has control over investment property has priority over a security interest of a secured party who does not have control over the investment property;

(b) Except as otherwise provided in paragraphs (c) and (d), conflicting security interest of secured parties each of whom has control rank equally;

(c) Except as otherwise agreed by the securities intermediary, a security interest in a security entitlement or a securities account granted to the debtor's own securities intermediary has priority over any security interest granted by the debtor to another secured party;

(d) Except as otherwise agreed by the commodity intermediary, a security interest in a commodity contract or a commodity account granted to the debtor's own commodity intermediary has priority over any security interest granted by the debtor to another secured party;

(e) Conflicting security interests granted by a broker, a securities intermediary, or a commodity intermediary which are perfected without control rank equally;

(f) In all other cases, priority between conflicting security interest in investment property is governed by section 400.9-312(5), (6), and (7). Section 400.9-312(4) does not apply to investment property.

(6) If a security certificate in registered form is delivered to a secured party pursuant to agreement, a written security agreement is not required for attachment or enforceability of the security interest, delivery suffices for perfection of the security interest, and the security interest has priority over a conflicting security interest perfected by means other than control, even if a necessary indorsement is lacking.]

[400.009-116. SECURITY INTEREST ARISING IN PURCHASE OR DELIVERY OF FINANCIAL ASSET. — (1) If a person buys a financial asset through a securities intermediary in a transaction in which the buyer is obligated to pay the purchase price to the securities intermediary at the time of the purchase, and the securities intermediary credits the financial asset to the buyer's securities account before the buyer pays the securities intermediary, the securities intermediary has a security interest in the buyer's security entitlement securing the buyer's obligation to pay. A security agreement is not required for attachment or enforceability of the security interest, and the security interest is automatically perfected.

(2) If a certificated security, or other financial asset represented by a writing which in the ordinary course of business is transferred by delivery with any necessary indorsement or assignment is delivered pursuant to an agreement between persons in the business of dealing with such securities or financial assets and the agreement calls for delivery versus payment, the person delivering the certificate or other financial asset has a security interest in the certificated security or other financial asset securing the seller's right to receive payment. A security agreement is not required for attachment or enforceability of the security interest, and the security interest is automatically perfected.]

[400.009-201. GENERAL EFFECTIVENESS OF SECURITY AGREEMENT. — Except as otherwise provided by this chapter a security agreement is effective according to its terms between the parties, against purchasers of the collateral and against creditors. Nothing in this article validates any charge or practice illegal under any statute or regulation thereunder governing usury, small loans, retail installment sales, or the like, or extends the application of any such statute or regulation to any transaction not otherwise subject thereto.]

[400.009-202. TITLE TO COLLATERAL IMMATERIAL. — Each provision of this article with regard to rights, obligations and remedies applies whether title to collateral is in the secured party or in the debtor.]

[400.009-203. ATTACHMENT AND ENFORCEABILITY OF SECURITY INTEREST — PROCEEDS — SUPPORTING OBLIGATIONS — FORMAL REQUISITES. — (1) Subject to the provisions of section 400.4-208 on the security interest of a collecting bank, sections 400.9-115 and 400.9-116 on security interests in investment property, and section 400.9-113 on a security interest arising under the article on sales, a security interest is not enforceable against the debtor or third parties with respect to the collateral and does not attach unless:

(a) the collateral is in the possession of the secured party pursuant to agreement, the collateral is investment property and the secured party has control pursuant to agreement, or the debtor has signed a security agreement which contains a description of the collateral and in addition, when the security interest covers timber to be cut, a description of the land concerned;

(b) value has been given; and

(c) the debtor has rights in the collateral.

(2) A security interest attaches when it becomes enforceable against the debtor with respect to the collateral. Attachment occurs as soon as all of the events specified in subsection (1) have taken place unless explicit agreement postpones the time of attaching.

(3) Unless otherwise agreed a security agreement gives the secured party the rights to proceeds provided by section 400.9-306.

(4) A transaction, although subject to this article, is also subject to sections 365.010 to 365.160, RSMo, and sections 408.100 to 408.562, RSMo, and in the case of conflict between the provisions of this article and any such statute, the provisions of such statute control. Failure to comply with any applicable statute has only the effect which is specified therein.]

[400.009-204. AFTER-ACQUIRED PROPERTY — FUTURE ADVANCES. — (1) Except as provided in subsection (2), a security agreement may provide that any or all obligations covered by the security agreement are to be secured by after-acquired collateral.

(2) No security interest attaches under an after-acquired property clause to consumer goods other than accessions (section 400.9-314) when given as additional security unless the debtor acquires rights in them within ten days after the secured party gives value.

(3) Obligations covered by a security agreement may include future advances or other value whether or not the advances or value are given pursuant to commitment (subsection (1) of section 400.9-105).]

[400.009-205. USE OR DISPOSITION OF COLLATERAL PERMISSIBLE. — A security interest is not invalid or fraudulent against creditors by reason of liberty in the debtor to use, commingle or dispose of all or part of the collateral (including returned or repossessed goods) or to collect or compromise accounts or chattel paper, or to accept the return of goods or make repossessions or to use, commingle or dispose of proceeds, or by reason of the failure of the secured party to require the debtor to account for proceeds or replace collateral. This section does not relax the requirements of possession where perfection of a security interest depends upon possession of the collateral by the secured party or by a bailee.]

[400.009-206. SECURITY INTEREST ARISING IN PURCHASE OR DELIVERY OF FINANCIAL ASSET. — (1) Subject to any statute or decision which establishes a different rule for buyers or lessees of consumer goods, an agreement by a buyer or lessee that he will not assert against an assignee any claim or defense which he may have against the seller or lessor is enforceable by an assignee who takes his assignment for value, in good faith and without notice of a claim or defense, except as to defenses of a type which may be asserted against a holder in due course of a negotiable instrument under the article on commercial paper (article 3). A buyer who as part of one transaction signs both a negotiable instrument and a security agreement makes such an agreement.

(2) When a seller retains a purchase money security interest in goods the article on sales (article 2) governs the sale and any disclaimer, limitation or modification of the seller's warranties.]

[400.009-207. RIGHTS AND DUTIES OF SECURED PARTY HAVING POSSESSION OR CONTROL OF COLLATERAL. — (1) A secured party must use reasonable care in the custody and preservation of collateral in his possession. In the case of an instrument or chattel paper reasonable care includes taking necessary steps to preserve rights against prior parties unless otherwise agreed.

(2) Unless otherwise agreed, when collateral is in the secured party's possession

(a) reasonable expenses (including the cost of any insurance and payment of taxes or other charges) incurred in the custody, preservation, use or operation of the collateral are chargeable to the debtor and are secured by the collateral;

(b) the risk of accidental loss or damage is on the debtor to the extent of any deficiency in any effective insurance coverage;

(c) the secured party may hold as additional security any increase or profits (except money) received from the collateral, but money so received, unless remitted to the debtor, shall be applied in reduction of the secured obligation;

(d) the secured party must keep the collateral identifiable but fungible collateral may be commingled;

(e) the secured party may repledge the collateral upon terms which do not impair the debtor's right to redeem it.

(3) A secured party is liable for any loss caused by his failure to meet any obligation imposed by the preceding subsections but does not lose his security interest.

(4) A secured party may use or operate the collateral for the purpose of preserving the collateral or its value or pursuant to the order of a court of appropriate jurisdiction or, except in the case of consumer goods, in the manner and to the extent provided in the security agreement.]

[400.009-208. ADDITIONAL DUTIES OF SECURED PARTY HAVING CONTROL OF COLLATERAL. — (1) A debtor may sign a statement indicating what he believes to be the aggregate amount of unpaid indebtedness as of a specified date and may send it to the secured party with a request that the statement be approved or corrected and returned to the debtor. When the security agreement or any other record kept by the secured party identifies the collateral a debtor may similarly request the secured party to approve or correct a list of the collateral.

(2) The secured party must comply with such a request within two weeks after receipt by sending a written correction or approval. If the secured party claims a security interest in all of a particular type of collateral owned by the debtor he may indicate that fact in his reply and need not approve or correct an itemized list of such collateral. If the secured party without reasonable excuse fails to comply he is liable for any loss caused to the debtor thereby; and if the debtor has properly included in his request a good faith statement of the obligation or a list of the collateral or both the secured party may claim a security interest only as shown in the statement against persons misled by his failure to comply. If he no longer has an interest in the obligation or collateral at the time the request is received he must disclose the name and address of any successor in interest known to him and he is liable for any loss caused to the debtor as a result of failure to disclose. A successor in interest is not subject to this section until a request is received by him.

(3) A debtor is entitled to such a statement once every six months without charge. The secured party may require payment of a charge not exceeding ten dollars for each additional statement furnished.]

[400.009-301. LAW GOVERNING PERFECTION AND PRIORITY OF SECURITY INTERESTS. — (1) Except as otherwise provided in subsection (2), an unperfected security interest is subordinate to the rights of

(a) persons entitled to priority under section 400.9-312;

(b) a person who becomes a lien creditor before the security interest is perfected;

(c) in the case of goods, instruments, documents, and chattel paper, a person who is not a secured party and who is a transferee in bulk or other buyer not in ordinary course of business to the extent that he gives value and receives delivery of the collateral without knowledge of the security interest and before it is perfected;

(d) in the case of accounts, general intangibles, and investment property, a person who is not a secured party and who is a transferee to the extent that he gives value without knowledge of the security interest and before it is perfected.

(2) If the secured party files with respect to a purchase money security interest before or within twenty days after the debtor receives possession of the collateral, he takes priority over the rights of a transferee in bulk or of a lien creditor which arise between the time the security interest attaches and the time of filing.

(3) A "lien creditor" means a creditor who has acquired a lien on the property involved by attachment, levy or the like and includes an assignee for benefit of creditors from the time of assignment, and a trustee in bankruptcy from the date of the filing of the petition or a receiver in equity from the time of appointment.

(4) A person who becomes a lien creditor while a security interest is perfected takes subject to the security interest only to the extent that it secures advances made before he becomes a lien creditor or within forty-five days thereafter or made without knowledge of the lien or pursuant to a commitment entered into without knowledge of the lien.]

[400.009-302. LAW GOVERNING PERFECTION AND PRIORITY OF AGRICULTURAL LIENS.

— (1) A financing statement must be filed to perfect all security interests except the following:

(a) a security interest in collateral in possession of the secured party under section 400.9-305;

(b) a security interest temporarily perfected in instruments, certificated securities, or documents without delivery under section 400.9-304 or in proceeds for a ten-day period under section 400.9-306;

(c) a security interest created by an assignment of a beneficial interest in a trust or a decedent's estate;

(d) a purchase money security interest in consumer goods; but filing is required for a motor vehicle required to be registered; and fixture filing is required for priority over conflicting interests in fixtures to the extent provided in section 400.9-313;

(e) an assignment of accounts which does not alone or in conjunction with other assignments to the same assignee transfer a significant part of the outstanding accounts of the assignor;

(f) a security interest of a collecting bank (section 400.4-208) or in securities (section 400.8-321) or arising under the article on sales (see section 400.9-113) or covered in subsection (3) of this section;

(g) an assignment for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder;

(h) a security interest in investment property which is perfected without filing under section 400.9-115 or section 400.9-116.

(2) If a secured party assigns a perfected security interest, no filing under this article is required in order to continue the perfected status of the security interest against creditors of and transferees from the original debtor.

(3) The filing of a financing statement otherwise required by this article is not necessary or effective to perfect a security interest in property subject to

(a) a statute or treaty of the United States which provides for a national or international registration or a national or international certificate of title or which specifies a place of filing different from that specified in this article for filing of the security interests; or

(b) section 301.190, RSMo, or section 306.400, RSMo; but during any period in which collateral is inventory held for sale by a person who is in the business of selling goods of that kind, the filing provisions of this article (part 4) apply to a security interest in that collateral created by him as debtor; or

(c) a certificate of title statute of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection (subsection (2) of section 400.9-103).

(4) Compliance with a statute or treaty described in subsection (3) is equivalent to the filing of a financing statement under this article, and a security interest in property subject to the statute or treaty can be perfected only by compliance therewith, except as provided in section 400.9-103 on multiple state transactions. Duration and renewal of perfection of a security interest perfected by compliance with the statute or treaty or governed by the provisions of the statute or treaty; in other respects the security interest is subject to this article.]

[400.009-303. LAW GOVERNING PERFECTION AND PRIORITY OF SECURITY INTERESTS IN GOODS COVERED BY CERTIFICATE OF TITLE. — (1) A security interest is perfected when it has attached and when all of the applicable steps required for perfection have been taken. Such steps are specified in sections 400.9-115, 400.9-302, 400.9-304, 400.9-305 and 400.9-306. If such steps are taken before the security interest attaches, it is perfected at the time when it attaches.

(2) If a security interest is originally perfected in any way permitted under this article and is subsequently perfected in some other way under this article, without an intermediate period when it was unperfected, the security interest shall be deemed to be perfected continuously for the purposes of this article.]

[400.009-304. LAW GOVERNING PERFECTION AND PRIORITY OF SECURITY INTERESTS IN DEPOSIT ACCOUNTS. — (1) A security interest in chattel paper or negotiable documents may be perfected by filing. A security interest in the rights to proceeds of a written letter of credit can be perfected only by the secured party's taking possession of the letter of credit. A security interest in money or instruments (other than instruments which constitute part of chattel paper) can be perfected only by the secured party's taking possession, except as provided in subsections (4) and (5) of this section and subsections (2) and (3) of section 400.9-306 on proceeds.

(2) During the period that goods are in the possession of the issuer of a negotiable document therefor, a security interest in the goods is perfected by perfecting a security interest in the document, and any security interest in the goods otherwise perfected during such period is subject thereto.

(3) A security interest in goods in the possession of a bailee other than one who has issued a negotiable document therefor is perfected by issuance of a document in the name of the secured party or by the bailee's receipt of notification of the secured party's interest or by filing as to the goods.

(4) A security interest in instruments, certificated securities, or negotiable documents is perfected without filing or the taking of possession for a period of twenty-one days from the time it attaches to the extent that it arises for new value given under a written security agreement.

(5) A security interest remains perfected for a period of twenty-one days without filing where a secured party having a perfected security interest in an instrument, a certificated security, a negotiable document or goods in possession of a bailee other than one who has issued a negotiable document therefor:

(a) makes available to the debtor the goods or documents representing the goods for the purpose of ultimate sale or exchange or for the purpose of loading, unloading, storing, shipping, transshipping, manufacturing, processing or otherwise dealing with them in a manner preliminary to their sale or exchange, but priority between conflicting security interests in the goods is subject to subsection (3) of section 400.9-312; or

(b) delivers the instrument or certificated security to the debtor for the purpose of ultimate sale or exchange or of presentation, collection, renewal, or registration of transfer.

(6) After the twenty-one day period in subsections (4) and (5) perfection depends upon compliance with applicable provisions of this article.]

[400.009-305. LAW GOVERNING PERFECTION AND PRIORITY OF SECURITY INTERESTS IN INVESTMENT PROPERTY. — A security interest in letters of credit and advices of credit (subsection (2)(a) of section 400.5-116), goods, instruments, money, negotiable documents, or chattel paper may be perfected by the secured party's taking possession of the collateral. A security interest in the right to proceeds of a written letter of credit may be perfected by the secured party's taking possession of the letter of credit. If such collateral other than goods covered by a negotiable document is held by a bailee, the secured party is deemed to have possession from the time the bailee receives notification of the secured party's interest. A security interest is perfected by possession from the time possession is taken without relation back and

continues only so long as possession is retained, unless otherwise specified in this article. The security interest may be otherwise perfected as provided in this article before or after the period of possession by the secured party.]

[400.009-306. LAW GOVERNING PERFECTION AND PRIORITY OF SECURITY INTERESTS IN LETTER-OF-CREDIT RIGHTS. — (1) "Proceeds" includes whatever is received upon the sale, exchange, collection or other disposition of collateral or proceeds. Insurance payable by reason of loss or damage to the collateral is proceeds, except to the extent that it is payable to a person other than a party to the security agreement. Any payments or distributions made with respect to investment property collateral are proceeds. Money, checks, deposit accounts and the like are "cash proceeds". All other proceeds are "non-cash proceeds".

(2) Except where this article otherwise provides, a security interest continues in collateral notwithstanding sale, exchange or other disposition thereof unless the disposition was authorized by the secured party in the security agreement or otherwise provided the creditor agrees in writing, and also continues in any identifiable proceeds including collections received by the debtor.

(3) The security interest in proceeds is a continuously perfected security interest if the interest in the original collateral was perfected but it ceases to be a perfected security interest and becomes unperfected ten days after receipt of the proceeds by the debtor unless

(a) a filed financing statement covers the original collateral and the proceeds are collateral in which a security interest may be perfected by filing in the office or offices where the financing statement has been filed and, if the proceeds are acquired with cash proceeds, the description of collateral in the financing statement indicates the types of property constituting the proceeds;

(b) a filed financing statement covers the original collateral and the proceeds are identifiable cash proceeds;

(c) the original collateral was investment property and the proceeds are identifiable cash proceeds; or

(d) the security interest in the proceeds is perfected before the expiration of the ten-day period. Except as provided in this section, a security interest in proceeds can be perfected only by the methods or under the circumstances permitted in this article for original collateral of the same type.

(4) In the event of insolvency proceedings instituted by or against a debtor, a secured party with a perfected security interest in proceeds has a perfected security interest only in the following proceeds:

(a) in identifiable non-cash proceeds and in separate deposit accounts containing only proceeds;

(b) in identifiable cash proceeds in the form of money which is neither commingled with other money nor deposited in a deposit account prior to the insolvency proceedings;

(c) in identifiable cash proceeds in the form of checks and the like which are not deposited in a deposit account prior to the insolvency proceedings; and

(d) in all cash and deposit accounts of the debtor in which proceeds have been commingled with other funds, but the perfected security interest under this paragraph (d) is

(i) subject to any right of setoff; and

(ii) limited to an amount not greater than the amount of any cash proceeds received by the debtor within ten days before the institution of the insolvency proceedings less the sum of (I) the payments to the secured party on account of cash proceeds received by the debtor during such period and (II) the cash proceeds received by the debtor during such period to which the secured party is entitled under paragraphs (a) through (c) of this subsection (4).

(5) If a sale of goods results in an account or chattel paper which is transferred by the seller to a secured party, and if the goods are returned to or are repossessed by the seller or the secured party, the following rules determine priorities:

(a) If the goods were collateral at the time of sale, for an indebtedness of the seller which is still unpaid, the original security interest attaches again to the goods and continues as a perfected security interest if it was perfected at the time when the goods were sold. If the security interest was originally perfected by a filing which is still effective, nothing further is required to continue the perfected status; in any other case, the secured party must take possession of the returned or repossessed goods or must file.

(b) An unpaid transferee of the chattel paper has a security interest in the goods against the transferor. Such security interest is prior to a security interest asserted under paragraph (a) to the extent that the transferee of the chattel paper was entitled to priority under section 400.9-308.

(c) An unpaid transferee of the account has a security interest in the goods against the transferor. Such security interest is subordinate to a security interest asserted under paragraph (a).

(d) A security interest of an unpaid transferee asserted under paragraph (b) or (c) must be perfected for protection against creditors of the transferor and purchasers of the returned or repossessed goods.]

[400.009-307. LOCATION OF DEBTOR. — (1) A buyer in ordinary course of business (subsection (9) of section 400.1-201) other than a person buying farm products from a person engaged in farming operations takes free of a security interest created by his seller even though the security interest is perfected and even though the buyer knows of its existence.

(2) In the case of consumer goods and in the case of farm equipment having an original purchase price not in excess of five hundred dollars (other than fixtures, see section 400.9-313), a buyer takes free of a security interest even though perfected if he buys without knowledge of the security interest, for value and for his own personal, family or household purposes or his own farming operations unless prior to the purchase the secured party has filed a financing statement covering such goods.]

[400.009-308. WHEN SECURITY INTERESTS OR AGRICULTURE LIEN IS PERFECTED — CONTINUITY OF PERFECTION. — A purchaser of chattel paper or an instrument who gives new value and takes possession of it in the ordinary course of his business has priority over a security interest in the chattel paper or instrument

(a) which is perfected under section 400.9-304 (permissive filing and temporary perfection) or under section 400.9-306 (perfection as to proceeds) if he acts without knowledge that the specific paper or instrument is subject to a security interest; or

(b) which is claimed merely as proceeds of inventory subject to a security interest (section 400.9-306) even though he knows that the specific paper or instrument is subject to the security interest.]

[400.009-309. SECURITY INTEREST PERFECTED UPON ATTACHMENT. — Nothing in this article limits the rights of a holder in due course of a negotiable instrument (section 400.3-302) or a holder to whom a negotiable document of title has been duly negotiated (section 400.7-501) or a protected purchaser of a security (section 400.8-303) and such holders or purchasers take priority over an earlier security interest even though perfected. Filing under this article does not constitute notice of the security interest to such holders or purchasers.]

[400.009-310. WHEN FILING REQUIRED TO PERFECT SECURITY INTEREST OR AGRICULTURAL LIEN — SECURITY INTERESTS AND AGRICULTURAL LIENS TO WHICH FILING PROVISIONS DO NOT APPLY. — When a person in the ordinary course of his business furnishes services or materials with respect to goods subject to a security interest, a lien upon goods in the possession of such person given by statute or rule of law for such materials or services takes priority over a perfected security interest unless the lien is statutory and the statute expressly provides otherwise.]

[400.009-311. PERFECTION OF SECURITY INTERESTS IN PROPERTY SUBJECT TO CERTAIN STATUTES, REGULATIONS, AND TREATIES. — The debtor's rights in collateral may be voluntarily or involuntarily transferred (by way of sale, creation of a security interest, attachment, levy, garnishment or other judicial process) notwithstanding a provision in the security agreement prohibiting any transfer or making the transfer constitute a default.]

[400.009-312. PERFECTION OF SECURITY INTERESTS IN CHATTEL PAPER, DEPOSIT ACCOUNTS, DOCUMENTS, GOODS COVERED BY DOCUMENTS, INSTRUMENTS, INVESTMENT PROPERTY, LETTER-OF-CREDIT RIGHTS, AND MONEY-PERFECTION BY PERMISSIVE FILING — TEMPORARY PERFECTION WITHOUT FILING OR TRANSFER OF POSSESSION. — (1) The rules of priority stated in other sections of this part and in the following sections shall govern when applicable: section 400.4-210, with respect to the security interests of collecting banks in items being collected, accompanying documents and proceeds; section 400.9-103 on security interests related to other jurisdictions; section 400.9-114 on consignments; section 400.9-115 on security interests in investment property.

(2) A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than three months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than six months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if

(a) the purchase money security interest is perfected at the time the debtor receives possession of the inventory; and

(b) the purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory (i) before the date of the filing made by the purchase money secured party, or (ii) before the beginning of the twenty-one-day period where the purchase money security interest is temporarily perfected without filing or possession (subsection (5) of section 400.9-304); and

(c) the holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory; and

(d) the notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within twenty days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

(a) Conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) So long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subsection (5) a date of filing or perfection as to collateral is also a date of filing or perfection as to proceeds.

(7) If future advances are made while a security interest is perfected by filing, the taking of possession, or under section 400.9-115 or section 400.9-116 on investment property, the security interest has the same priority for the purposes of subsection (5) or section 400.9-115(5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.]

[400.009-313. WHEN POSSESSION BY OR DELIVERY TO SECURED PARTY PERFECTS SECURITY INTEREST WITHOUT FILING. — (1) In this section and in the provisions of part 4 of this article referring to fixture filing, unless the context otherwise requires

(a) goods are "fixtures" when they become so related to particular real estate that an interest in them arises under real estate law;

(b) a "fixture filing" is the filing in the office where a mortgage on the real estate would be filed or recorded of a financing statement covering goods which are or are to become fixtures and conforming to the requirements of subsection (5) of section 400.9-402;

(c) a mortgage is a "construction mortgage" to the extent that it secures an obligation incurred for the construction of an improvement on land including the acquisition cost of the land, if the recorded writing so indicates.

(2) A security interest under this article may be created in goods which are fixtures or may continue in goods which become fixtures, but no security interest exists under this article in ordinary building materials incorporated into an improvement on land.

(3) This article does not prevent creation of an encumbrance upon fixtures pursuant to real estate law.

(4) A perfected security interest in fixtures has priority over the conflicting interest of an encumbrancer or owner of the real estate where

(a) the security interest is a purchase money security interest, the interest of the encumbrancer or owner arises before the goods become fixtures, the security interest is perfected by a fixture filing before the goods become fixtures or within ten days thereafter, and the debtor has an interest of record in the real estate or is in possession of the real estate; or

(b) the security interest is perfected by a fixture filing before the interest of the encumbrancer or owner is of record, the security interest has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner, and the debtor has an interest of record in the real estate or is in possession of the real estate; or

(c) the fixtures are readily removable factory or office machines or readily removable replacements of domestic appliances which are consumer goods, and before the goods become fixtures the security interest is perfected by any method permitted by this article; or

(d) the conflicting interest is a lien on the real estate obtained by legal or equitable proceedings after the security interest was perfected by any method permitted by this article.

(5) A security interest in a manufactured home as defined in section 700.010, RSMo, which has been perfected pursuant to sections 700.350 to 700.390, RSMo, has priority over the conflicting interest of an encumbrancer or owner of the real estate if the security agreement was made before the manufactured home was placed upon the real estate. This subdivision shall apply only to security interests in manufactured homes which are placed on real property after August 28, 1998. This subdivision shall not prevent the use of fixture filings for manufactured homes.

(6) A security interest in fixtures, whether or not perfected, has priority over the conflicting interest of an encumbrancer or owner of the real estate where

(a) the encumbrancer or owner has consented in writing to the security interest or has disclaimed an interest in the goods as fixtures; or

(b) the debtor has a right to remove the goods as against the encumbrancer or owner. If the debtor's right terminates, the priority of the security interest continues for a reasonable time.

(7) Notwithstanding paragraph (a) of subsection (4) but otherwise subject to subsections (4), (5) and (6), a security interest in fixtures is subordinate to a construction mortgage recorded before the goods become fixtures if the goods become fixtures before the completion of the construction. To the extent that it is given to refinance a construction mortgage, a mortgage has this priority to the same extent as the construction mortgage.

(8) In cases not within the preceding subsections, a security interest in fixtures is subordinate to the conflicting interest of an encumbrancer or owner of the related real estate who is not the debtor.

(9) When the secured party has priority over all owners and encumbrancers of the real estate, he may, on default, subject to the provisions of part 5, remove his collateral from the real estate, but he must reimburse any encumbrancer or owner of the real estate who is not the debtor and who has not otherwise agreed for the cost of repair of any physical injury, but not for any diminution in value of the real estate caused by the absence of the goods removed or by any necessity of replacing them. A person entitled to reimbursement may refuse permission to remove until the secured party gives adequate security for the performance of this obligation.]

[400.009-314. PERFECTION BY CONTROL. — (1) A security interest in goods which attaches before they are installed in or affixed to other goods takes priority as to the goods installed or affixed (called in this section "accessions") over the claims of all persons to the whole except as stated in subsection (3) and subject to section 400.9-315(1).

(2) A security interest which attaches to goods after they become part of a whole is valid against all persons subsequently acquiring interests in the whole except as stated in subsection (3) but is invalid against any person with an interest in the whole at the time the security interest attaches to the goods who has not in writing consented to the security interest or disclaimed an interest in the goods as part of the whole.

(3) The security interests described in subsections (1) and (2) do not take priority over

(a) a subsequent purchaser for value of any interest in the whole; or

(b) a creditor with a lien on the whole subsequently obtained by judicial proceedings; or

(c) a creditor with a prior perfected security interest in the whole to the extent that he makes subsequent advances if the subsequent purchase is made, the lien by judicial proceedings obtained or the subsequent advance under the prior perfected security interest is made or contracted for without knowledge of the security interest and before it is perfected. A purchaser of the whole at a foreclosure sale other than the holder of a perfected security interest purchasing at his own foreclosure sale is a subsequent purchaser within this section.

(4) When under subsections (1) or (2) and (3) a secured party has an interest in accessions which has priority over the claims of all persons who have interests in the whole, he may on default subject to the provisions of part 5 remove his collateral from the whole but he must reimburse any encumbrancer or owner of the whole who is not the debtor and who has not otherwise agreed for the cost of repair of any physical injury but not for any diminution in value of the whole caused by the absence of the goods removed or by any necessity for replacing them. A person entitled to reimbursement may refuse permission to remove until the secured party gives adequate security for the performance of this obligation.]

[400.009-315. SECURED PARTY'S RIGHTS ON DISPOSITION OF COLLATERAL AND IN PROCEEDS. — (1) If a security interest in goods was perfected and subsequently the goods or a part thereof have become part of a product or mass, the security interest continues in the product or mass if

(a) the goods are so manufactured, processed, assembled or commingled that their identity is lost in the product or mass; or

(b) a financing statement covering the original goods also covers the product into which the goods have been manufactured, processed or assembled. In a case to which paragraph (b)

applies, no separate security interest in that part of the original goods which has been manufactured, processed or assembled into the product may be claimed under section 400.9-314.

(2) When under subsection (1) more than one security interest attaches to the product or mass, they rank equally according to the ratio that the cost of the goods to which each interest originally attached bears to the cost of the total product or mass.]

[400.009-316. CONTINUED PERFECTION OF SECURITY INTEREST FOLLOWING CHANGE IN GOVERNING LAW. — Nothing in this article prevents subordination by agreement by any person entitled to priority.]

[400.009-317. INTERESTS THAT TAKE PRIORITY OVER OR TAKE FREE OF SECURITY INTEREST OR AGRICULTURAL LIEN. — The mere existence of a security interest or authority given to the debtor to dispose of or use collateral does not impose contract or tort liability upon the secured party for the debtor's acts or omissions.]

[400.009-318. NO INTEREST RETAINED IN RIGHT TO PAYMENT THAT IS SOLD — RIGHTS AND TITLE OF SELLER OF ACCOUNT OR CHATTEL PAPER WITH RESPECT TO CREDITORS AND PURCHASERS. — (1) Unless an account debtor has made an enforceable agreement not to assert defenses or claims arising out of a sale as provided in section 400.9-206 the rights of an assignee are subject to

(a) all the terms of the contract between the account debtor and assignor and any defense or claim arising therefrom; and

(b) any other defense or claim of the account debtor against the assignor which accrues before the account debtor receives notification of the assignment.

(2) So far as the right to payment or a part thereof under an assigned contract has not been fully earned by performance, and notwithstanding notification of the assignment, any modification of or substitution for the contract made in good faith and in accordance with reasonable commercial standards is effective against an assignee unless the account debtor has otherwise agreed but the assignee acquires corresponding rights under the modified or substituted contract. The assignment may provide that such modification or substitution is a breach by the assignor.

(3) The account debtor is authorized to pay the assignor until the account debtor receives notification that the amount due or to become due has been assigned and that payment is to be made to the assignee. A notification which does not reasonably identify the rights assigned is ineffective. If requested by the account debtor, the assignee must seasonably furnish reasonable proof that the assignment has been made and unless he does so the account debtor may pay the assignor.

(4) A term in any contract between an account debtor and an assignor is ineffective if it prohibits assignment of an account or prohibits creation of a security interest in a general intangible for money due or to become due, or requires the account debtor's consent to such assignment or security interest.]

[400.009-401. ALIENABILITY OF DEBTOR'S RIGHTS. — (1) The proper place to file in order to perfect a security interest is as follows:

(a) when the collateral is equipment used in farming operations, or farm products, or accounts, or general intangibles arising from or relating to the sale of farm products by a farmer, or consumer goods, then in the office of the recorder of deeds in the county of the debtor's residence or if the debtor is not a resident of this state then in the office of the recorder of deeds in the county where the goods are kept, and in addition when the collateral is crops growing or to be grown in the office of the recorder of deeds in the county where the land is located;

(b) when the collateral is timber to be cut, minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 400.9-103, or when the financing statement is filed

as a fixture filing (section 400.9-313) and the collateral is goods which are or are to become fixtures, then in the office where a mortgage on the real estate concerned would be filed for record, and any such filing shall be for record;

(c) in all other cases, in the office of the secretary of state and in addition, if the debtor has a place of business in only one county of this state, also in the office of the recorder of deeds of such county, or, if the debtor has no place of business in this state, but resides in the state, also in the office of the recorder of deeds of the county in which he resides.

(2) A filing which is made in good faith in an improper place or not in all of the places required by this section is nevertheless effective with regard to any collateral as to which the filing complied with the requirements of this article and is also effective with regard to collateral covered by the financing statement against any person who has knowledge of the contents of such financing statement.

(3) A filing which is made in the proper place in this state continues effective even though the debtor's residence or place of business or the location of the collateral or its use, whichever controlled the original filing, is thereafter changed.

(4) The rules stated in section 400.9-103 determine whether filing is necessary in this state.

(5) Notwithstanding the preceding subsections, and subject to subsection (3) of section 400.9-302, the proper place to file in order to perfect a security interest in collateral, including fixtures, of a transmitting utility is the office of the secretary of state. This filing constitutes a fixture filing (section 400.9-313) as to the collateral described therein which is or is to become a fixture.

(6) For the purposes of this section, the residence of an organization is its place of business, if it has one, or its chief executive office if it has more than one place of business.]

[400.009-402. SECURED PARTY NOT OBLIGATED ON CONTRACT OF DEBTOR OR IN TORT.

— (1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 400.9-103, or when the financing statement is filed as a fixture filing (section 400.9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A carbon, photographic or other reproduction of a security agreement or a financing statement is sufficient as a financing statement if the security agreement so provides or if the original has been filed in this state.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in:

(a) collateral already subject to a security interest in another jurisdiction when it is brought into this state, or when the debtor's location is changed to this state. Such a financing statement must state that the collateral was brought into this state or that the debtor's location was changed to this state under such circumstances; or

(b) proceeds under section 400.9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral; or

(c) collateral as to which the filing has lapsed; or

(d) collateral acquired after a change of name, identity or corporate structure of the debtor (subsection (7)).

(3) A form substantially as follows is sufficient to comply with subsection (1):

Name of debtor (or assignor).....

Address

Name of secured party (or assignee).....

Address.....

1. This financing statement covers the following types (or items) of property:

(Describe).....

2. (If applicable) The above goods are to become fixtures on

Where appropriate substitute either "The above timber is standing on" or "The above minerals or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the well or mine located on"

(Describe Real Estate) and this financing statement is to be filed in the real estate records. (If the debtor does not have an interest of record) The name of a record owner is

.....

3. (If products of collateral are claimed) Products of the collateral are also covered.

(use)

whichever Signature of Debtor (or Assignee)

is)

applicable) Signature of Secured Party (or Assignee)

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this article, unless the context otherwise requires, the term "financing statement" means the original financing statement and any amendments.

(5) A financing statement covering timber to be cut or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 400.9-103, or a financing statement filed as a fixture filing (section 400.9-313) where the debtor is not a transmitting utility, must show that it covers this type of collateral, must recite that it is to be filed in the real estate records, and the financing statement must contain a description of the real estate sufficient if it were contained in a mortgage of the real estate to give constructive notice of the mortgage under the law of this state. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner.

(6) A mortgage is effective as a financing statement filed as a fixture filing from the date of its recording if (a) the goods are described in the mortgage by item or type, (b) the goods are or are to become fixtures related to the real estate described in the mortgage, (c) the mortgage complies with the requirements for a financing statement in this section other than a recital that it is to be filed in the real estate records, and (d) the mortgage is duly recorded. No fee with reference to the financing statement is required other than the regular recording and satisfaction fees with respect to the mortgage.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, limited liability company, partnership or corporate name of the debtor, whether or not it adds other trade names or the names of partners. Where the debtor so changes such debtor's name or in the case of an organization its name, identity or organizational structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless a new appropriate financing statement is filed before the expiration of that time. A financing statement shall not be deemed seriously misleading for purposes of this section by the merger, consolidation, share exchange or conversion of a debtor from one type of entity (e.g. corporation, partnership, limited partnership, limited liability company) into another and a corresponding change in the debtor's name, providing the debtor's name changes only to the extent of adding or changing the designation of the debtor's form of organization, and by way of example and not of limitation, the change from "incorporation" or "inc." to "limited liability company" or "LLC" is not seriously misleading, provided it follows the debtor's name. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading.]

[400.009-403. AGREEMENT NOT TO ASSERT DEFENSES AGAINST ASSIGNEE. — (1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this article.

(2) Except as provided in subsection (7) of this section, a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five-year period, unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against a debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of sixty days or until expiration of the five-year period, whichever occurs later. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the secured party shall give the filing officer written notice of insolvency proceedings, and failing such notice, the filing officer may act as though insolvency proceedings have not been commenced. Without regard to the secured party's compliance with this notice requirement, the security interest remains perfected until the termination of the insolvency proceedings and thereafter for a period of sixty days, or until the financing statement would otherwise have expired, whichever occurs later. Upon lapse, the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) The uniform fee for filing, indexing and furnishing filing data for a financing statement on officially approved forms shall be six dollars. The uniform fee for filing forms of a size other than officially approved by the secretary of state shall be six dollars, plus one dollar per page for attachments. The uniform fee for filing, indexing and furnishing filing data for an amendment on officially approved forms shall be four dollars. The uniform fee for filing forms of a size other than officially approved by the secretary of state shall be six dollars, plus one dollar per page for attachments.

(4) A continuation statement may be filed by the secured party within six months prior to the expiration of the five-year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 400.9-405, including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it.

(5) Except as provided in subsection (8), a filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement, or a microfilm or other photographic copy thereof, for public inspection. In addition the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(6) The uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for a continuation statement shall be four dollars if the statement is of the standard size prescribed by the secretary of state. The uniform fee for filing forms of a size other than that officially approved by the secretary of state shall be six dollars, plus one dollar per page for attachments.

(7) If the debtor is a transmitting utility (subsection (5) of section 400.9-401) and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under subsection (6) of section 400.9-402 remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(8) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 400.9-103, or is filed as a fixture filing, the filing officer shall index it under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this state provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described.]

[400.009-404. RIGHTS ACQUIRED BY ASSIGNEE — CLAIMS AND DEFENSES AGAINST ASSIGNEE.] — (1) Whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the secured party must on written demand by the debtor send the debtor a statement that he no longer claims a security interest under the financing statement, which shall be identified by file number. A termination statement signed by a person other than the secured party of record must include or be accompanied by the assignment or a statement by the secured party of record that he has assigned the security interest to the signer of the termination statement. The uniform fee for filing and indexing such an assignment or statement thereof on officially approved forms shall be four dollars. The uniform fee for filing and indexing such an assignment or statement thereof made on forms of a size other than that officially approved by the secretary of state shall be six dollars, plus one dollar per page for attachments. If the affected secured party fails to send such a termination statement within ten days after proper demand therefor he shall be liable to the debtor for one hundred dollars, and in addition for any loss caused to the debtor by such failure.

(2) On presentation to the filing officer of such a termination statement he must note it in the index. The filing officer shall remove from the files, mark "terminated" and send or deliver to the secured party the financing statement and any continuation statement, statement of assignment or statement of release pertaining thereto.

(3) No fee shall be charged for filing, indexing, sending or delivering a termination statement.]

[400.009-405. MODIFICATION OF ASSIGNED CONTRACT.] — (1) A financing statement may disclose an assignment of a security interest in the collateral described in the financing statement by indication in the financing statement of the name and address of the assignee or by an assignment itself or a copy thereof on the face or back of the statement. On presentation to the filing officer of such a financing statement the filing officer shall mark the same as provided in section 400.9-403(5). The uniform fee for filing, indexing and furnishing filing data for a financing statement so indicating an assignment on officially approved forms shall be six dollars. The uniform fee for filing forms of a size other than that officially approved by the secretary of state shall be six dollars, plus one dollar per page for attachments.

(2) A secured party may assign of record all or a part of his rights under a financing statement by the filing in the place where the original financing statement was filed of a separate written statement of assignment signed by the secured party of record and setting forth the name of the secured party of record and the debtor, the file number and the date of filing of the financing statement and the name and address of the assignee and containing a description of the collateral assigned. A copy of the assignment is sufficient as a separate statement if it complies with the preceding sentence. On presentation to the filing officer of such a separate statement, the filing officer shall mark such separate statement with the date and hour of the filing. He shall

note the assignment on the index of the financing statement, or in the case of a fixture filing, or a filing covering timber to be cut, or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of section 400.9-103, he shall index the assignment under the name of the assignor as grantor and, to the extent that the law of this state provides for indexing the assignment of a mortgage under the name of the assignee, he shall index the assignment of the financing statement under the name of the assignee. The uniform fee for filing, indexing and furnishing filing data about such a separate statement of assignment shall be four dollars if the statement is of the standard size prescribed by the secretary of state and otherwise shall be six dollars, plus one dollar per page for attachments. Notwithstanding the provisions of this subsection, an assignment of record of a security interest in a fixture contained in a mortgage effective as a fixture filing (subsection (6) of section 400.9-402) may be made only by an assignment of the mortgage in the manner provided by the law of this state other than this chapter.

(3) After the disclosure or filing of an assignment under this section, the assignee is the secured party of record.]

[400.009-406. DISCHARGE OF ACCOUNT DEBTOR — NOTIFICATION OF ASSIGNMENT — IDENTIFICATION AND PROOF OF ASSIGNMENT — RESTRICTIONS ON ASSIGNMENT OF ACCOUNTS, CHATTEL PAPER, PAYMENT INTANGIBLES AND PROMISSORY NOTES INEFFECTIVE. — A secured party of record may by his signed statement release all or a part of any collateral described in a filed financing statement. The statement of release is sufficient if it contains a description of the collateral being released, the name and address of the debtor, the name and address of the secured party, and the file number of the financing statement. A statement of release signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of section 400.9-405, including payment of the required fee. Upon presentation of such a statement of release to the filing officer he shall mark the statement with the hour and date of filing and shall note the same upon the margin of the index of the filing of the financing statement. The uniform fee for filing and noting such a statement of release shall be four dollars if the statement is of the standard size prescribed by the secretary of state and otherwise shall be six dollars, plus one dollar per page for attachments.]

[400.009-407. RESTRICTIONS ON CREATION OR ENFORCEMENT OF SECURITY INTEREST IN LEASEHOLD INTEREST OR IN LESSOR'S RESIDUAL INTEREST. — (1) If the person filing any financing statement, termination statement, statement of assignment, or statement of release, furnishes the filing officer a copy thereof, the filing officer shall upon request note upon the copy the file number and date and hour of the filing of the original and deliver or send the copy to such person.

(2) Upon request of any person, the filing officer shall issue his certificate showing whether there is on file on the date and hour stated therein, any presently effective financing statement naming a particular debtor and any statement of assignment thereof and if there is, giving the date and hour of filing of each such statement and the names and addresses of each secured party therein. The uniform fee for such a certificate shall be eight dollars. Upon request the filing officer shall issue his certificate showing a copy of all filed financing statements and statements of assignment naming a particular debtor. The uniform fee for such a certificate shall be eight dollars, plus fifty cents per page copied after ten pages.]

[400.009-408. RESTRICTIONS ON ASSIGNMENT OF PROMISSORY NOTES, HEALTH CARE INSURANCE RECEIVABLES, AND CERTAIN GENERAL INTANGIBLES INEFFECTIVE. — Notwithstanding any other provisions of this chapter, the following special provisions apply where a financing statement is required to be filed for record in the office where a mortgage on the real estate concerned would be filed for record.

(1) Any amendment, continuation statement, termination statement, statement of assignment, or statement of release incidental to such a financing statement shall be filed for record in the same office where the original financing statement is recorded.

(2) In addition to other requirements of this part of this chapter, every such statement incidental to such a financing statement shall refer to the original financing statement by book and page of the record thereof.

(3) Such financing statements and such other statements incidental thereto shall be recorded in the real estate mortgage records, and shall be indexed as real estate mortgages. If any statement shows the name of a record owner of the real estate which is other than the name of the debtor or the secured party, the statement also shall be indexed in the mortgagor index according to the name of such record owner. Such financing statements and such other statements incidental thereto are entitled to be recorded even though not proved or acknowledged and certified. Fees for recording and related services shall be the same as the fees authorized by law in the case of real estate mortgages.

(4) The recorder of deeds shall not be liable for any loss resulting from failure of the recorder to record and index a financing statement or other statement incidental thereto as a mortgage on real estate unless it is clearly evident that such recording is desired, either by written instructions endorsed on the financing statement or other statement incidental thereto directing that it be recorded and indexed as a mortgage on real estate, by payment of the recording fee, or otherwise.]

[400.009-409. RESTRICTIONS ON ASSIGNMENT OF LETTER-OF-CREDIT RIGHTS INEFFECTIVE.] — A consignor or lessor of goods may file a financing statement using the terms "consignor", "consignee", "lessor", "lessee" or the like instead of the terms specified in section 400.9-402. The provisions of this part shall apply as appropriate to such a financing statement but its filing shall not of itself be a factor in determining whether or not the consignment or lease is intended as security (section 400.1-201(37)). However, if it is determined for other reasons that the consignment or lease is so intended, a security interest of the consignor or lessor which attaches to the consigned or leased goods is perfected by such filing.]

[400.009-501. FILING OFFICE.] — (1) When a debtor is in default under a security agreement, a secured party has the rights and remedies provided in this part and except as limited by subsection (3) those provided in the security agreement. He may reduce his claim to judgment, foreclose or otherwise enforce the security interest by any available judicial procedure. If the collateral is documents the secured party may proceed either as to the documents or as to the goods covered thereby. A secured party in possession has the rights, remedies and duties provided in section 400.9-207. The rights and remedies referred to in this subsection are cumulative.

(2) After default, the debtor has the rights and remedies provided in this part, those provided in the security agreement and those provided in section 400.9-207.

(3) To the extent that they give rights to the debtor and impose duties on the secured party, the rules stated in the subsections referred to below may not be waived or varied except as provided with respect to compulsory disposition of collateral (subsection (3) of section 400.9-504 and section 400.9-505) and with respect to redemption of collateral (section 400.9-506) but the parties may by agreement determine the standards by which the fulfillment of these rights and duties is to be measured if such standards are not manifestly unreasonable:

(a) subsection (2) of section 400.9-502 and subsection (2) of section 400.9-504 insofar as they require accounting for surplus proceeds of collateral;

(b) subsection (3) of section 400.9-504 and subsection (1) of section 400.9-505 which deal with disposition of collateral;

(c) subsection (2) of section 400.9-505 which deals with acceptance of collateral as discharge of obligation;

(d) section 400.9-506 which deals with redemption of collateral; and
(e) subsection (1) of section 400.9-507 which deals with the secured party's liability for failure to comply with this part.

(4) If the security agreement covers both real and personal property, the secured party may proceed under this part as to the personal property or he may proceed as to both the real and the personal property in accordance with his rights and remedies in respect of the real property in which case the provisions of this part do not apply.

(5) When a secured party has reduced his claim to judgment the lien of any levy which may be made upon his collateral by virtue of any execution based upon the judgment shall relate back to the date of the perfection of the security interest in such collateral. A judicial sale, pursuant to such execution, is a foreclosure of the security interest by judicial procedure within the meaning of this section, and the secured party may purchase at the sale and thereafter hold the collateral free of any other requirements of this article.]

[400.009-502. CONTENTS OF FINANCING STATEMENT — RECORD OF MORTGAGE AS FINANCING STATEMENT — TIME OF FILING FINANCIAL STATEMENT. — (1) When so agreed and in any event on default the secured party is entitled to notify an account debtor or the obligor on an instrument to make payment to him whether or not the assignor was theretofore making collections on the collateral, and also to take control of any proceeds to which he is entitled under section 400.9-306.

(2) A secured party who by agreement is entitled to charge back uncollected collateral or otherwise to full or limited recourse against the debtor and who undertakes to collect from the account debtors or obligors must proceed in a commercially reasonable manner and may deduct his reasonable expenses of realization from the collections. If the security agreement secures an indebtedness, the secured party must account to the debtor for any surplus, and unless otherwise agreed, the debtor is liable for any deficiency. But, if the underlying transaction was a sale of accounts or chattel paper, the debtor is entitled to any surplus or is liable for any deficiency only if the security agreement so provides.]

[400.009-503. NAME OF DEBTOR AND SECURED PARTY. — Unless otherwise agreed a secured party has on default the right to take possession of the collateral. In taking possession a secured party may proceed without judicial process if this can be done without breach of the peace or may proceed by action. If the security agreement so provides the secured party may require the debtor to assemble the collateral and make it available to the secured party at a place to be designated by the secured party which is reasonably convenient to both parties. Without removal a secured party may render equipment unusable, and may dispose of collateral on the debtor's premises under section 400.9-504.]

[400.009-504. INDICATION OF COLLATERAL. — (1) A secured party after default may sell, lease or otherwise dispose of any or all of the collateral in its then condition or following any commercially reasonable preparation or processing. Any sale of goods is subject to the article on sales (article 2). The proceeds of disposition shall be applied in the order following to

(a) the reasonable expenses of retaking, holding, preparing for sale or lease, selling or leasing and the like and, to the extent provided for in the agreement and not prohibited by law, the reasonable attorney fees and legal expenses incurred by the secured party;

(b) the satisfaction of indebtedness secured by the security interest under which the disposition is made;

(c) the satisfaction of indebtedness secured by any subordinate security interest in the collateral if written notification of demand therefor is received before distribution of the proceeds is completed. If requested by the secured party, the holder of a subordinate security interest must seasonably furnish reasonable proof of his interest, and unless he does so, the secured party need not comply with his demand.

(2) If the security interest secures an indebtedness, the secured party must account to the debtor for any surplus, and, unless otherwise agreed, the debtor is liable for any deficiency. But if the underlying transaction was a sale of accounts or chattel paper, the debtor is entitled to any surplus or is liable for any deficiency only if the security agreement so provides.

(3) Disposition of the collateral may be by public or private proceedings and may be made by way of one or more contracts. Sale or other disposition may be as a unit or in parcels and at any time and place and on any terms but every aspect of the disposition including the method, manner, time, place and terms must be commercially reasonable. Unless collateral is perishable or threatens to decline speedily in value or is of a type customarily sold on a recognized market, reasonable notification of the time and place of any public sale or reasonable notification of the time after which any private sale or other intended disposition is to be made shall be sent by the secured party to the debtor. If he has not signed after default a statement renouncing or modifying his right to notification of sale, but no such statement shall be effective in the case of consumer goods. In the case of consumer goods, no other notification need be sent. In other cases, notification shall be sent to any other secured party from whom the secured party has received (before sending his notification to the debtor) written notice of a claim of an interest in the collateral. The secured party may buy at any public sale and if the collateral is of a type customarily sold in a recognized market or is of a type which is the subject of widely distributed standard price quotations he may buy at private sale.

(4) When collateral is disposed of by a secured party after default, the disposition transfers to a purchaser for value all of the debtor's rights therein, discharges the security interest under which it is made and any security interest or lien subordinate thereto. The purchaser takes free of all such rights and interests even though the secured party fails to comply with the requirements of this part or of any judicial proceedings

(a) in the case of a public sale, if the purchaser has no knowledge of any defects in the sale and if he does not buy in collusion with the secured party, other bidders or the person conducting the sale; or

(b) in any other case, if the purchaser acts in good faith.

(5) A person who is liable to a secured party under a guaranty, endorsement, repurchase agreement or the like and who receives a transfer of collateral from the secured party or is subrogated to his rights has thereafter the rights and duties of the secured party. Such a transfer of collateral is not a sale or disposition of the collateral under this article.]

[400.009-505. FILING AND COMPLIANCE WITH OTHER STATUTES AND TREATIES FOR CONSIGNMENTS, LEASES, OTHER BAILMENTS, AND OTHER TRANSACTIONS. — (1) If the debtor has paid sixty percent of the cash price in the case of a purchase money security interest in consumer goods or sixty percent of the loan in the case of another security interest in consumer goods, and has not signed after default a statement renouncing or modifying his rights under this part a secured party who has taken possession of collateral must dispose of it under section 400.9-504 and if he fails to do so within ninety days after he takes possession the debtor at his option may recover in conversion or under section 400.9-507(1) on secured party's liability.

(2) In any other case involving consumer goods or any other collateral a secured party in possession may, after default, propose to retain the collateral in satisfaction of the obligation. Written notice of such proposal shall be sent to the debtor. Except in cases of consumer goods, notice shall be sent to any other secured party from whom the secured party has received (before sending his notice to the debtor) written notice of a claim of an interest in the collateral. If the secured party receives objection in writing from a person entitled to receive notification within twenty-one days after the notice was sent, the secured party must dispose of the collateral under section 400.9-504. In the absence of such written objection the secured party may retain the collateral in satisfaction of the debtor's obligation.]

[400.009-506. EFFECT OF ERRORS OR OMISSIONS.] — At any time before the secured party has disposed of collateral or entered into a contract for its disposition under section 400.9-504 or before the obligation has been discharged under section 400.9-505(2) the debtor or any other secured party may unless otherwise agreed in writing after default redeem the collateral by tendering fulfillment of all obligations secured by the collateral as well as the expenses reasonably incurred by the secured party in retaking, holding and preparing the collateral for disposition, in arranging for the sale, and to the extent provided in the agreement and not prohibited by law, his reasonable attorney fees and legal expenses.]

[400.009-507. EFFECT OF CERTAIN EVENTS ON EFFECTIVENESS OF FINANCING STATEMENT.] — (1) If it is established that the secured party is not proceeding in accordance with the provisions of this part disposition may be ordered or restrained on appropriate terms and conditions. If the disposition has occurred the debtor or any person entitled to notification or whose security interest has been made known to the secured party prior to the disposition has a right to recover from the secured party any loss caused by a failure to comply with the provisions of this part. If the collateral is consumer goods, the debtor has a right to recover in any event an amount not less than the credit service charge plus ten percent of the principal amount of the debt or the time price differential plus ten percent of the cash price.

(2) The fact that a better price could have been obtained by a sale at a different time or in a different method from that selected by the secured party is not of itself sufficient to establish that the sale was not made in a commercially reasonable manner. If the secured party either sells the collateral in the usual manner in any recognized market therefor or if he sells at the price current in such market at the time of his sale or if he has otherwise sold in conformity with reasonable commercial practices among dealers in the type of property sold he has sold in a commercially reasonable manner. The principles stated in the two preceding sentences with respect to sales also apply as may be appropriate to other types of disposition. A disposition which has been approved in any judicial proceeding or by any bona fide creditors' committee or representative of creditors shall conclusively be deemed to be commercially reasonable, but this sentence does not indicate that any such approval must be obtained in any case nor does it indicate that any disposition not so approved is not commercially reasonable.]

[400.009-508. EFFECTIVENESS OF FINANCING STATEMENT IF NEW DEBTOR BECOMES BOUND BY SECURITY AGREEMENT.] — The secretary of state may collect an additional fee of five dollars on each and every fee paid to the secretary of state as required in chapter 400.9. All fees collected as provided in this section shall be deposited in the state treasury and credited to the secretary of state's technology trust fund account.]

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to ensure the efficient operation of business procedures regulated by the secretary of state in this state, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect on July 1, 2001.

Notwithstanding the foregoing, the service retirement allowance of a member who does not earn any creditable service after August 11, 1999, shall not exceed an amount equal to seventy percent of the member's average final compensation, and the service retirement allowance of a member who earns creditable service on or after August 12, 1999, shall not exceed an amount equal to seventy-five percent of the member's average final compensation; **provided, however, that the service retirement allowance of a member who is participating in the DROP pursuant to section 86.251 on August 12, 1999, who returns to active participation in the system pursuant to section 86.251, and who terminates employment as a police officer and actually retires for reasons other than death or disability before earning at least two years of creditable service after such return shall be the sum of (1) the member's service retirement allowance as of the date the member entered DROP and (2) an additional service retirement allowance based solely on the creditable service earned by the member following the member's return to active participation. The member's total years of creditable service shall be taken into account for the purpose of determining whether the additional allowance attributable to such additional creditable service is two percent, four percent or five percent of the member's average final compensation.**

2. If, at any time since first becoming a member of the retirement system, the member has served in the armed forces of the United States, and has subsequently been reinstated as a policeman within ninety days after the member's discharge, the member shall be granted credit

In no event shall the increase described under this subsection be applied to the amount, if any, paid to a member or surviving spouse of a deceased member for services as a special consultant under subsection 5 of this section or, if applicable, subsection 6 of this section. If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. No annual increase shall be made of less than one percent and no decrease of less than three percent except that any decrease may be limited in amount by the initial benefit.

2. For the purposes of this section, "commencement of benefits" shall begin, for any benefit, at such time as all requirements have been met entitling the member to a payment of such benefit at the next following payment date, disregarding advance notice periods required by any paying agent for physical preparation of the payment, so that a member who dies between the date all such requirements are met and the date when the system would have delivered such member's initial payment shall be deemed to have commenced such benefit.

3. If there is no person qualified to receive a pension as a surviving spouse or if a surviving spouse dies, the total amount which would be received by a qualified surviving spouse or which is being received by the surviving spouse at the date of death of such surviving spouse shall be added to the amounts received by and shall be divided among the children under the age of

eighteen years and the incapacitated children in equal shares. As each child attains the age of eighteen years or has such incapacity removed, the total of the surviving spouse's pension shall then be added to and divided among the remaining children, and when there is only one child under the age of eighteen years or incapacitated, whether such child is the sole surviving child of the member or the youngest child of several children, the total amount of the surviving spouse's pension shall be paid to the child until such child reaches the age of eighteen years or such incapacity is removed.

4. (1) The surviving spouse of a member who retired or died prior to August 28, 1997, shall not be entitled to receive benefits or the payment of a pension pursuant to sections 86.370 to 86.497 unless marriage to the member occurred at least two years before the member's retirement or at least two years before the death of the member while in service; provided, that no benefits shall be denied pursuant to this subsection to the surviving spouse of a member whose death occurred in the line of duty or from an occupational disease arising out of and in the course of the member's employment.

(2) No surviving spouse of a member who retired or died while in service after August 28, 1997, and before August 28, 2000, shall be entitled to receive any benefits pursuant to this section unless such spouse was married to the member at the time of the member's retirement or death while in service.

(3) Any surviving spouse who would qualify for benefits pursuant to subdivision (1) or (2) of this subsection and who has not remarried prior to August 28, 2000, but remarries thereafter, shall upon application to the retirement board be appointed by the retirement board as a special consultant on the problems of retirement, aging and other matters, and upon request of the retirement board shall give opinions and be available to give opinions in writing or orally in response to such requests, as may be required. For such services, such surviving spouse shall be compensated in an amount equal to the benefits such spouse would have received pursuant to sections 86.370 to 86.497 in the absence of such remarriage.

(4) No surviving spouse of a member who retires or dies in service after August 28, 2000, shall be entitled to receive any benefits pursuant to sections 86.370 to 86.497 unless such spouse was married to the member at the time of the member's retirement or death in service. Any surviving spouse who was married to such a member at the time of the member's retirement or death in service shall be entitled to all benefits for surviving spouses pursuant to sections 86.370 to 86.497 for the life of such surviving spouse without regard to remarriage.

5. If no benefits are otherwise payable to a surviving spouse or child of a deceased member, the member's accumulated contributions, to any extent not fully paid to such member prior to the member's death or to the surviving spouse or child of such member, shall be paid in one lump sum to the member's named beneficiary or, if none, to the member's estate.

6. For purposes of this section, a determination of whether a child of a member is physically or mentally incapacitated from wage earning so that the child is entitled to benefits under this section shall be made at the time of the member's death. If a child becomes incapacitated after the member's death, or if a child's incapacity existing at the member's death is removed and such child later becomes incapacitated again, such child shall not be entitled to benefits as an incapacitated child under the provisions of this section. A child shall be deemed incapacitated only for so long as the incapacity existing at the time of the member's death continues.

7. Any beneficiary of benefits pursuant to sections 86.600 to 86.790 who becomes the surviving spouse of more than one member shall be paid all benefits due a surviving spouse of that member whose entitlements produce the largest surviving spouse benefits for such beneficiary but shall not be paid surviving spouse benefits as the surviving spouse of more than one member.

86.450. ACCIDENTAL DISABILITY PENSION — PERIODICAL EXAMINATIONS — EFFECT OF EARNINGS. — 1. Any member who is permanently unable to perform the full and unrestricted duties of a police officer as the natural, proximate and exclusive result of an accident

The inability to perform the full and unrestricted duties of a police officer means that the member is unable to perform all the essential job functions for the position of police officer as established by the board of police commissioners.

2. Upon such retirement, a member shall receive a pension equal to [sixty] **seventy-five** percent of his or her final compensation for so long as the permanent disability shall continue, during which time such member shall for purposes of this section be referred to as a disability beneficiary. Such pension may be subject to offset or reduction under section 86.460 by amounts paid or payable under any workers' compensation law.

3. Once each year during the first five years following his or her retirement, and at least once in every three-year period thereafter, the retirement board may, and upon the member's application shall, require any disability beneficiary who has not yet attained the age of sixty years, to undergo a medical examination at a place designated by the medical board or some member thereof. If any disability beneficiary who has not attained the age of sixty years refuses to submit to a medical examination his or her disability pension may be discontinued until his or her withdrawal of such refusal, and if his or her refusal continues for one year, all rights in and to such pension may be revoked by the retirement board.

4. If one or more members of the medical board certify to the retirement board that a disability beneficiary is able to perform the full and unrestricted duties of a police officer, and if the retirement board concurs on the report, then such beneficiary's disability pension shall cease.

5. If upon cessation of a disability pension pursuant to subsection 4 of this section, the former disability beneficiary is restored to active service, he or she shall again become a member, and he or she shall contribute thereafter at the same rate as other members. Upon his or her subsequent retirement, he or she shall be credited with all his or her service as a member, including any years in which such disability beneficiary received a disability pension pursuant to this section.

If any nonduty disability beneficiary who has not attained the age of sixty years refuses to submit to a medical examination his or her nonduty disability pension may be discontinued until his or her withdrawal of such refusal, and if his or her refusal continues for one year, all rights in and to such pension may be revoked by the retirement board.

No investment transaction authorized by the retirement board shall be handled by any company or firm in which a member of the board has an interest, nor shall any member of the board profit directly or indirectly from any such investment. All investments shall be made for the account of the retirement system, and any securities or other properties obtained by the retirement board may be held by a custodian in the name of the retirement system, or in the name of a nominee in order to facilitate the expeditious transfer of such securities or other properties. Such securities or other properties may be held by such custodian in bearer form or in book entry form. All bonds or securities acquired and held by the retirement board shall be kept in a safe-deposit box, and access thereto shall be had only by the secretary and treasurer, jointly; except that, the retirement board may contract with a bank or trust company to act as the custodian of the bonds and securities, in which case the retirement board may authorize [its secretary and treasurer, jointly,] **such custodian bank or trust company** to order purchases, loans or sales of investments by such custodian bank or trust company, **and may also appoint one or more investment managers to manage investments of the retirement pension system and in the course of such management to order purchases, loans or sales of investments by such custodian bank or trust company, subject to such limitations, reporting requirements and other terms and restrictions as the retirement board may include in the terms of each such appointment**.

3. Any employee described in subsection 2 of this section may establish creditable service for purposes of calculating such employee's pension under sections 86.600 to 86.790 for all years of such employee's employment by such police department, by paying as an employee contribution to the retirement system, on or before August 13, 1991, a single sum equal to the aggregate amount of contributions, without interest, which would have been deducted from such employee's compensation for all years pursuant to section 86.760 if such employee had not been proscribed from participation.

Should a terminated member choose to withdraw his **or her** contributions, his **or her** membership in the retirement system shall cease, and he **or she** shall forfeit all rights to any other benefits under the system arising from his **or her** service to date of termination. The following shall apply to members described in this subsection:

(1) If such member retires after August 28, 1999, and allows such member's contributions to remain in the fund, such member shall be entitled to receive a pension upon such member's normal retirement date pursuant to section 86.650 or may elect to receive a pension commencing upon or after any date, prior to his **or her** normal retirement date, upon which early retirement would have been permitted pursuant to section 86.660 if such member had remained a civilian employee of such police department, except that in calculating any qualification pursuant to section 86.660, such member shall not be entitled to count any year of creditable service in excess of such member's total years of creditable service at the time of such member's termination of employment. 86.671. OFFSETS TO WORKERS' COMPENSATION PAYMENTS — RULEMAKING AUTHORIZED — MEMBER'S PERCENTAGE DEFINED. — 1. Any period payment, excluding payments for medical treatment, which may be paid or payable by the cities pursuant to the provisions of any workers' compensation or similar law to a member or to the dependents of a member on account of any disability or death shall be offset against any benefits payable to the recipient of the workers' compensation payments from funds provided by the cities pursuant to the provisions of sections 86.600 to 86.790 on account of the same disability or death. In no event, however, shall the amount paid from funds pursuant to the provisions of sections 86.600 to 86.790 be less than the amount which represents the member's percentage, as defined in subsection 4 of this section, of total benefits payable pursuant to sections 86.600 to 86.790, before any offset for workers' compensation benefits.

2. Any lump sum amount, excluding payments for medical treatments, which may be paid or payable by the cities pursuant to the provisions of any workers' compensation or similar law to a member or to the dependents of a member on account of any disability or death shall be offset against any benefits payable from funds provided by the cities pursuant to the provisions of sections 86.600 to 86.790 on account of the same disability or death. The amounts by which each periodic payment made pursuant to the provisions of sections 86.600 to 86.790 is offset or reduced shall be computed as the periodic amount necessary to amortize as an annuity over the period of time represented by the respective workers' compensation benefits the total amount of the lump sum settlement received as a workers' compensation benefit by a beneficiary of the retirement system. Such computation shall be based upon the same interest rate and mortality assumptions as used for the retirement system at the time of such computation. In no event, however, shall the amount paid from funds pursuant to the provisions of sections 86.600 to 86.790 be less than the amount which represents the member's percentage, as defined in subsection 4 of this section, of total benefits payable pursuant to sections 86.600 to 86.790, before any offset for workers' compensation benefits.

3. The retirement board shall adopt such rules and regulations as may be necessary to effectuate the purposes of this section.

4. As used in this section, the term "member's percentage" shall be the fraction of which the numerator is the percentage of compensation contributed by a working member to the retirement pension system pursuant to section 86.760 during the pay period immediately preceding such member's death or disability which created entitlement to benefits and the denominator is the sum of percentages of a member's compensation contributed by a working member and the city pursuant to section 86.760 to the retirement pension system during such pay period. Such percentage shall identify the portion of any benefits due pursuant to the provisions of sections 86.600 to 86.790 which is deemed to have been provided by the member's own contributions.

86.675. COST-OF-LIVING ADJUSTMENT — TERMS DEFINED. — 1. Any member, as defined in subsection 4 of this section, who is entitled to a pension under sections 86.600 to 86.790 may receive, in addition to such member's base pension, a cost-of-living adjustment in an amount not to exceed three percent of such base pension during any one year, provided that the retirement system shall remain actuarially sound. The determination of whether the retirement system will remain actuarially sound shall be made at the time such cost-of-living adjustment is granted. If at any time the retirement system becomes actuarially unsound, pension payments shall continue as adjusted by increases theretofore granted. A member of the retirement board shall have no personal liability for granting increases under this subsection if that retirement board member in good faith relied and acted upon advice of a qualified actuary that the retirement system would remain actuarially sound.

2. The cost-of-living adjustment provided by this section shall be an increase or decrease computed on the base pension amount by the retirement board in an amount that the board, in its discretion, determines to be satisfactory, but in no event shall the adjustment be more than three percent or reduce the pension to an amount less than the base pension.

3. In determining and granting the cost-of-living adjustments provided by this section, the retirement board shall adopt such rules and regulations as may be necessary to effectuate the purposes of this section, including provisions for the manner of computation of such adjustments and the effective dates thereof. The retirement board shall provide for such adjustments to be determined once each year and granted on a date or dates to be chosen by the board, and may apply such adjustments in full to members who have retired during the year prior to such adjustments but who have not been retired for one full year.

4. As used in this section, the term "base pension" shall mean the pension computed under the provisions of the law as of the date of retirement of the member without regard to cost-of-living adjustment. As used in this section, the term "member" shall include:

- (1) A surviving spouse [who has not remarried:] **without regard to remarriage; and**
- (2) [Any children of a member who are entitled to receive part or all of the pension which would be received by a surviving spouse who had not remarried or died; and
- (3) A surviving spouse (whether or not remarried)] **A surviving spouse, without regard to remarriage**, who is receiving an optional annuity pursuant to an election pursuant to subsection 2 of section 86.650.

5. If a member who has been retired and receiving a pension dies after August 28, 2001, the surviving spouse of such member entitled to receive a base pension pursuant to section 86.690 shall also receive a percentage cost-of-living adjustment to his or her respective base pension equal to the total percentage cost-of-living adjustments received during such member's lifetime pursuant to this section.

86.690. DEATH OF MEMBER PRIOR TO RETIREMENT, PAYMENTS MADE, HOW. — 1. Upon death **after August 28, 2001**, of a member for any cause prior to retirement, the following amounts shall be payable **subject to subsection 5 of this section**, as full and final settlement of any and all claims for benefits under this retirement system:

(1) If the member has less than five years of creditable service, the member's surviving spouse shall be paid, in a lump sum, the amount of accumulated contributions and interest. If there be no surviving spouse, payment shall be made to the member's designated beneficiary, or if none, to the executor or administrator of the member's estate.

(2) If the member has at least five, but less than twenty years of creditable service, the member's surviving spouse may elect, in lieu of the lump sum settlement in subdivision (1) of this subsection, an annuity. Such annuity shall be one-half of the member's accrued annuity at date of death as computed in section 86.650. The effective date of the election shall be the latter of the first day of the month after the member's death or attainment of what would have been the member's early retirement date as provided in section 86.660.

(3) If the member has at least twenty years of creditable service, the member's surviving spouse may elect, in lieu of the lump sum settlement in subdivision (1) of this subsection, the larger of the annuity as computed in subdivision (2) of this subsection or an annuity determined on a joint and survivor's basis from the actuarial value of the member's accrued annuity at date of death.

(4) Any death of a retired member occurring before the date of first payment of the retirement annuity shall be deemed to be a death before retirement.

(5) [Should a surviving spouse remarry, benefits from this retirement system shall cease as of the first day of the month following such remarriage] **Benefits payable pursuant to this section shall continue for the lifetime of such surviving spouse without regard to remarriage.**

(6) **No surviving spouse of a member who dies in service after August 28, 2001, shall be entitled to receive any benefits pursuant to sections 86.600 to 86.790 unless such spouse was married to the member at the time of the member's death in service.**

2. Upon death **following retirement for any cause after August 28, 2001**, of a member [following retirement for any cause] **who has not elected the optional annuity pursuant to section 86.650**, the member's surviving spouse shall receive a pension payable for life, [or until the first day of the month following remarriage,] equaling one-half of the member's normal retirement allowance, computed under section 86.650, as of the member's actual retirement date, **subject to adjustments provided in subsection 5 of section 86.675, if any; provided, no surviving spouse of a member who retires after August 28, 2001, shall be entitled to receive any benefits pursuant to sections 86.600 to 86.790 unless such spouse was married to the member at the time of the member's retirement. Any surviving spouse who was married to such a member at the time of the member's retirement shall be entitled to all benefits for surviving spouses pursuant to sections 86.600 to 86.790 for the life of such surviving spouse without regard to remarriage.** If there be no surviving spouse, payment of

the member's accumulated contributions less the amount of any prior payments from the retirement system to the member or to any beneficiary of the member shall be made to the member's designated beneficiary or, if none, to the personal representative of the member's estate.

3. Any surviving spouse of a member who dies in service or retired prior to August 28, 2001, who otherwise qualify for benefits pursuant to subsection 1 or 2 of this section and who has not remarried prior to August 28, 2001, but remarries thereafter, shall upon application to the retirement board be appointed by the retirement board as a special consultant on the problems of retirement, aging and other matters, and upon request of the retirement board shall give opinions in writing or orally in response to such requests, as may be required. For such services, such surviving spouse shall be compensated in an amount equal to the benefits such spouse would have received pursuant to sections 86.600 to 86.790 in the absence of such remarriage.

4. Should the total amount paid from the retirement system to a member, the member's surviving spouse and any other beneficiary of the member be less than the member's accumulated contributions, an amount equal to such difference shall be paid to the member's designated beneficiary or, if none, to the personal representative of the member's estate, and such payment shall constitute full and final payment of any and all claims for benefits under the retirement system.

5. Any beneficiary of benefits pursuant to sections 86.600 to 86.790 who becomes the surviving spouse of more than one member shall be paid all benefits due a surviving spouse of that member whose entitlements produce the largest surviving spouse benefits for such beneficiary but shall not be paid surviving spouse benefits as the surviving spouse of more than one member, except that any surviving spouse for whom an election has been made for an optional annuity under subsection 2 of section 86.650 shall be entitled to every annuity for which such surviving spouse has so contracted.

86.750. BOARD SHALL BE TRUSTEES OF FUNDS — POWERS AND DUTIES. — 1. The retirement board shall act as trustee of the funds created by or collected pursuant to the provisions of sections 86.600 to 86.790. With appropriate safeguards against loss by the retirement system, the board may designate one or more banks or trust companies to serve as a depository of retirement system funds and intermediary in the investment of those funds and payment of system obligations. The board shall promptly deposit the funds with any such designated bank or trust company.

2. The retirement board shall have power, in the name and on behalf of the retirement pension system, to purchase, acquire, hold, invest, lend, lease, sell, assign, transfer and dispose of all property, rights, and securities, and enter into written contracts, all as may be necessary or proper to carry out the provisions of sections 86.600 to 86.790. No investment transaction authorized by the retirement board shall be handled by any company or firm in which a member of the board has an interest, nor shall any member of the board profit directly or indirectly from any such investment. All investments shall be made for the account of the retirement system, and any securities or other properties obtained by the retirement board may be held by the custodian in the name of the retirement system, or in the name of the nominee in order to facilitate the expeditious transfer of such securities or other property. Such securities or other properties may be held by such custodian in bearer form or in book entry form. The retirement system is further authorized to deposit, or have deposited for its account, eligible securities in a central depository system or clearing corporation or in a federal reserve bank under a book entry system as defined in the uniform commercial code, sections 400.8-102 and 400.8-109, RSMo. When such eligible securities of the retirement system are so deposited with the central depository system they may be merged and held in the name of the nominee of such securities depository and title to such securities may be transferred by bookkeeping entry on the books of such securities depository or federal reserve bank without physical delivery of the certificates or documents representing such securities.

3. The income from investments shall be credited [at least annually] to the funds of the retirement system **at frequent intervals satisfactory to the retirement board**. All payments from the funds shall be made by the bank or trust company only upon orders signed by the secretary and treasurer of the retirement board, **except as otherwise provided in this section**. No order shall be drawn unless it shall have previously been allowed by **a specific or an ongoing generalized** resolution of the retirement board. In the case of payments for **benefits, services, supplies or similar items** in the ordinary course of business, such board resolutions may be ongoing generalized authorizations, provided that each payment **other than payments to members or beneficiaries for benefits** shall be reported to the board at its next following meeting and shall be subject to ratification and approval by the board. All bonds or securities acquired and held by the retirement board shall be kept in a safe-deposit box, and access thereto shall be had only by the secretary and treasurer, jointly; except that, the retirement board may contract with a bank or trust company to act as a custodian of the bonds and securities, in which case the retirement board may authorize [its secretary and treasurer, jointly,] **such custodian bank or trust company** to order purchases, loans or sales of investments by such custodian bank or trust company, **and may also appoint one or more investment managers to manage investments of the retirement pension system and in the course of such management to order purchases, loans or sales of investments by such custodian bank or trust company, subject to such limitations, reporting requirements and other terms and restrictions as the retirement board may include in the terms of each such appointment.**

Neither such funds, nor the right of any person to a benefit accruing pursuant to the provisions of sections 86.600 to 86.790** shall [not] be subject to execution, garnishment, attachment, or to any other process whatsoever and the right shall be unassignable except as specifically provided in sections 86.600 to 86.790 and except for court orders or assignments approved by a court to provide support for family members or a former spouse of any person entitled to benefits under sections 86.600 to 86.790. A revocable request or authorization by a member or a beneficiary to withhold and apply for the requester's convenience some portion or all of a benefit payment, such as a request to apply some portion of a benefit payment to a medical insurance premium, shall not be deemed an assignment prohibited pursuant to this section provided that any such request shall remain revocable at all times except as to payments or withholdings effected prior to any such revocation. The retirement system may, but shall not be obligated to, comply with any such request.

(1) Any member may retire upon the member's written application to the board of trustees setting forth at what time, not less than thirty days nor more than ninety days subsequent to the execution and filing therefor, the member desires to be retired, if the member at the time so specified for such member's retirement has twenty-five years or more of service; except that a member who ceases to be a [fireman] **firefighter** after twenty years or more of service may retire prior to the twenty-five years of service with a retirement allowance based on the member's years of service;

(2) Any member in service upon attaining the age of sixty, if qualifying for a service retirement allowance equal to seventy-five percent of the average final compensation, shall be retired forthwith; except that with respect to any member, the board shall not retire such member when the member attains sixty years of age or more merely because the member has attained that age unless the member so requests or the member has completed thirty or more years of service, even if a portion of such service is not creditable service pursuant to participation in the deferred retirement option plan prescribed by section 87.182;

(3) Any member who qualifies for a service retirement allowance of seventy-five percent or over and has not attained sixty years of age may be retained as a member until sixty years of age, with no increase in retirement allowance.

States and those of a foreign power, and is subsequently reinstated as a [fireman] **firefighter** within ninety days after his **or her** discharge, [he] **the member** shall be granted credit for such service as if his **or her** service in the fire department of the city had not been interrupted by his **or her** induction into the armed forces of the United States, and as if [he] **the member** had made the required contributions during such service. If earnable compensation is needed for such period in computation of benefits it shall be calculated on the basis of the compensation payable to the officers of his **or her** rank during the period of his **or her** absence.

87.205. ACCIDENTAL DISABILITY RETIREMENT ALLOWANCE. — 1. Upon retirement for accidental disability, a member shall receive seventy-five percent of the pay then provided by law for the highest step in the range of salary for the title or rank held by such member at the time of such retirement unless the member is permanently and totally incapacitated from performing any work, occupation or vocation of any kind whatsoever and is continuously confined to the member's home except for visits to obtain medical treatment, in which event the member may receive, in the discretion of the board of trustees, a retirement allowance in an amount not exceeding the member's rate of compensation as a [fireman] **firefighter** in effect as of the date the allowance begins.

If his **or her** earning capacity is later changed, the amount of his **or her** retirement may be further modified. If any such disability beneficiary is found by such medical board to be able to engage in the occupation of [fireman] **firefighter**, his **or her** retirement allowance shall not cease until he **or she** is restored to active service at the position and title held by such disability beneficiary at the time such disability occurred.

2. If a disability beneficiary is restored to active service, his **or her** retirement allowance shall cease and he **or she** shall again become a member. His **or her** creditable service at the time of his **or her** retirement shall be restored to full force and effect and in addition, upon his **or her** subsequent retirement, he **or she** shall be credited with all his **or her** additional service as a member, and if his **or her** then average final compensation is less than the average final compensation used in determining his **or her** disability benefits, the latter amount shall be used in determining benefits. In addition, an accident disabled member restored to active service shall be credited with all the time he **or she** has served as a beneficiary.

87.237. RETIREE TO BECOME SPECIAL ADVISOR, WHEN, COMPENSATION. — 1. Any person who served as a [fireman] **firefighter** and who is retired and receiving a retirement allowance of less than one hundred percent of the federal poverty level for a single person as set and updated by the United States Department of Health and Human Services or its successor agency may act as a special advisor to the retirement system.

2. For the additional service as a special advisor, each retired person shall receive, in addition to the retirement allowance provided [under] **pursuant to** this chapter, an additional amount, which amount, together with the retirement allowance he **or she** is receiving [under]

pursuant to other provisions of this chapter, shall equal, but not exceed, one hundred percent of the federal poverty level for a single person as set and updated by the United States Department of Health and Human Services or its successor agency. Any retirement allowance paid to a retiree **[under] pursuant to** this subsection shall be withdrawn from the **[firemen's] firefighters'** retirement and relief system fund and no moneys shall be withdrawn from the general revenue fund of any city not within a county.

87.240. 87.288. RETIRED FIREFIGHTER NOT RECEIVING COST-OF-LIVING BENEFIT, SPECIAL CONSULTANT — COMPENSATION, AMOUNT. — 1. Any person who served as a **[fireman] firefighter** who is retired and not receiving a cost-of-living benefit and any **[widow] surviving spouse** or dependent child receiving retirement benefits, but not receiving a cost-of-living benefit shall be made, constituted, and appointed as a special consultant on the problems of retirement, aging, and other state matters, and be available to give opinion in writing or orally, in response to such requests as may be required and for such services shall be compensated annually in accordance with the provisions of subsection 2 of this section.

2. Effective September 1, 1996, and annually thereafter, one-half of the annual interest earned in the future benefits fund created **[under] pursuant to** section 87.287 shall be appropriated to provide an ad hoc COLA administered by the board of trustees and from September 1, 2016, and annually thereafter three-fourths of the annual interest earned in the future benefits fund created **[under] pursuant to** section 87.287 shall be appropriated to provide an ad hoc COLA administered by the board of trustees based upon the formula in this subsection. The distributable amount shall be divided by the number of retirees and surviving spouses and dependent children eligible to receive the ad hoc COLA **[under] pursuant to** this provision calculated and distributed based upon the following years of service:

(1) Members retiring with thirty or more years of service shall receive a full share of the distributable amount;

(2) Members retiring with twenty-five or more years of service but less than thirty years shall receive a three-quarter share of the distributable amount;

(3) Members retiring with less than twenty-five years shall receive a one-half share of the distributable amount;

(4) Surviving spouses and dependent children shall receive one-half of the ad hoc COLA the member would have been entitled to receive.

87.310. REPAYMENT WITH INTEREST OF CONTRIBUTIONS WITHDRAWN ON REINSTATEMENT OF MEMBER. — When any member terminates his **or her** employment as a **[fireman] firefighter** and withdraws his **or her** accumulated contributions from the retirement system, he **or she** ceases to be a member of the retirement system. If he **or she** is reinstated as a **[fireman he] firefighter he or she** will again become a member of the retirement system as a new member with no creditable service prior to his **or her** termination. However, any member currently employed as a **[fireman] firefighter** may repay the retirement system his **or her** total accumulated contribution withdrawn at the time of his **or her** termination and an amount of interest on such contribution at the same rate per annum as allowed in the member's savings account in the same period. Such repayment shall occur within two years after August 13, 1984, and when made the member shall then receive full credit for service prior to the date of his **or her** termination.

87.371. UNUSED SICK LEAVE, HOW CREDITED. — 1. Any member retiring pursuant to the provisions of sections 87.120 to 87.370, after working continuously for an entity covered by sections 87.120 to 87.370, until reaching retirement age, but not including retirement for service-connected disability, shall be credited with all of the member's unused sick leave as certified by the member's employing entity.

2. No member working on or after [June 1, 1999] **July 1, 2000**, shall be credited with sick leave at a rate less than **or more than** the rate being earned on [June 1, 1999] **July 1, 2000**, nor shall any cap or limit applied to accumulated sick leave after [June 1, 1999] **July 1, 2000**, be construed as a limit on the number of sick days actually earned without reference to the cap or limit which may be credited pursuant to the provisions of this section. When calculating years of service, each member shall be entitled to one day of creditable service for each day of unused accumulated sick leave earned by the member.

3. Accumulated sick leave shall allow a member to vest in the retirement system by using such credited sick leave to reach the time of vesting and shall also allow a member to exceed a seventy-five percent service retirement allowance by adding accumulated sick leave to no more than thirty years of creditable service or a member who is participating in the DROP program established in section 87.182 may elect upon retirement to have placed in his or her DROP account a dollar amount equal to his or her accumulated number of sick leave hours multiplied by his or her hourly rate of pay at the time of retirement, **or to place one-half of this dollar amount in the member's DROP account, to have one-fourth of this dollar amount added to the member's average final compensation, and to have the remaining one-fourth of this dollar amount remain as time and added to the member's creditable service.**

AN ACT to repeal section 163.191, RSMo 2000, relating to allowable costs for state aid to community colleges, and to enact in lieu thereof one new section relating to the same subject.

SECTION

A. Enacting clause.

163.191. State aid to community colleges — distribution to be based on resource allocation model, adjustment annually, factors involved — report on effectiveness of model, due when.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 163.191, RSMo 2000, is repealed and one new section enacted in lieu thereof, to be known as section 163.191, to read as follows:

163.191. STATE AID TO COMMUNITY COLLEGES — DISTRIBUTION TO BE BASED ON RESOURCE ALLOCATION MODEL, ADJUSTMENT ANNUALLY, FACTORS INVOLVED — REPORT ON EFFECTIVENESS OF MODEL, DUE WHEN. — 1. Each year public community colleges in the aggregate shall be eligible to receive from state funds, if state funds are available and appropriated, an amount up to but not more than fifty percent of the state community colleges' planned operating costs as determined by the department of higher education. As used in this subsection, the term "year" means from July first to June thirtieth of the following year. As used in this subsection, the term "operating costs" means all costs attributable to current operations, including all direct costs of instruction, instructors' and counselors' compensation, administrative costs, all normal operating costs and all similar noncapital expenditures during any year, excluding costs of construction of facilities and the purchase of equipment, furniture, and other capital items authorized and funded in accordance with subsection 2 of this section. Operating costs shall be computed in accordance with accounting methods and procedures to be specified by the department of higher education. The department of higher education shall review all institutional budget requests and prepare appropriation recommendations annually for the community colleges under the supervision of the department. The department's budget request shall include a recommended level of funding. Distribution of appropriated funds to community college districts shall be in accordance with the community college resource allocation model. This model shall be developed and revised as appropriate cooperatively by the community colleges and the department of higher education. The department of higher education shall recommend the model to the coordinating board for higher education for their approval. The

core funding level for each community college shall initially be established at an amount agreed upon by the community colleges and the department of higher education. This amount will be adjusted annually for inflation, limited growth, and program improvements in accordance with the resource allocation model starting with fiscal year 1993. The department of higher education shall request new and separate state aid funds for any new districts for their first six years of operation. The request for the new districts shall be based upon the same level of funding being provided to the existing districts, and should be sufficient to provide for the growth required to reach a mature enrollment level. The department of higher education will be responsible for evaluating the effectiveness of the resource allocation model and will submit a report to the speaker of the house of representatives and president pro tem of the senate by November 1997, and every four years thereafter.

2. In addition to state funds received for operating purposes, each community college district shall be eligible to receive an annual appropriation for the cost of maintenance and repair of facilities and grounds, **including surface parking areas**, and purchases of equipment and furniture. Such funds shall not exceed in any year an amount equal to ten percent of the state appropriations to community college districts for operating purposes during the most recently completed fiscal year. The department of higher education may include in its annual appropriations request the necessary funds to implement the provisions of this subsection and when appropriated shall distribute the funds to each community college district as appropriated. The department of higher education appropriations request shall be for specific maintenance, repair, and equipment projects at specific community college districts, shall be in an amount of fifty percent of the cost of a given project as determined by the coordinating board and shall be only for projects which have been approved by the coordinating board through a process of application, evaluation and approval as established by the coordinating board. The coordinating board, as part of its process of application, evaluation, and approval, shall require the community college district to provide proof that the fifty-percent share of funding to be defrayed by the district is either on hand or committed for maintenance, repair, and equipment projects. Only salaries or portions of salaries paid which are directly related to approved projects may be used as a part of the fifty-percent share of funding.

3. School districts offering two-year college courses pursuant to section 178.370, RSMo, on October 31, 1961, shall receive state aid pursuant to subsections 1 and 2 of this section if all scholastic standards established pursuant to sections 178.770 to 178.890, RSMo, are met.

4. In order to make postsecondary educational opportunities available to Missouri residents who do not reside in an existing community college district, community colleges organized pursuant to section 178.370, RSMo, or sections 178.770 to 178.890, RSMo, shall be authorized pursuant to the funding provisions of this section to offer courses and programs outside the community college district with prior approval by the coordinating board for higher education. The classes conducted outside the district shall be self-sustaining except that the coordinating board shall promulgate rules to reimburse selected out-of-district instruction only where prior need has been established in geographical areas designated by the coordinating board for higher education. Funding for such off-campus instruction shall be included in the appropriation recommendations, shall be determined by the general assembly and shall continue, within the amounts appropriated therefor, unless the general assembly disapproves the action by concurrent resolution.

5. A "community college" is an institution of higher education deriving financial resources from local, state, and federal sources, and providing postsecondary education primarily for persons above the twelfth grade age level, including courses in:

- (1) Liberal arts and sciences, including general education;
- (2) Occupational, vocational-technical; and
- (3) A variety of educational community services.

Community college course offerings lead to the granting of certificates, diplomas, and/or associate degrees, but do not include baccalaureate or higher degrees.

6. When distributing state aid authorized for community colleges, the state treasurer may, in any year if requested by a community college, disregard the provision in section 30.180, RSMo, requiring the state treasurer to convert the warrant requesting payment into a check or draft and wire transfer the amount to be distributed to the community college directly to the community college's designated deposit for credit to the community college's account.

160.518. STATEWIDE ASSESSMENT SYSTEM, STANDARDS, RESTRICTION — EXEMPLARY LEVELS, OUTSTANDING SCHOOL WAIVERS — SUMMARY WAIVER OF PUPIL TESTING REQUIREMENTS — WAIVER VOID, WHEN — SCORES NOT COUNTED, WHEN. — 1. Consistent with the provisions contained in section 160.526, the state board of education shall develop a statewide assessment system that provides maximum flexibility for local school districts to determine the degree to which students in the public schools of the state are proficient in the knowledge, skills and competencies adopted by such board pursuant to subsection 1 of section 160.514. The statewide assessment system shall assess problem solving, analytical ability, evaluation, creativity and application ability in the different content areas and shall be performance-based to identify what students know, as well as what they are able to do, and shall enable teachers to evaluate actual academic performance. The assessment system shall neither promote nor prohibit rote memorization and shall not include existing versions of tests approved for use pursuant to the provisions of section 160.257, nor enhanced versions of such tests. The statewide assessment shall measure, where appropriate by grade level, a student's knowledge of academic subjects including, but not limited to, reading skills, writing skills, mathematics skills, world and American history, forms of government, geography and science.

2. The assessment system shall only permit the academic performance of students in each school in the state to be tracked against prior academic performance in the same school.

3. The state board of education shall suggest criteria for a school to demonstrate that its students learn the knowledge, skills and competencies at exemplary levels worthy of imitation by students in other schools in the state and nation. "Exemplary levels" shall be measured by the assessment system developed pursuant to subsection 1 of this section, or until said assessment is available, by indicators approved for such use by the state board of education. The provisions of other law to the contrary notwithstanding, the commissioner of education may, upon request of the school district, present a plan for the waiver of rules and regulations to any such school, to be known as "Outstanding Schools Waivers", consistent with the provisions of subsection 4 of this section.

4. For any school that meets the criteria established by the state board of education for three successive school years pursuant to the provisions of subsection 3 of this section, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092, RSMo, and such other rules and regulations as determined by the commissioner of education, excepting such waivers shall be confined to the school and not other schools in the district unless such other schools meet the criteria established by the state board of education consistent with subsection 3 of this section and the waivers shall not include the requirements contained in this section and section 160.514. Any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the criteria established by the state board of education consistent with subsection 3 of this section.

5. The score on any assessment test developed pursuant to this section or this chapter of any student for whom English is a second language shall not be counted until such time

167.640. STUDENT PROMOTION CONDITIONED ON REMEDIATION — TUTORIAL ACTIVITIES AND OTHER SUGGESTED PROGRAMS. — 1. School districts may adopt a policy with regard to student promotion which may require remediation as a condition of promotion to the next grade level for any student identified by the district as failing to master skills and competencies established for that particular grade level by the district board of education. School districts may also require parents or guardians of such students to commit to conduct home-based tutorial activities with their children or, in the case of a student with disabilities eligible for services pursuant to sections 162.670 to 162.1000, RSMo, the individual education plan shall determine the nature of parental involvement consistent with the requirements for a free, appropriate public education.

Any student scoring at the lowest level of proficiency, in any subject, at any grade level under the statewide assessment established pursuant to section 160.518, RSMo, shall be required to retake that assessment in the following year. School districts shall evaluate student progress toward proficiency after the initial assessment and report this progress in the aggregate at the building level as a part of the annual report issued to patrons of the district pursuant to section 160.522, RSMo.

5. The state board of education shall establish by administrative rule a method for determining effectiveness of the remediation to students identified pursuant to subsection 4 of this section. Such rule shall make allowances for students who have recently entered the school district. Districts are encouraged but not required to select assessment methods identified pursuant to section 167.346. Districts are also encouraged to use multiple methods of assessment;

(2) "Summer school", for reading instruction purposes, a minimum of forty hours of reading instruction and practice. A school district may arrange the hours and days of instruction to coordinate with its regular program of summer school.

2. For purposes of this section, methods of reading assessment shall be determined by each school district. Unless a student has been determined in the current school year to be reading at grade level or above, each school district shall administer a reading assessment or set of assessments to each student within forty-five days of the end of the third-grade year, except that the provisions of this subsection shall not apply to students receiving special education services under an individualized education plan pursuant to sections 162.670 to 162.999, RSMo, to students receiving services pursuant to Section 504 of the Rehabilitation Act of 1973 whose services plan includes an element addressing reading or to students determined to have limited English proficiency or to students who have been determined, prior to the beginning of any school year, to have a cognitive ability insufficient to meet the reading requirement set out in this section, provided that districts shall provide reading improvement plans for students determined to have such insufficient cognitive ability. The assessment required by this subsection shall also be required for students who enter a school district in grades fourth, fifth or sixth unless such student has been determined in the current school year to be reading at grade level or above.

3. Beginning with school year 2002-2003, for each student whose third-grade reading assessment determines that such student is reading below second-grade level, the school district shall design a reading improvement plan for the student's fourth-grade year. Such reading improvement plan shall include, at a minimum, thirty hours of additional reading instruction or practice outside the regular school day during the fourth-grade year. The school district shall determine the method of reading instruction necessary to enforce this subsection. The school district may also require the student to attend summer school for reading instruction as a condition of promotion to fourth grade. The department of elementary and secondary education may, from funds appropriated for the purpose, reimburse school districts for additional instructional personnel costs incurred in the implementation and execution of the thirty hours of additional reading instruction minus the revenue generated by the school district through the foundation formula for the additional reading instruction average daily attendance.

4. Each student for whom a reading improvement plan has been designed pursuant to subsection 3 of this section shall be given another reading assessment, to be administered within forty-five days of the end of such student's fourth-grade year. If such student is determined to be reading below third-grade level, the student shall be required to attend summer school to receive reading instruction. At the end of such summer school instruction, such student shall be given another reading assessment. If such student is determined to be reading below third-grade level, the district shall notify the student's parents or guardians, and the student shall not be promoted to fifth grade. No student shall be denied promotion more than once solely for inability to meet the reading standards set out in this section.

5. The process described in subsections 3 and 4 of this section shall be repeated as necessary through the end of the sixth grade, with the target grade level rising accordingly. Mandatory retention in grade shall not apply to grades subsequent to fourth grade.

6. The mandatory process of additional reading instruction pursuant to this section shall cease at the end of the sixth grade. The permanent record of students who are

determined to be reading below the fifth-grade level at the end of sixth grade shall carry a notation advising that such student has not met minimal reading standards. The notation shall stay on the student's record until such time as the district determines that a student has met minimal reading standards.

7. Each school district shall be required to offer summer school reading instruction to any student with a reading improvement plan. Districts may fulfill the requirement of this section through cooperative arrangements with neighboring districts; provided that such districts shall timely make all payments provided pursuant to such cooperative agreements.

8. A school district may adopt a policy that requires retention in grade of any student who has been determined to require summer school instruction in reading and who does not fulfill the summer school attendance requirement.

9. Nothing in this section shall preclude a school district from retaining any student in grade when a determination is made in accordance with district policy that retention is in the best interests of the student.

10. The state board of education shall not incorporate information about the number of students receiving additional instruction pursuant to this section into any element of any standard of the Missouri school improvement program or its successor accreditation program; provided, however, each district shall make available, upon the request of any parent, patron, or media outlet within the district, the number and percentage of students receiving remediation pursuant to this section. The information shall be presented in a way that does not permit personal identification of any student or educational personnel.

11. Each school district shall make a systematic effort to inform parents of the methods and materials used to teach reading in kindergarten through fourth grade, in terms understandable to a layperson and shall similarly inform parents of students for whom a reading improvement plan is required pursuant to this section.

167.680. AFTER-SCHOOL RETREAT READING AND ASSESSMENT PROGRAM ESTABLISHED — GRANTS AWARDED, PROCEDURE — FUND CREATED — RULEMAKING AUTHORITY. — 1. There is hereby established within the department of elementary and secondary education the "After-School Retreat Reading and Assessment Grant Program". Beginning with the 2002-2003 school year, the program shall award grants to schools on a competitive grant basis. School districts may develop after-school reading and assessment programs and submit proposals to the department, pursuant to criteria established by the department for grant approval and on forms promulgated by the department for grant applications. Copies of the criteria established pursuant to this section shall be provided by the department to all school districts in this state. In awarding such grants, the department shall grant preference to school districts with a higher percentage of at-risk students, as the department may determine. In addition, the criteria for grant approval by the department may include, but shall not be limited to:

(1) The development of programs which are educational in nature, with emphasis in reading and student assessment thereof as opposed to day-care oriented programs; or

(2) Other criteria as the department may deem appropriate.

2. Subject to appropriation, beginning with the 2002-2003 school year, the department shall award grants to school districts for the development and implementation of after-school retreat programs consistent with this section. In the event that the appropriations or other moneys available for such grants are less than the amount necessary to fully fund all approved grants for the 2002-2003 school year or any subsequent school year, the moneys shall be distributed to approved schools on a pro rata basis.

3. There is hereby created in the state treasury the "After-School Retreat Reading and Assessment Grant Program Fund". The fund shall be administered by the

department. The fund shall consist of moneys appropriated annually by the general assembly from general revenue to such fund, any moneys paid into the state treasury and required by law to be credited to such fund and any gifts, bequests or donations to such fund. The fund shall be kept separate and apart from all other moneys in the state treasury and shall be paid out by the state treasurer pursuant to chapter 33, RSMo. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, moneys in the fund at the end of the biennium shall not be transferred to the credit of the general revenue fund. All interest and moneys earned on the fund shall be credited to the fund.

4. No rule or portion of a rule promulgated pursuant to this section shall take effect unless such rule has been promulgated pursuant to chapter 536, RSMo.

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to preserve the reading ability of the elementary school students of Missouri, the repeal and reenactment of sections 160.518, 167.640 and 167.645 and the enactment of section 167.680 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of sections 160.518, 167.640 and 167.645 and the enactment of section 167.680 of this act shall be in full force and effect on July 1, 2001, or upon its passage and approval, whichever later occurs.

Except as provided in subsection 5 of this section, no decree for the adoption of a child under eighteen years of age shall be entered for the petitioner or petitioners in such adoption as ordered by the juvenile court having jurisdiction, until a full investigation, which includes an assessment of the adoptive parents, an appropriate postplacement assessment and a summary of written reports as provided for in section 453.026, and any other pertinent information relevant to whether the child is suitable for adoption by the petitioner and whether the petitioner is suitable as a parent for the child, has been made. The report shall also include a statement to the effect that the child has been considered as a potential subsidy recipient.

2. Such investigation shall be made, as directed by the court having jurisdiction, either by the division of family services of the state department of social services, a juvenile court officer, a licensed child-placement agency, a social worker licensed pursuant to chapter 337, RSMo, or other suitable person appointed by the court. If an assessment is conducted after August 28, 1997, but prior to the promulgation of rules and regulations by the department concerning the contents of

No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo.

4. The assessment of petitioner or petitioners shall be submitted to the petitioner and to the court prior to the scheduled hearing of the adoptive petition.

5. In cases where the adoption or custody involves a child under eighteen years of age that is the natural child of one of the petitioners and where all of the parents required by this chapter to give consent to the adoption or transfer of custody have given such consent, the juvenile court may waive the investigation and report, except the criminal background check, and enter the decree for the adoption or order the transfer of custody without such investigation and report.

6. In the case of an investigation and report made by the division of family services by order of the court, the court may order the payment of a reasonable fee by the petitioner to cover the costs of the investigation and report.

The agency and court shall give preference and first consideration for adoptive placements to foster parents. However, the final determination of the propriety of the adoption of such foster child shall be within the sole discretion of the court.

3. If the court determines the adoption should be finalized, a decree shall be issued setting forth the facts and ordering that from the date of the decree the adoptee shall be for all legal intents and purposes the child of the petitioner or petitioners. The court may decree that the name of the person sought to be adopted be changed, according to the prayer of the petition.

4. Before the completion of an adoption, the exchange of information among the parties shall be at the discretion of the parties. Upon completion of an adoption, further contact among the parties shall be at the discretion of the adoptive parents. The court shall not have jurisdiction to deny continuing contact between the adopted person and the birth parent, or an adoptive parent and a birth parent. 3. Notwithstanding the termination of the authority of a conservator, he shall continue to have such authority as may be necessary to wind up his administration.

4. At any time the guardian, conservator or any person on behalf of the ward or protectee may, individually or jointly with the ward or protectee, or the ward or protectee individually may petition the court to restore the ward or protectee, or to decrease the powers of the guardian or conservator, except that if the court determines that the petition is frivolous, the court may summarily dismiss the petition without hearing.

Revises "recalculated levy" used to determine state aid for certain school districts.

AN ACT to repeal section 163.011, RSMo 2000, relating to recalculated tax rates for school districts, and to enact in lieu thereof one new section relating to the same subject.

SECTION

- A. Enacting clause.
- 163.011. Definitions — method of calculating state aid.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 163.011, RSMo 2000, is repealed and one new section enacted in lieu thereof, to be known as section 163.011, to read as follows:

163.011. DEFINITIONS — METHOD OF CALCULATING STATE AID. — As used in this chapter unless the context requires otherwise:

- (1) "Adjusted gross income":
-

(a) "District adjusted gross income per return" shall be the total Missouri individual adjusted gross income in a school district divided by the total number of Missouri income tax returns filed from the school district as reported by the state department of revenue for the second preceding year;

(b) "State adjusted gross income per return" shall be the total Missouri individual adjusted gross income divided by the total number of Missouri individual income tax returns, of those returns designating school districts, as reported by the state department of revenue for the second preceding year;

(c) "District income factor" shall be one plus thirty percent of the difference of the district income ratio minus one, except that the district income factor applied to the portion of the assessed valuation corresponding to any increase in assessed valuation above the assessed valuation of a district as of December 31, 1994, shall not exceed a value of one;

(d) "District income ratio" shall be the ratio of the district adjusted gross income per return divided by the state adjusted gross income per return;

(2) "Adjusted operating levy", the sum of tax rates for the current year for teachers' and incidental funds for a school district as reported to the proper officer of each county pursuant to section 164.011, RSMo;

(3) "Average daily attendance" means the quotient or the sum of the quotients obtained by dividing the total number of hours attended in a term by resident pupils between the ages of five and twenty-one by the actual number of hours school was in session in that term. To the average daily attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students. "Full-time equivalent average daily attendance of summer school students" shall be computed by dividing the total number of hours attended by all summer school pupils by the number of hours required in section 160.011, RSMo, in the school term. For purposes of determining average daily attendance under this subdivision, the term "resident pupil" shall include all children between the ages of five and twenty-one who are residents of the school district and who are attending kindergarten through grade twelve in such district. If a child is attending school in a district other than the district of residence and the child's parent is teaching in the school district or is a regular employee of the school district which the child is attending, then such child shall be considered a resident pupil of the school district which the child is attending for such period of time when the district of residence is not otherwise liable for tuition. Average daily attendance for students below the age of five years for which a school district may receive state aid based on such attendance shall be computed as regular school term attendance unless otherwise provided by law;

(4) "Current operating costs", all expenditures for instruction and support services excluding capital outlay and debt service expenditures less the revenue from federal categorical sources, food service, student activities and payments from other districts;

(5) "District's target rate", the district's average percentage of pupils from fiscal years 2000 to 2005 scoring at or above the proficiency level on the statewide assessment system on either mathematics or reading/communication arts plus one percentage point for each year after fiscal year 2005 except that the district's target rate shall not exceed the statewide average percentage from fiscal year 2000 to fiscal year 2005 scoring at or above the proficiency level on the statewide assessment system on either mathematics or reading/communication arts;

(6) "District's tax rate ceiling", the highest tax rate ceiling in effect subsequent to the 1980 tax year or any subsequent year. Such tax rate ceiling shall not contain any tax levy for debt service;

(7) "Eligible pupils" shall be the sum of the average daily attendance of the school term plus the product of two times the average daily attendance for summer school;

(8) "Equalized assessed valuation of the property of a school district" shall be determined by multiplying the assessed valuation of the real property subclasses specified in section 137.115, RSMo, times the percent of true value as adjusted by the department of elementary and secondary education to an equivalent sales ratio of thirty-three and one-third percent and dividing

by either the percent of true value as determined by the state tax commission on or before March fifteenth preceding the fiscal year in which the valuation will be effective as adjusted by the department of elementary and secondary education to an equivalent sales ratio of thirty-three and one-third percent or the average percent of true value for the highest three of the last four years as determined and certified by the state tax commission, whichever is greater. To the equalized locally assessed valuation of each district shall be added the assessed valuation of tangible personal property. The assessed valuation of property which has previously been excluded from the tax rolls, which is being contested as not being taxable and which increases the total assessed valuation of the school district by fifty percent or more, shall not be included in the calculation of equalized assessed valuation under this subdivision;

(9) "Fiscal instructional ratio of efficiency", the quotient of the sum of the district's current operating costs for all kindergarten through grade twelve direct instructional and direct pupil support service functions plus the costs of improvement of instruction and the cost of purchased services and supplies for operation of the facilities housing those programs, excluding student activities, divided by the sum of the district's current operating cost for kindergarten through grade twelve, plus all tuition revenue received from other districts minus all noncapital transportation costs;

(10) "Free and reduced lunch eligible pupil count", the number of pupils eligible for free and reduced lunch on the last Wednesday in January for the preceding school year who were enrolled as students of the district, as approved by the department in accordance with applicable federal regulations;

(11) "Guaranteed tax base" means the amount of equalized assessed valuation per eligible pupil guaranteed each school district by the state in the computation of state aid. To compute the guaranteed tax base, school districts shall be ranked annually from lowest to highest according to the amount of equalized assessed valuation per pupil. The guaranteed tax base shall be based upon the amount of equalized assessed valuation per pupil of the school district in which the ninety-fifth percentile of the state aggregate number of pupils falls during the third preceding year and shall be equal to the state average equalized assessed valuation per eligible pupil for the third preceding year times two and one hundred and sixty-seven thousandths; except that, for the purposes of line 14(b) the guaranteed tax base shall be no greater than the guaranteed tax base used for the 1998-99 payment year. The average equalized assessed valuation per pupil shall be the quotient of the total equalized assessed valuation of the state divided by the number of eligible pupils;

(12) "Membership" shall be the average of (1) the number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in September of the previous year and who were in attendance one day or more during the preceding ten school days and (2) the number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in January of the previous year and who were in attendance one day or more during the preceding ten school days, plus the full-time equivalent number of summer school pupils. "Full-time equivalent number of part-time students" is determined by dividing the total number of hours for which all part-time students are enrolled by the number of hours in the school term. "Full-time equivalent number of summer school pupils" is determined by dividing the total number of hours for which all summer school pupils were enrolled by the number of hours required pursuant to section 160.011, RSMo, in the school term. Only students eligible to be counted for average daily attendance shall be counted for membership;

(13) "Operating levy for school purposes" for districts making transfers pursuant to subsection 4 of section 165.011, RSMo, based upon amounts multiplied by the guaranteed tax base, or making payments or expenditures related to obligations made pursuant to section 177.088, RSMo, or any combination of such transfers, payments or expenditures, means the sum of tax rates levied for teachers' and incidental funds plus the operating levy or sales tax equivalent

pursuant to section 162.1100, RSMo, of any transitional school district containing the school district, in the payment year, and, for other districts, means the sum of tax rates levied for incidental, teachers', debt service and capital projects funds plus the operating levy or sales tax equivalent pursuant to section 162.1100, RSMo, of any transitional school district containing the school district, with no more than eighteen cents of the sum levied in the debt service and capital projects funds. Any portion of the operating levy for school purposes levied in the debt service and capital projects funds in excess of a sum of ten cents must be authorized by a vote of the people, after August 28, 1998, approving an increase in the operating levy, or a full waiver of the rollback pursuant to section 164.013, RSMo, with a tax rate ceiling in excess of the minimum tax rate or an issuance of general obligation bond. The operating levy shall be, after all adjustments and equalization of the operating levy, no greater than a maximum value of four dollars and ninety-five cents per one hundred dollars assessed valuation, except that the operating levy shall be no greater than a maximum value of four dollars and seventy cents per one hundred dollars assessed valuation for the purposes of line 2 of subsection 6 of section 163.031. To equalize the operating levy, multiply the aggregate tax rates for teachers' and incidental funds by either the percent of true value, as determined by the state tax commission on or before March fifteenth preceding the fiscal year in which the evaluation will be effective as adjusted by the department of elementary and secondary education to an equivalent sales ratio of thirty-three and one-third percent, or the average percent of true value for the highest three of the last four years as determined and certified by the state tax commission, whichever is greater, and divide by the percent of true value as adjusted by the department of elementary and secondary education to an equivalent sales ratio of thirty-three and one-third percent, provided that for any district for which the equivalent sales ratio is equal to or greater than thirty-three and one-third percent, the equalized operating levy shall be the adjusted operating levy. For any county in which the equivalent sales ratio is less than thirty-one and two-thirds percent, the state tax commission shall conduct a second study in that county and shall use a sample consisting of the parcels used as a sample in the original study combined with an equal number of newly selected parcels. If the new ratio is higher than the original ratio provided by this subdivision, the new ratio shall be used for the purposes of this subdivision and for determining equalized assessed valuation pursuant to subdivision (8) of this section. For the purposes of calculating state aid pursuant to section 163.031, for any district which has not [enacted] **decreased its tax rate from the previous year amount due to an increased amount of** a voluntary tax rate rollback [nor increased the amount of a voluntary tax rate rollback from the previous year's amount], the tax rate used to determine a district's entitlement shall be adjusted so that any decrease in the entitlement due to a decrease in the tax rate resulting from the reassessment shall equal the decrease in the deduction for the assessed valuation of the district as a result of the change in the tax rate due to reassessment. The tax rate adjustments required under this subdivision due to reassessment shall be cumulative and shall be applied each year to determine the tax rate used to calculate the entitlement; [except that whenever the actual current operating levy equals or exceeds the tax rate calculated pursuant to this subdivision for the purpose of determining the district's entitlement, then the prior tax rate adjustments required under this subdivision due to reassessment shall be eliminated and shall not be applied in determining the tax rate used to calculate the district entitlement, except that whenever the actual current operating levy is increased by school board action prior to January 1, 2000, or by district voter approval at any time, to a level which equals or exceeds the tax rate calculated pursuant to this subdivision for the purpose of determining the districts entitlement, then the prior tax rate adjustments required under this subdivision due to reassessment shall be eliminated after five years and shall not thereafter be applied in determining the tax rate used to calculate the district entitlement;]

(14) "School purposes" pertains to teachers' and incidental funds;

(15) "Teacher" means any teacher, teacher-secretary, substitute teacher, supervisor, principal, supervising principal, superintendent or assistant superintendent, school nurse, social

worker, counselor or librarian who shall, regularly, teach or be employed for no higher than grade twelve more than one-half time in the public schools and who is certified under the laws governing the certification of teachers in Missouri.

SECTION A. ENACTING CLAUSE. — Chapter 67, RSMo, is amended by adding thereto nine new sections, to be known as sections 67.1830, 67.1832, 67.1834, 67.1836, 67.1838, 67.1840, 67.1842, 67.1844 and 67.1846, to read as follows:

67.1830. DEFINITIONS. — As used in sections 67.1830 to 67.1846, the following terms shall mean:

(1) "Abandoned equipment or facilities", any equipment materials, apparatuses, devices or facilities that are:

- (a) Declared abandoned by the owner of such equipment or facilities;
- (b) No longer in active use, physically disconnected from a portion of the operating facility or any other facility that is in use or in service, and no longer capable of being used for the same or similar purpose for which the equipment, apparatuses or facilities were installed; or
- (c) No longer in active use and the owner of such equipment or facilities fails to respond within thirty days to a written notice sent by a political subdivision;

(2) "Degradation", the actual or deemed reduction in the useful life of the public right-of-way resulting from the cutting, excavation or restoration of the public right-of-way;

(3) "Emergency", includes but is not limited to the following:

(a) An unexpected or unplanned outage, cut, rupture, leak or any other failure of a public utility facility that prevents or significantly jeopardizes the ability of a public utility to provide service to customers;

(b) An unexpected or unplanned outage, cut, rupture, leak or any other failure of a public utility facility that results or could result in danger to the public or a material delay or hindrance to the provision of service to the public if the outage, cut, rupture, leak or

any other such failure of public utility facilities is not immediately repaired, controlled, stabilized or rectified; or

(c) Any occurrence involving a public utility facility that a reasonable person could conclude under the circumstances that immediate and undelayed action by the public utility is necessary and warranted;

(4) "Excavation", any act by which earth, asphalt, concrete, sand, gravel, rock or any other material in or on the ground is cut into, dug, uncovered, removed, or otherwise displaced, by means of any tools, equipment or explosives, except that the following shall not be deemed excavation:

(a) Any de minimis displacement or movement of ground caused by pedestrian or vehicular traffic;

(b) The replacement of utility poles and related equipment at the existing general location that does not involve either a street or sidewalk cut; or

(c) Any other activity which does not disturb or displace surface conditions of the earth, asphalt, concrete, sand, gravel, rock or any other material in or on the ground;

(5) "Management costs" or "rights-of-way management costs", the actual costs a political subdivision reasonably incurs in managing its public rights-of-way, including such costs, if incurred, as those associated with the following:

(c) Protecting or moving public utility right-of-way user construction equipment after reasonable notification to the public utility right-of-way user during public right-of-way work;

(d) Determining the adequacy of public right-of-way restoration;

(e) Restoring work inadequately performed after providing notice and the opportunity to correct the work; and

(f) Revoking right-of-way permits.

Right-of-way management costs shall be the same for all entities doing similar work. Management costs or rights-of-way management costs shall not include payment by a public utility right-of-way user for the use or rent of the public right-of-way, degradation of the public right-of-way or any costs as outlined in paragraphs (a) to (h) of this subdivision which are incurred by the political subdivision as a result of use by users other than public utilities, the fees and cost of litigation relating to the interpretation of this section or section 67.1832, or litigation, interpretation or development of any ordinance enacted pursuant to this section or section 67.1832, or the political subdivision's fees and costs related to appeals taken pursuant to section 67.1838. In granting or renewing a franchise for a cable television system, a political subdivision may impose a franchise fee and other terms and conditions permitted by federal law.

(6) "Managing the public right-of-way", the actions a political subdivision takes, through reasonable exercise of its police powers, to impose rights, duties and obligations on all users of the right-of-way, including the political subdivision, in a reasonable, competitively neutral and nondiscriminatory and uniform manner, reflecting the distinct engineering, construction, operation, maintenance and public work and safety requirements applicable to the various users of the public right-of-way, provided that such rights, duties and obligations shall not conflict with any federal law or regulation. In managing the public right-of-way, a political subdivision may:

(a) Require construction performance bonds or insurance coverage or demonstration of self-insurance at the option of the political subdivision or if the public utility right-of-way user has twenty-five million dollars in net assets and does not have a history of permitting noncompliance within the political subdivision as defined by the political subdivision, then the public utility right-of-way user shall not be required to provide such bonds or insurance;

- (b) Establish coordination and timing requirements that do not impose a barrier to entry;
- (c) Require public utility right-of-way users to submit, for right-of-way projects commenced after the effective date of this act, requiring excavation within the public right-of-way, whether initiated by a political subdivision or any public utility right-of-way user, project data in the form maintained by the user and in a reasonable time after receipt of the request based on the amount of data requested;
- (d) Establish right-of-way permitting requirements for street excavation;
- (e) Establish removal requirements for abandoned equipment or facilities, if the existence of such facilities prevents or significantly impairs right-of-way use, repair, excavation or construction;
- (f) Establish permitting requirements for towers and other structures or equipment for wireless communications facilities in the public right-of-way, notwithstanding the provisions of section 67.1832;
- (g) Establish standards for street restoration in order to lessen the impact of degradation to the public right-of-way; and
- (h) Impose permit conditions to protect public safety;
- (7) "Political subdivision", a city, town, village, county of the first classification or county of the second classification;
- (8) "Public right-of-way", the area on, below or above a public roadway, highway, street or alleyway in which the political subdivision has an ownership interest, but not including:

 - (d) Poles, pipes, cables, conduits, wires, optical cables, or other means of transmission, collection or exchange of communications, information, substances, data, or electronic or electrical current or impulses utilized by a municipally owned or operated utility pursuant to chapter 91, RSMo, or pursuant to a charter form of government;
- (9) "Public utility", every cable television service provider, every pipeline corporation, gas corporation, electrical corporation, rural electric cooperative, telecommunications company, water corporation, heating or refrigerating corporation or sewer corporation under the jurisdiction of the public service commission; every municipally owned or operated utility pursuant to chapter 91, RSMo, or pursuant to a charter form of government or cooperatively owned or operated utility pursuant to chapter 394, RSMo; every street light maintenance district; every privately owned utility; and every other entity, regardless of its form of organization or governance, whether for profit or not, which in providing a public utility type of service for members of the general public, utilizes pipes, cables, conduits, wires, optical cables, or other means of transmission, collection or exchange of communications, information, substances, data, or electronic or electrical current or impulses, in the collection, exchange or dissemination of its product or services through the public rights-of-way;
- (10) "Public utility right-of-way user", a public utility owning or controlling a facility in the public right-of-way; and
- (11) "Right-of-way permit", a permit issued by a political subdivision authorizing the performance of excavation work in a public right-of-way.

67.1832. POLITICAL SUBDIVISIONS REQUIRED TO CONSENT TO CERTAIN ACTIVITIES BY PUBLIC UTILITY RIGHT-OF-WAY USERS — RECOVERY OF COSTS, PROCEDURE — PERMITTED ORDINANCE REQUIREMENTS. — 1. In addition to any other grants for the use of public

thoroughfares, and pursuant to this section, a political subdivision shall grant its consent to a public utility right-of-way user authorized to do business pursuant to the laws of this state or by license of the Federal Energy Regulatory Commission, United States Department of Transportation, or the Federal Communications Commission to construct, maintain and operate all equipment, facilities, devices, materials, apparatuses, or media including but not limited to, conduits, ducts, lines, pipes, wires, hoses, cables, culverts, tubes, poles, towers, manholes, transformers, regulator stations, underground vaults, receivers, transmitters, satellite dishes, micro cells, Pico cells, repeaters, or amplifiers useable for the transmission or distribution of any service or commodity installed below or above ground in the public right-of-way; provided that, no political subdivision shall require any conditions that are inconsistent with the rules and regulations of the Federal Energy Regulatory Commission, United States Department of Transportation, Federal Communications Commission or the Missouri public service commission.

2. Pursuant to this section, a political subdivision may manage its public rights-of-way and may recover its rights-of-way management costs as set forth in sections 67.1830 to 67.1846. The authority granted in this section may be authorized at the option of the political subdivision, and the exercise of this authority is not mandated pursuant to this section. A political subdivision may, by ordinance:

(1) Require a public utility right-of-way user seeking to excavate within a public right-of-way to obtain a right-of-way permit and to impose permit conditions consistent with the political subdivision's management of the right-of-way;

(2) Require public utility right-of-way users to provide required notice to the political subdivision by submitting plans for anticipated construction projects that require excavation within the public right-of-way; and

(3) In cases of emergency, public utility right-of-way users may proceed with required work without a permit; however, a political subdivision may require submission of the necessary information and permit fee following the emergency.

67.1834. RESTORATION OF A PUBLIC RIGHT-OF-WAY AFTER EXCAVATION, STANDARDS AND CONDITIONS, COMPLETION DATES. — 1. A public utility right-of-way user, after an excavation of a public right-of-way, shall provide for restoration of the right-of-way and surrounding areas, including the pavement and its foundation, in accordance with the standards and conditions of the political subdivision, unless the political subdivision, at its option, chooses to perform its own street restoration, in which case the public utility right-of-way user shall be responsible for reimbursing the political subdivision its reasonable actual restoration costs within thirty days of invoice. Restoration of the public right-of-way shall be completed within the dates specified in the right-of-way permit, unless the permittee obtains a waiver, extension or a new or amended right-of-way permit. Every right-of-way user to whom a right-of-way permit has been granted shall guarantee for a period of four years the restoration of the right-of-way in the area where such right-of-way user conducted excavation and performed the restoration.

2. If a public utility right-of-way user fails to restore the public right-of-way within the date specified in the right-of-way permit, or has not acquired a waiver or extension to such permit, a political subdivision is authorized to perform its own restoration required as a result of the excavation, and require the public utility right-of-way user to reimburse the political subdivision for the actual costs of such restoration.

67.1836. DENIAL OF AN APPLICATION FOR A RIGHT-OF-WAY PERMIT, WHEN — REVOCATION OF A PERMIT, WHEN — BULK PROCESSING OF PERMITS ALLOWED, WHEN. — 1. A political subdivision may deny an application for a right-of-way permit if:

(1) The public utility right-of-way user fails to provide all the necessary information requested by the political subdivision for managing the public right-of-way;

(2) The public utility right-of-way user has failed to return the public right-of-way to its previous condition under a previous permit;

(3) The political subdivision has provided the public utility right-of-way user with a reasonable, competitively neutral, and nondiscriminatory justification for requiring an alternative method for performing the work identified in the permit application or a reasonable alternative route that will result in neither additional installation expense up to ten percent to the public utility right-of-way user nor a declination of service quality;

(4) The political subdivision determines that the denial is necessary to protect the public health and safety, provided that the authority of the political subdivision does not extend to those items under the jurisdiction of the public service commission, such denial shall not interfere with a public utility's right of eminent domain of private property, and such denials shall only be imposed on a competitively neutral and nondiscriminatory basis; or

(5) The area is environmentally sensitive as defined by state statute or federal law or is a historic district as defined by local ordinance.

2. A political subdivision may, after reasonable notice and an opportunity to cure, revoke a right-of-way permit granted to a public utility right-of-way user, with or without fee refund, and/or impose a penalty as established by the political subdivision until the breach is cured, but only in the event of a substantial breach of the terms and material conditions of the permit. A substantial breach by a permittee includes but is not limited to:

(1) A material violation of a provision of the right-of-way permit;

(2) An evasion or attempt to evade any material provision of the right-of-way permit, or the perpetration or attempt to perpetrate any fraud or deceit upon the political subdivision or its citizens;

(3) A material misrepresentation of fact in the right-of-way permit application;

(4) A failure to complete work by the date specified in the right-of-way permit, unless a permit extension is obtained or unless the failure to complete the work is due to reasons beyond the permittee's control; and

(5) A failure to correct, within the time specified by the political subdivision, work that does not conform to applicable national safety codes, industry construction standards, or local safety codes that are no more stringent than national safety codes, upon inspection and notification by the political subdivision of the faulty condition.

3. Any political subdivision that requires public utility right-of-way users to obtain a right-of-way permit, except in an emergency, prior to performing excavation work within a public right-of-way shall promptly, but not longer than thirty-one days, process all completed permit applications. In order to avoid excessive processing and accounting costs to either the political subdivision or the public utility right-of-way user, the political subdivision may establish procedures for bulk processing of permits and periodic payment of permit fees.

67.1838. DISPUTES TO BE REVIEWED BY GOVERNING BODY OF THE POLITICAL SUBDIVISION — MEDIATION OR BINDING ARBITRATION PERMITTED, WHEN, PROCEDURE. —

1. A public utility right-of-way user that has been denied a right-of-way permit, has had its right-of-way permit revoked, believes that the fees imposed on the public right-of-way user by the political subdivision do not conform to the requirements of section 67.1840 or asserts any other issues related to the use of the public right-of-way, shall have, upon written request, such denials, revocations, fee impositions, or other disputes reviewed by the governing body of the political subdivision or an entity assigned by the governing body for this purpose. The governing body of the political subdivision or its delegated entity shall specify, in its permit processing schedules, the maximum number of days by which the review request shall be filed in order to be reviewed by the governing body of the

political subdivision or its delegated entity. A decision affirming the denial, revocation, fee imposition or dispute resolution shall be in writing and supported by written findings establishing the reasonableness of the decision.

2. Upon affirmation by the governing body of the denial, revocation, fee imposition or dispute resolution, the public utility right-of-way user may, in addition to all other remedies and if both parties agree, have the right to have the matter resolved by mediation or binding arbitration. Binding arbitration shall be before an arbitrator agreed to by both the political subdivision and the public utility right-of-way user. The costs and fees of a single arbitrator shall be borne equally by the political subdivision and the public utility right-of-way user.

3. If the parties cannot agree on an arbitrator, the matter shall be resolved by a three-person arbitration panel consisting of one arbitrator selected by the political subdivision, one arbitrator selected by the public utility right-of-way user, and one person selected by the other two arbitrators. In the event that a three-person arbitrator panel is necessary, each party shall bear the expense of its own arbitrator and shall jointly and equally bear with the other party the expense of the third arbitrator and of the arbitration.

4. Each party to the arbitration shall pay its own costs, disbursements and attorney fees.

67.1840. FEE IMPOSED TO RECOVER MANAGEMENT COSTS, AMOUNT — ALLOCATION OF SUCH FEES — UNIFORM APPLICATION OF RIGHT-OF-WAY LAWS REQUIRED. — 1. A political subdivision may recover its right-of-way management costs by imposing a fee for permits issued by the political subdivision. A political subdivision shall not recover from a public utility right-of-way user costs caused by another entity's activity or inactivity in the public right-of-way.

2. Right-of-way permit fees imposed by a political subdivision on public utility right-of-way users shall be:

(1) Based on the actual, substantiated costs reasonably incurred by the political subdivision in managing the public right-of-way;

(2) Based on an allocation among all users of the public right-of-way, including the political subdivision itself, which shall reflect the proportionate costs imposed on the political subdivision by each of the various types of uses of the public rights-of-way;

(3) Imposed on a competitively neutral and nondiscriminatory basis; and

(4) Imposed in a manner so that aboveground uses of the public right-of-way do not bear costs incurred by the political subdivision to regulate underground uses of the public right-of-way.

3. The public utility right-of-way user shall have the right to equitably allocate, and may separately state in the customer's bill, any or all right-of-way permit fees imposed by a political subdivision to:

(1) Customers of the public utility right-of-way user residing in the political subdivision; or

(2) Any specific customer or customers requesting or requiring the public utility right-of-way user to perform work for which the acquisition of a right-of-way permit is necessary.

4. The rights, duties and obligations regarding the use of the public right-of-way imposed pursuant to sections 67.1830 to 67.1846 shall be uniformly applied to all users of the public right-of-way, including the political subdivision.

67.1842. PROHIBITED ACTS BY POLITICAL SUBDIVISIONS — NO RIGHT-OF-WAY PERMIT REQUIRED FOR PROJECTS COMMENCED PRIOR TO AUGUST 28, 2001 — NO FEE REQUIRED, WHEN. — 1. In managing the public right-of-way and in imposing fees pursuant to sections 67.1830 to 67.1846, no political subdivision shall:

- (1) Unlawfully discriminate among public utility right-of-way users;
- (2) Grant a preference to any public utility right-of-way user;
- (3) Create or erect any unreasonable requirement for entry to the public right-of-way by public utility right-of-way users;
- (4) Require a telecommunications company to obtain a franchise or require a public utility right-of-way user to pay for the use of the public right-of-way, except as provided in sections 67.1830 to 67.1846; or
- (5) Enter into a contract or any other agreement for providing for an exclusive use, occupancy or access to any public right-of-way.

2. A public utility right-of-way user shall not be required to apply for or obtain right-of-way permits for projects commenced prior to the effective date of this act, requiring excavation within the public right-of-way, for which the user has obtained the required consent of the political subdivision, or that are otherwise lawfully occupying or performing work within the public right-of-way. The public utility right-of-way user may be required to obtain right-of-way permits prior to any excavation work performed within the public right-of-way after the effective date of this act.

3. A political subdivision shall not collect a fee imposed pursuant to section 67.1840 through the provision of in-kind services by a public utility right-of-way user, nor require the provision of in-kind services as a condition of consent to use the political subdivision's public right-of-way; however, nothing in this subsection shall preclude requiring services of a cable television operator, open video system provider or other video programming provider as permitted by federal law.

67.1844. COMPLIANCE WITH APPLICABLE SAFETY AND CONSTRUCTION CODES REQUIRED — LICENSED CONTRACTORS AND SUBCONTRACTORS REQUIRED, WHEN. — 1. The performance of excavation work in the public right-of-way shall be in accordance with the applicable safety and construction codes. Nothing in sections 67.1830 to 67.1846 shall be construed as limiting the authority of the political subdivision to require public utility right-of-way users to comply with national safety codes and all other applicable zoning and safety ordinances, to the extent not inconsistent with public service commission laws or administrative rules.

2. Any contractor or subcontractor used for the performance of excavation work in the public right-of-way shall be properly licensed pursuant to the laws of the state and all applicable local ordinances if required, and each contractor or subcontractor shall have the same obligations with respect to its work as a public utility right-of-way user would have pursuant to sections 67.1830 to 67.1846 and applicable laws if the work were performed by the public utility. The public utility right-of-way user shall be responsible for ensuring that the work of contractors and subcontractors is performed consistent with its permits and applicable law and responsible for promptly correcting acts or omissions by any contractor or subcontractor.

67.1846. EXCEPTIONS TO APPLICABILITY OF RIGHT-OF-WAY LAWS. — 1. Nothing in sections 67.1830 to 67.1846 relieves the political subdivision of any obligations under an existing franchise agreement in effect on May 1, 2001. Nothing in sections 67.1830 to 67.1846 will apply to that portion of any ordinance passed prior to May 1, 2001, which establishes a street degradation fee. Nothing in sections 67.1830 to 67.1846 shall be construed as limiting the authority of county highway engineers or relieving public utility right-of-way users from any obligations set forth in chapters 229 to 231, RSMo. Nothing in sections 67.1830 to 67.1846 shall be deemed to relieve a public utility right-of-way user of the provisions of an existing franchise, franchise fees, license or other agreement or permit in effect on May 1, 2001. Nothing in sections 67.1830 to 67.1846 shall prohibit a political subdivision or public utility right-of-way user from renewing or entering into a

new or existing franchise, as long as all other public utility right-of-way users have use of the public right-of-way on a nondiscriminatory basis. Nothing in sections 67.1830 to 67.1846 shall prevent a grandfathered political subdivision from enacting new ordinances, including amendments of existing ordinances, charging a public utility right-of-way user a fair and reasonable linear foot fee or antenna fee or from enforcing or renewing existing linear foot ordinances for use of the right-of-way, provided that the public utility right-of-way user either:

(1) Is entitled under the ordinance to a credit for any amounts paid as business license taxes or gross receipts taxes; or

(2) Is not required by the political subdivision to pay the linear foot fee if the public utility right-of-way user is paying gross receipts taxes.

For purposes of this section, a "grandfathered political subdivision" is any political subdivision which has, prior to May 1, 2001, enacted one or more ordinances reflecting a policy of imposing any linear foot fees on any public utility right-of-way user, including ordinances which were specific to particular public right-of-way users. Any existing ordinance or new ordinance passed by a grandfathered political subdivision providing for payment of the greater of a linear foot fee or a gross receipts fee shall be enforceable only with respect to the linear foot fee.

2. Nothing in sections 67.1830 to 67.1846 shall prohibit a political subdivision from enacting, renewing or enforcing provisions of an ordinance to require a business license tax, sales tax, occupation tax, franchise tax or franchise fee, property tax or other similar tax, to the extent consistent with federal law. Nothing in sections 67.1830 to 67.1846 shall prohibit a political subdivision from enacting, enforcing or renewing provisions of an ordinance to require a gross receipts tax pursuant to chapter 66, chapter 92, or chapter 94, RSMo. For purposes of this subsection, the term "franchise fee" shall mean "franchise tax".

The member shall receive one-twelfth of a year of credited service for each one hundred and sixty-eight hours of such unused sick leave. Such credited service shall not be used in determining the member's eligibility for retirement or final average pay. Such credited service shall be added to the credited service in the last position of employment held as a member of the system.

4. Notwithstanding any other provisions of section 332.071 or of this section, a [duly registered and] currently licensed dentist in Missouri may enter into an agreement with individuals and organizations to provide dental health care, provided such agreement does not permit or compel practices [in violation of this section or violate any other] **that violate any** provision of this chapter.

Allows Director of Revenue to enter into agreements with foreign countries regarding reciprocal driver's licenses.

AN ACT to repeal section 302.173, RSMo 2000, relating to drivers' examination for licensure, and to enact in lieu thereof two new sections relating to the same subject.

SECTION

A. Enacting clause.

302.172. Exchange of drivers' licenses, foreign countries, reciprocal agreements, content.

302.173. Driver's examination required, when — exceptions — procedure.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 302.173, RSMo 2000, is repealed and two new sections enacted in lieu thereof, to be known as sections 302.172 and 302.173, to read as follows:

302.172. EXCHANGE OF DRIVERS' LICENSES, FOREIGN COUNTRIES, RECIPROCAL AGREEMENTS, CONTENT. — **1. The director of revenue is hereby authorized to negotiate and enter into reciprocal agreements or arrangements with foreign countries in order to facilitate the exchange of drivers' licenses.**

2. Such agreements or arrangements shall authorize the department of revenue to allow individuals who possess drivers' licenses from foreign countries to obtain a Missouri drivers' license without requiring such persons to complete the examination as provided in section 302.173 other than a vision test and a test of the applicant's ability to understand highway signs regulating, warning or directing traffic.

302.173. DRIVER'S EXAMINATION REQUIRED, WHEN — EXCEPTIONS — PROCEDURE. — **1. Any applicant for a license, who does not possess a valid license issued pursuant to the laws of this state, another state, or a country which has a reciprocal agreement with the state of Missouri regarding the exchange of licenses pursuant to section 302.172 shall be examined as herein provided. Any person who has failed to renew such person's license on or before the date of its expiration or within six months thereafter must take the complete examination. Any active member of the armed forces, their adult dependents or any active member of the peace corps may apply for a renewal license without examination of any kind, unless otherwise required by sections 302.700 to 302.780, provided the renewal application shows that the previous license had not been suspended or revoked. Any person honorably discharged from the armed forces of the United States who held a valid license prior to being inducted may apply for a renewal license within sixty days after such person's honorable discharge without submitting to any examination of such person's ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780, other than the vision test provided in section 302.175, unless the facts set out in the**

renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. No applicant for a renewal license shall be required to submit to any examination of his or her ability to safely operate a motor vehicle over the highways of this state unless otherwise required by sections 302.700 to 302.780 or regulations promulgated thereunder, other than a test of the applicant's ability to understand highway signs regulating, warning or directing traffic and the vision test provided in section 302.175, unless the facts set out in the renewal application or record of convictions on the expiring license, or the records of the director show that there is good cause to authorize the director to require the applicant to submit to the complete examination. The examination shall be made available in each county. Reasonable notice of the time and place of the examination shall be given the applicant by the person or officer designated to conduct it. The complete examination shall include a test of the applicant's natural or corrected vision as prescribed in section 302.175, the applicant's ability to understand highway signs regulating, warning or directing traffic, the applicant's practical knowledge of the traffic laws of this state, and an actual demonstration of ability to exercise due care in the operation of a motor vehicle of the classification for which the license is sought. When an applicant for a license has a [valid] license from a state which has requirements for issuance of a license comparable to the Missouri requirements **or a license from a country which has a reciprocal agreement with the state of Missouri regarding the exchange of licenses pursuant to section 302.172 and such license has not expired more than six months prior to the date of application for the Missouri license**, the director may waive the **test of the applicant's practical knowledge of the traffic laws of this state, and the** requirement of actual demonstration of ability to exercise due care in the operation of a motor vehicle. If the director has reasonable grounds to believe that an applicant is suffering from some known physical or mental ailment which ordinarily would interfere with the applicant's fitness to operate a motor vehicle safely upon the highways, the director may require that the examination include a physical or mental examination by a licensed physician of the applicant's choice, at the applicant's expense, to determine the fact. The director shall prescribe regulations to ensure uniformity in the examinations and in the grading thereof and shall prescribe and furnish all forms to the members of the highway patrol and to other persons authorized to conduct examinations as may be necessary to enable the officer or person to properly conduct the examination. The records of the examination shall be forwarded to the director who shall not issue any license hereunder if in the director's opinion the applicant is not qualified to operate a motor vehicle safely upon the highways of this state.

2. The director of revenue shall delegate the power to conduct the examinations required for a license or permit to any member of the highway patrol or any person employed by the highway patrol. The powers delegated to any examiner may be revoked at any time by the director of revenue upon notice.

3. Notwithstanding the requirements of subsections 1 and 2 of this section, the successful completion of a motorcycle rider training course approved pursuant to sections 302.133 to 302.138 shall constitute an actual demonstration of the person's ability to exercise due care in the operation of a motorcycle or motortricycle, and no further driving test shall be required to obtain a motorcycle or motortricycle license or endorsement.

college of agriculture, **the University of Missouri Center for Agroforestry**, the University of Missouri extension service, the Missouri department of natural resources, private industry councils, the United States Department of Agriculture, and the Missouri department of agriculture, an agroforestry program. The program shall be designed to [complement a new or extended federal conservation reserve plan which as part of its provisions allows and encourages] **encourage** the development of a state program of agroforestry, and shall encourage soil conservation and diversifications of the state's agricultural base through the use of trees planted [or otherwise established in lanes with grass strips or row crops or both in between the lanes] **in an agroforestry configuration to accommodate alley cropping, forested-riparian buffers, silvopasture and windbreaks.**

252.306. DEFINITIONS. — As used in sections 252.300 to 252.333, the following terms shall mean:

(1) **"Alley cropping", planting rows of trees at wide spacings and cropping the alleyways;**

[(3)] (4) "Director", the director of the Missouri department of conservation;

[(4)] (5) "Eligible land", agricultural land which is susceptible to soil erosion [and is placed in the federal conservation reserve program as of or after August 28, 1990, or other highly erosive land which is not enrolled in the conservation reserve program, as determined by the director of the department] **that has a recent cropping history, marginal pasture land, land surrounding livestock enclosures and riparian zones;**

(6) **"Eligible practices", single or multiple rows of trees, alone or combined with other plants such as grass, conventional row crops or horticulture crops, and animals located at intervals of distance within or around fields, around livestock enclosures, and along streams and rivers, specifically designed to provide production and environmental enhancement benefits in accordance with the practices identified in section 252.303;**

[(5)] (7) "Enhancement phase", the period of time, not to exceed ten years, immediately following the establishment phase, during which payments are made by the state of Missouri to landowners who use their eligible land for agroforestry purposes as required by the department;

[(6)] (8) "Establishment phase", the period of time during which eligible land is [placed and held in the federal conservation reserve program or a six-month period for other highly erosive land which is not enrolled in the conservation reserve program] **being prepared for planting trees and developing agroforestry practices**, as determined by the director of the department;

(9) **"Forested-riparian buffers", a combination of trees and other vegetation;**

(10) **"Silvopasture", combining trees with forage and livestock;**

(11) **"Windbreaks", planting single or multiple rows of trees for protection and enhanced production of crops and animals.**

252.309. INCENTIVE PAYMENTS — AGREEMENTS WITH LANDOWNERS — AMOUNT OF PAYMENTS. — 1. The director may enter into agreements with individual landowners to make [such] **incentive payments during the enhancement phase** to landowners. Recipients of such payments shall utilize the land for which such payment is made for agroforestry purposes as required by the director [under] **pursuant to** sections 252.300 to 252.333. [In administering such payments, the director may make such agreements with the United States Department of Agriculture as the director deems necessary or appropriate.]

2. The amount of state incentive payment made to a landowner per acre of eligible land shall be [the lesser of:

(1)] an amount which, when added to any cash or in-kind **net** income produced by crops raised on the land, is substantially equal to the amount per acre previously paid or which would have been paid to the landowner under the federal conservation reserve program[; or

(2) An amount less than that provided in subdivision (1) of this subsection, if such lesser amount does not significantly reduce the number of acres for which agroforestry incentive payments are made under this section].

3. If an application made pursuant to section 252.315 is approved by the director, the director shall develop a schedule of annual payments to be made by the state.

4. The state shall not make any payment to a landowner to maintain the use of eligible land during the enhancement phase for agroforestry purposes after ten years have elapsed since the first such incentive payment is made.

252.315. APPLICATION FOR PARTICIPATION — CONTENTS — REVIEW OF APPLICATION — ADMINISTRATIVE PROCEDURE. — 1. 2. The director shall review each application. In reviewing the application the director shall determine the type or types of soil located in the area of the land proposed to be included in the agroforestry program and shall apply the land capability classification system to determine the potential or limitations of the land for inclusion in the program. Before the director acts upon the application, an on-site inspection shall be made by a representative of the department of conservation or its approved agent. The inspecting representative shall attest to the efficacy of the agroforestry plan to be used, the number of acres to be placed under agroforestry management, the species **and number** of trees to be planted, established, or managed, and [agronomic] **other crop** components of the proposed program. After the report of the on-site inspector and the review by the director, the director shall determine the landowner's eligibility to participate in the agroforestry program and shall determine the amount of cost sharing, including in-kind and labor components, for the landowner. If the director fails to approve an application, the aggrieved landowner may request a hearing before the conservation commission or its authorized representative within thirty days of notice to the landowner of the failure of the conservation department to approve the application, or the landowner may proceed under the provisions of section 536.150, RSMo, as if the act of the conservation department was one not subject to administrative review. 2. The Missouri department of conservation may contract with the division of soil and water conservation of the Missouri department of natural resources for any administrative functions required under the provisions of sections 252.300 to 252.333.

252.330. PAYMENT FOR PLANTING TREES. — During the establishment phase, the director may pay for the planting of trees on eligible land which is used for agroforestry pursuant to sections 252.300 to 252.333. Such payment shall be limited to expenses which are determined to be reasonable and necessary by the director, **but shall not exceed seventy-five percent of the cost of establishment.**

252.333. FEDERAL INCENTIVE PAYMENTS FOR LAND ENROLLED IN THE PROGRAM, DURATION. — The director may make incentive payments for agroforestry purposes of land [which is susceptible to soil erosion] **enrolled in this program.** The duration of such payments shall not exceed ten years. The director may also expend funds to plant trees on such land. Such expenditures may include both planting and associated practices as determined by the director.

262.800. FARMLAND PROTECTION ACT, PURPOSE. — Sections 262.800 to 262.810 shall be known and may be cited as the "Farmland Protection Act". The purpose of the farmland protection act shall be to:

- (1) Protect agricultural, horticultural and forestry land;
- (2) Promote continued economic viability of agriculture, horticulture and forestry as a business;
- (3) Promote the continued economic viability of those businesses dependent on providing materials, equipment and services to agriculture, horticulture and forestry;
- (4) Promote quality of life in the agriculture community; and
- (5) Protect owners of property used for farming purposes from unreasonable costs associated with assessments for improvements running across the land.

262.801. FARMING PURPOSES DEFINED. — For purposes of the farmland protection act, "farming purposes" shall be defined as at least three-fourths of the property used for farming, tillage of the soil, dairy farming, ranching, production or raising of crops, poultry or livestock, breeding, pasturing, training or boarding of equines or mules, and production of poultry or livestock products in an unmanufactured state.

262.802. ABEYANCE OF WATER AND SEWER ASSESSMENTS, WHEN — APPLICABILITY — CHARGES, WHEN PAID, AMOUNT — NOTICE PROVIDED, CONTENTS — DISPUTES, PROCEDURE. — 1. This state or any political subdivision of this state shall hold water and

sewer assessments in abeyance, without interest, until improvements on such property are connected to the water or sewer system for which the assessment was made. However, if a political subdivision requires the property to be connected to the sewer system of the political subdivision pursuant to section 644.027, RSMo, such connection shall not trigger the payment of the assessment.

2. The provisions of this section shall apply only to tracts of real property:

- (1) Comprised of ten or more contiguous acres; and
- (2) Used for farming purposes.

3. At the time improvements on such property are connected to the water or sewer system, the owner shall pay to the political subdivision an amount equal to the proportionate charge for the number of system lines connected to improvements on such property.

4. The owner shall not be charged based on the total cost of running the water or sewer system to or across the owner's real property. Rather, the assessment shall be based on:

- (1) A reasonable hookup charge;
- (2) A proportionate charge for the number of improvements requested to be connected to such assessments in relation to the total capacity of the system; and
- (3) The anticipated proportionate burden to the system.

5. The period of abeyance shall end when the property ceases to be used for farming purposes.

6. When the period of abeyance ends, the assessment is payable in accordance with the terms set forth in the assessment resolution, so long as such terms are not inconsistent with sections 262.800 to 262.810. To the extent that such terms are inconsistent, the provisions of sections 262.800 to 262.810 shall control.

7. All statutes of limitation pertaining to action for enforcement of payment for assessments shall be suspended during the time that any assessment is held in abeyance without interest.

8. In addition to any other federal, state or local requirements concerning assessments for improvements, the political subdivision responsible for assessments shall notify owners of all properties which are proposed to be assessed of the amount proposed to be charged and the terms of payment for each improvement and that the property may be subject to protection according to the provisions of the Missouri farmland protection act.

(1) The notice shall:

(a) Be provided in writing to the owners and all parties of recorded interest, at the address listed on records of the county for the receipt of real property tax statements for such tract of land;

(b) Be sent certified mail, return receipt requested, restricted delivery to addressee;

(c) Clearly state the total amount of the proposed assessment for said parcel of real property;

(d) State in the body of the letter as follows:

"As owners of the property proposed to be assessed, you have one hundred eighty days from the date of receipt of this notice to accept, in writing, the amount of the assessment stated herein or to dispute the amount by filing an action in the circuit court of the county where the real property is located. If your property is comprised of ten or more contiguous acres, your property may be eligible for protection from payment of the assessment under the Missouri Farmland Protection Act as provided in chapter 262, RSMo, and you have sixty days from the date of receipt of this notice to notify (the political subdivision proposing the assessment), in writing, of your intent to claim protection for your property under the Act. Whether or not you claim the protection under the Farmland Protection Act, you have the right to dispute the amount of the assessment in circuit court.";

(e) Owners must be given the address for sending notice to the political subdivision with the letter; and

(f) A copy of the farmland protection act shall be included with the letter.

(2) An owner claiming protection under the farmland protection act does not forfeit the right to contest the amount of the assessment.

9. Any owner of property proposed to be assessed who chooses to dispute the amount of the assessment, shall file an action disputing the amount of the assessment in the circuit court of the county in which the real property subject to the assessment is located. The action disputing the assessment must be filed within one hundred eighty days of receipt of the notice in subsection 8 of this section.

10. Any political subdivision that disputes the applicability of the farmland protection act to property proposed to be assessed shall file an action in the circuit court of the county in which the real property subject to the assessment is located to dispute the applicability of the farmland protection act to said parcel of real property. Such action must be filed within thirty days of receipt of the notice of the claim for protection under the farmland protection act.

11. Nothing in this section shall be construed as diminishing the authority of counties or other political subdivisions to hold assessments in abeyance.

12. The provisions of this section shall not apply to public water supply districts as defined by sections 247.010 to 247.227, RSMo, except that a public water supply district shall not require payment from landowners whose property is crossed to service another tract of land until any improvement on such property is connected to the rural water supply district. At the time such connection is made, the provisions of the farmland protection act shall apply.

13. AMENDMENT TO CONSTITUTION OF MISSOURI,

ADOPTED NOVEMBER 7, 2000

[SENATE JOINT RESOLUTION 25]

Amendment No. 1. — (Proposed by the Ninetieth General Assembly, First Regular Session) Shall a budget reserve fund be created in the state treasury to provide an operating reserve for use by the governor with 2/3 approval by the legislature when there is a budget emergency due to disaster or revenues falling below revenue estimates?

JOINT RESOLUTION Submitting to the qualified voters of Missouri, an amendment repealing section 27(a) of article IV of the Constitution of Missouri relating to certain funds in the state treasury, and adopting one new section in lieu thereof relating to the same subject.

SECTION

- A. Amending clause.
27(a). Budget reserve fund established — investment by the treasurer — excess transfer to general revenue or any other state fund, when, amount — interest credited to fund — moneys in fund expended, when, maximum.

Be it enacted by the Senate, the House of Representatives concurring therein:

That at the next general election to be held in the state of Missouri, on Tuesday next following the first Monday in November, 2000, or at a special election to be called by the governor for that purpose, there is hereby submitted to the qualified voters of this state, for adoption or rejection, the following amendment to article IV of the Constitution of the state of Missouri:

SECTION A. AMENDING CLAUSE. — Section 27(a), article IV, Constitution of Missouri, is repealed and one new section adopted in lieu thereof, to be known as section 27(a), to read as follows:

SECTION 27(A). BUDGET RESERVE FUND ESTABLISHED — INVESTMENT BY THE TREASURER — EXCESS TRANSFER TO GENERAL REVENUE OR ANY OTHER STATE FUND, WHEN, AMOUNT — INTEREST CREDITED TO FUND — MONEYS IN FUND EXPENDED, WHEN, MAXIMUM. — 1. There is hereby established within the state treasury a fund to be known as the "[Cash Operating] Budget Reserve Fund". [The following moneys shall be transferred or credited to the cash operating reserve fund: (1) Such amounts as may be appropriated by the general assembly or otherwise credited to the cash operating reserve fund; (2) Funds transferred into the cash operating reserve fund by the state treasurer as prescribed by this section; and (3) Any balance in a cash operating reserve fund which has been established by state statutes.

2. Beginning on the fifteenth of July next following the effective date of this section, and on or prior to the fifteenth day of each month thereafter, the state treasurer, shall transfer three-fourths of one percent of the total amount collected in the general revenue fund for the preceding month into the cash operating reserve fund. Such transfers shall continue until the cash operating reserve fund contains an amount equal to five percent of the general revenue fund collections for the preceding fiscal year. At such time the transfers from the general revenue

fund shall cease.] **The balances in the cash operating reserve fund and the budget stabilization fund shall be transferred to the budget reserve fund.**

[3.] **2.** The commissioner of administration may, throughout any fiscal year, transfer amounts from the [cash operating] **budget** reserve fund to the general revenue fund **or any other state fund** without other legislative action if he determines that such amounts are necessary for the cash requirements of this state. **Such transfers shall be deemed "cash operating transfers".**

[4.] **3.** The commissioner of administration shall transfer from the general revenue fund **or other recipient fund** to the [cash operating] **budget** reserve fund an amount equal to the [amount transferred from the cash operating reserve] **cash operating transfer received by such** fund pursuant to subsection [3] **2** of this section, [but, in any case, the transfer must be made] **together with the interest that would have been earned on such amount**, prior to May sixteenth of [any] **the fiscal year in which the transfer was made**. No **cash operating** transfers out of the [cash operating] **budget** reserve fund may be made after May fifteenth of any fiscal year.

[5.] The balance in the cash operating reserve fund on May sixteenth of each fiscal year shall not be less than the sum of the opening balance of the cash operating reserve fund for that fiscal year plus accrued interest earnings and all amounts appropriated or transferred pursuant to this section into the cash operating reserve fund for the fiscal year.

[6.] **4.** Funds in the [cash operating] **budget** reserve fund [which are not needed for current cash requirements of this state] shall be invested by the treasurer in the same manner as other state funds are invested. **Interest earned on such investments shall be credited to the budget reserve fund. Subject to the provisions of subsection 7 of this section, the unexpended balance in the budget reserve fund at the close of any fiscal year shall remain in the fund.**

5. In any fiscal year in which the governor reduces the expenditures of the state or any of its agencies below their appropriations in accordance with section 27 of this article, or in which there is a budget need due to a disaster, as proclaimed by the governor to be an emergency, the general assembly, upon a request by the governor for an emergency appropriation and by a two-thirds vote of the members elected to each house, may appropriate funds from the budget reserve fund to fulfill the expenditures authorized by any of the existing appropriations which were affected by the governor's decision to reduce expenditures pursuant to section 27 of this article or to meet budget needs due to the disaster. Such expenditures shall be deemed to be for "budget stabilization purposes". The maximum amount which may be appropriated at any one time for such budget stabilization purposes shall be one-half of the sum of the balance in the fund and any amounts appropriated or otherwise owed to the fund, less all amounts owed to the fund for budget stabilization purposes but not yet appropriated for repayment to the fund.

6. One-third of the amount transferred or expended from the budget reserve fund for budget stabilization purposes during any fiscal year, together with interest that would otherwise have been earned on such amount, shall stand appropriated to the budget reserve fund during each of the next three fiscal years, and such amount, and any additional amounts which may be appropriated for that purpose, shall be transferred from the fund which received such transfer to the budget reserve fund by the fifteenth day of the fiscal year for each of the next three fiscal years or until the full amount, plus interest, has been returned to the budget reserve fund. The maximum amount which may be outstanding at any one time and subject to repayment to the budget reserve fund for budget stabilization purposes shall be one-half of the sum of the balance in the fund and all outstanding amounts appropriated or otherwise owed to the fund.

7. If the balance in the [cash operating] **budget** reserve fund at the close of any fiscal year exceeds [five] **seven and one-half** percent of the **net** general revenue [fund] collections for the previous fiscal year, the commissioner of administration shall transfer that excess amount to the

general revenue fund[.] unless such excess balance is as a result of direct appropriations made by the general assembly for the purpose of increasing the balance of the fund; provided, however, that if the balance in the fund at the close of any fiscal year exceeds ten percent of the net general revenue collections for the previous fiscal year, the commissioner of administration shall transfer the excess amount to the general revenue fund notwithstanding any specific appropriations made to the fund. For purposes of this section, "net general revenue collections" means all revenue deposited into the general revenue fund less refunds and revenues originally deposited into the general revenue fund but designated by law for a specific distribution or transfer to another state fund.

8. If the **sum of the** ending balance of the [cash operating] **budget** reserve fund in any fiscal year [beginning on or after July 1, 1990,] **and any amounts owed to the fund pursuant to subsection 6 of this section** is less than [five] **seven and one-half** percent of the net general revenue collections for the same year, the difference shall stand appropriated and shall be transferred from the general revenue fund to the [cash operating] **budget** reserve fund by the fifteenth day of the succeeding fiscal year.

**HOUSE SUBSTITUTE FOR
HOUSE CONCURRENT RESOLUTION NO. 6**

WHEREAS, the United States Fish and Wildlife Service has recommended that the United States Army Corps of Engineers implement the so-called "spring rise-split season" plan for operation of the Missouri River mainstem reservoir system. This plan would result in an increase in the flow of the Missouri River in the spring and a reduction of the flow in the summer of each year, purportedly to improve habitat for the threatened and endangered pallid sturgeon, least tern and piping plover; and

WHEREAS, additional changes under consideration by the United States Army Corps of Engineers to the Missouri River Master Manual would result in the storage of more water in the upstream reservoirs while decreasing the amount of water available downstream for designated uses. These changes would shorten the navigation season on the Missouri River by twenty-seven days in November and put at risk Mississippi River navigation as well; and

WHEREAS, analysis of the proposed changes by the state of Missouri and the United States Army Corps of Engineers has indicated these changes will fail to improve and will potentially diminish habitat for the species in question, will increase the risk of flooding along the Missouri River, and will result in a decrease in river levels in early summer and fall which will impact navigation and other designated uses on the Missouri and Mississippi Rivers; and

WHEREAS, habitat restoration along the lower Mississippi River has demonstrated great success in aiding the recovery of these species and a similar approach should be given the opportunity to succeed on the Missouri River; and

WHEREAS, these plans have the potential for severe impact on any industry which uses the Missouri River or Mississippi River to transport products and the potential to increase risk of flooding in river communities and on farm land in the Missouri and lower Mississippi River basins; and

WHEREAS, these proposals do not adequately address the concerns and needs of states in the lower Missouri and Mississippi River basin, and will not realize the purported benefit of increasing habitat for endangered species; and

WHEREAS, the Missouri departments of natural resources, conservation and transportation have opposed these plans and have informed the Fish and Wildlife Service and the United States Army Corps of Engineers of their concerns regarding the potential impact on the state's river communities, lands, businesses and wildlife habitat:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri House of Representatives, Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby urge the Governor to protest against any proposals that would so negatively impact beneficial uses of the lower Missouri and Mississippi Rivers and would not significantly improve conditions for the species of concern; and

BE IT FURTHER RESOLVED that the members of the General Assembly urge the Department of Natural Resources, the Department of Conservation and the Department of Transportation to continue to insist that any plan involving the operations of the Missouri River improve the Missouri River for all beneficial uses and be sure any river management changes are based on sound science; and

BE IT FURTHER RESOLVED that the Chief Clerk of the House of Representatives be instructed to prepare properly inscribed copies of this resolution for the United States Fish and Wildlife Service, the United States Army Corps of Engineers, the Governor of Missouri, the Director of the Department of Natural Resources, the Director of the Department of Conservation and the Director of the Department of Transportation.

HOUSE CONCURRENT RESOLUTION NO. 10

WHEREAS, the original passage of the federal Individuals with Disabilities Education Act (IDEA) in 1975 established a program of free appropriate public education to better enable students with disabilities to achieve their greatest potential; and

WHEREAS, IDEA also represented an advance in civil rights for disabled children through equal protection; and

WHEREAS, Missouri has demonstrated a strong commitment to serving our children with disabilities through provision of special education and related services to over 127,000 students (14.18 percent of public school enrollment); and

WHEREAS, the original intent of the 94th Congress was to fund IDEA at 40% of its cost, but funding has never exceeded 13%; and

WHEREAS, federal law requires school districts to meet federal standards, but Congress has not provided the promised funding necessary to achieve those standards; and

WHEREAS, Missouri and several other states have legal prohibitions on passing unfunded mandates to the local level and therefore must either make up the shortfall or ask local districts to do so and thereby risk litigation; and

WHEREAS, local districts must then cover the mandated expenses of special education and reduce funding for teachers, textbooks and supplies, building maintenance and repair, as well as meet the counterproductive reporting burden which severely reduces teacher availability:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby urge that before the 107th Congress considers any other education initiatives, that IDEA receive prompt and full funding, and the reporting requirements of IDEA be significantly reduced; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives and every member of the Missouri Congressional delegation.

HOUSE CONCURRENT RESOLUTION NO. 12

WHEREAS, the recent dramatic increase in utility rates for utility companies providing heating fuels has had a devastating financial affect on many middle and low income Missourians who cannot afford to pay utility bills which have more than doubled in recent months; and

WHEREAS, many Missourians on fixed and limited incomes may be forced to eliminate other essential purchases, such as food and medicines, from their limited budgets in order to pay the exorbitant utility bills; and

WHEREAS, due to the extraordinary circumstances in which Missourians find themselves, members of Congress should consider taking extraordinary steps to protect the interests of all of the people of the United States:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby request that the United States Congress consider establishing a strong remedial federal energy policy that delegates emergency powers to individual states; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives and each member of the Missouri Congressional delegation.

HOUSE CONCURRENT RESOLUTION NO. 14

WHEREAS, more than 83 United States Senators, including both Missouri Senator Kit Bond and then Missouri Senator John Ashcroft, signed letters of support for this legislation in 2000; and

WHEREAS, the bill now before the 107th Congress modernizes the Railroad Retirement System for its 690,000 beneficiaries nationwide, including over 23,100 in Missouri; and

WHEREAS, railroad management, labor and retiree organizations have agreed to support this legislation; and

WHEREAS, this legislation provides tax relief to freight railroads, Amtrak and commuter lines; and

WHEREAS, this legislation provides benefit improvements for surviving spouses of rail workers, who currently suffer deep cuts in income when the rail retiree dies; and

WHEREAS, no outside contributions from taxpayers are needed to implement the changes called for in this legislation; and

WHEREAS, all changes will be paid for from within the railroad industry, including a full share of active employees:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby urge the United States Congress to support the Railroad Retirement and Survivors Improvement Act introduced in the 107th Congress; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives and each member of the Missouri Congressional delegation.

HOUSE CONCURRENT RESOLUTION NO. 22

WHEREAS, in 1955, the Missouri Brucellosis Control and Eradication Law, sections 267.470 to 267.550, RSMo, was enacted by the Missouri General Assembly to suppress, control and eradicate bovine brucellosis in this state; and

WHEREAS, as part of the state's attempt to suppress, control and eradicate bovine brucellosis in this state, a certification process was established which included the herd designation of a "certified brucellosis free herd"; and

WHEREAS, more than forty-five years after the passage of the Missouri Brucellosis Control and Eradication Law, not every herd of cattle in the state of Missouri has attained the designation of a certified brucellosis free herd; and

WHEREAS, all cattle eight months of age or over must pass a negative test for brucellosis within thirty days of the transportation of such cattle within or outside the state; and

WHEREAS, the economic progress of the cattle industry in this state depends on the ability of cattle producers to buy, sell and exchange cattle both intrastate and interstate; and

WHEREAS, the department of agriculture should be aggressive in the use and utilization of the resources available to the department to reach a brucellosis free status for the entire state, without requiring new vaccinations:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate

concurring therein, hereby direct the department of agriculture to be more aggressive in its attempts to suppress, control and eradicate bovine brucellosis in this state and reach a statewide brucellosis free status; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the director of the department of agriculture.

HOUSE CONCURRENT RESOLUTION NO. 23

WHEREAS, the Windfall Elimination Provision or WEP was added to the federal Social Security Act in 1983 to prevent unfairly inflated benefits for persons who held highly compensated government positions that were not covered by Social Security and who also had brief, relatively low-paying Social Security covered employment; and

WHEREAS, the WEP has had the unintended consequence of undermining the retirement plans of individuals who have been teachers and who often continue to hold Social Security covered employment during summers and holidays; and

WHEREAS, Missouri and other states are anticipating an increased rate of teacher retirement and difficulty attracting young adults into the education field; and

WHEREAS, the WEP also serves to discourage mid-life career changes from Social Security covered employment to employment covered by public pensions such as teaching; and

WHEREAS, the WEP often works in conjunction with another income-reducing feature, the government pension offset (GPO) that bears disproportionately on women, to doubly affect the teacher corps which is still primarily made up of women; and

WHEREAS, the formula of the WEP assumes retirees have had a higher-paying position over the entire course of their careers, an assumption which is contrary to the fact for teachers; and

WHEREAS, many teachers need a second income and therefore work in Social Security covered positions, thereby activating the WEP; and

WHEREAS, the continuation of the WEP and GPO impacts presently retired teachers, teachers near retirement, and young adults entering the education field, all who are essential parts of our national education corps:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby urge the 107th Congress to:

(1) Either simply rescind the Windfall Elimination Provision or amend it so that it does not bear disproportionately upon teachers and others who have modest salaries earned in non-Social Security-covered service; and

(2) Amend the government pension offset so that it will not bear disproportionately upon teachers and others whose government pensions are based on modest salaries; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri congressional delegation.

BE IT FURTHER RESOLVED that pursuant to Section 28 of Article IV of the Missouri Constitution, this resolution shall not bind future General Assemblies to make any appropriations for this purpose although it is the present intent of the General Assembly, during each fiscal year of the state during the term of such revenue bonds, to appropriate funds sufficient to pay the debt service on such revenue bonds; and

BE IT FURTHER RESOLVED that the intent of the General Assembly is that no funds shall be appropriated to pay the state's share on such revenue bonds until fiscal year 2005, unless further legislative action authorizes such payment prior to fiscal year 2005; and

SENATE CONCURRENT RESOLUTION NO. 13**

WHEREAS, the United States Fish and Wildlife Service has recommended that the United States Army Corps of Engineers implement the so-called "spring rise-split season" plan for operation of the Missouri River mainstem reservoir system. This plan would result in an increase in the flow of the Missouri River in the spring and a reduction of the flow in the summer of each year, purportedly to improve habitat for the threatened and endangered pallid sturgeon, least tern and piping plover; and

WHEREAS, additional changes under consideration by the United States Army Corps of Engineers to the Missouri River Master Manual would result in the storage of more water in the upstream reservoirs while decreasing the amount of water available downstream for designated uses. These changes would shorten the navigation season on the Missouri River by twentyseven days in November and put at risk Mississippi River navigation as well; and

WHEREAS, analysis of the proposed changes by the state of Missouri and the United States Army Corps of Engineers has indicated these changes will fail to improve and will potentially diminish habitat for the species in question, will increase the risk of flooding along the Missouri River, and will result in a decrease in river levels in early summer and fall which will impact navigation and other designated uses on the Missouri and Mississippi Rivers; and

WHEREAS, habitat restoration along the lower Mississippi River has demonstrated great success in aiding the recovery of these species and a similar approach should be given the opportunity to succeed on the Missouri River; and

WHEREAS, these plans have the potential for severe impact on any industry which uses the Missouri River or Mississippi River to transport products and the potential to increase risk of flooding in river communities and on farm land in the Missouri and lower Mississippi River basins; and

WHEREAS, these proposals do not adequately address the concerns and needs of states in the lower Missouri and Mississippi River basin, and will not realize the purported benefit of increasing habitat for endangered species; and

WHEREAS, the Missouri departments of natural resources, conservation and transportation have opposed these plans and have informed the Fish and Wildlife Service and the United States Army Corps of Engineers of their concerns regarding the potential impact on the state's river communities, lands, businesses and wildlife habitat:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the Governor to protest against any proposals that would so negatively impact beneficial uses of the lower Missouri and Mississippi Rivers and would not significantly improve conditions for the species of concern; and

BE IT FURTHER RESOLVED that the members of the General Assembly urge the Department of Natural Resources, the Department of Conservation and the Department of Transportation to continue to insist that any plan involving the operations of the Missouri River improve the Missouri River for all beneficial uses and be sure any river management changes are based on sound science; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the United States Fish and Wildlife Service, the United States Army Corps of Engineers, the Governor of Missouri, the Director of the Department of Natural Resources, the Director of the Department of Conservation and the Director of the Department of Transportation.

WHEREAS, foreign government trade restrictions and private restraints of trade distort international trade and investment patterns and result in burdens on United States commerce, including absorption of a disproportionate share of diverted steel trade, which ultimately have a detrimental effect on this state's economy; and

WHEREAS, there is a well-recognized need for improvements in the enforcement of United States trade laws to provide an effective response to these situations:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-First General Assembly, First Regular Session, the House of Representatives concurring therein, hereby requests the President of the United States to commence immediate action to determine the entry into the customs territory of the United States of all steel products that are the product of or manufactured in Australia, China, South Africa, Ukraine, Kazakhstan, Indonesia, India, Japan, Russia, South Korea, Mexico or Brazil to determine whether the governments of those countries are abiding by the spirit and letter of international trade agreements with respect to imports of steel products into the United States, and take all actions necessary to enforce applicable trade agreements and laws of the United States pertaining to steel imports; and

WHEREAS, public school buildings in Missouri have historically been funded mainly by local funds; and

WHEREAS, the ability of school districts to pay for buildings, as measured by a district's assessed value per pupil, varies by a factor of roughly seventeen between the wealthiest and least wealthy district in this state; and

WHEREAS, the Department of Elementary and Secondary Education recently conducted a comprehensive review of school district building needs and found the existing statewide need for new construction and renovation to be in excess of four billion dollars; and

WHEREAS, public education is a labor intensive operation with roughly three-fourths of operating cost supporting salaries and benefits of staff, and most of those salaries being paid to certificated teachers; and

WHEREAS, state school operating aid has increased significantly since the passage of SB 380 in 1993; and

WHEREAS, state minimum salary requirements for teachers have not been increased to keep up with increases in the cost of living; and

WHEREAS, state cost to fully fund state school aid continues to increase significantly each year and requires funds which create hardships for other sectors of society needing access to state funds; and

WHEREAS, the adequacy and equity of funding available to public schools has again become a serious concern across the state, highlighted by the wide range of available operating funding for Missouri school districts, which ranges from \$3500 per pupil to over \$11,000 per pupil:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri Senate, Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, that a joint interim committee on education be created to be composed of seven members of the Senate, to be appointed by the President Pro Tem of the Senate, and seven members of the House of Representatives, to be appointed by the Speaker of the House of Representatives; and

SENATE CONCURRENT RESOLUTION NO. 27

WHEREAS, it is in the best interest of the State of Missouri, as an employer, to recruit and retain a high performance workforce; and

WHEREAS, the State of Missouri has established a benefits policy that encourages employees to continue in state employment with a career goal of 30 years of state service; and

WHEREAS, the State of Missouri has adopted specific benefit incentives associated with achieving this objective, which include:

- a) Creating a comprehensive benefits package that is externally competitive with the marketplace, and that is internally equitable;
 - b) Implementing a benefits package that provides employees with options for meeting their individual and family needs, and yet assures that basic levels of health care coverage will be maintained;
 - c) Ensuring equitable employer contributions for health care coverage for all state employees, retirees and dependents that assures high quality care in a cost-effective manner; and
 - d) Allowing career state employees to maintain a reasonable standard of living at retirement; and
-

WHEREAS, achieving benefit equity and adequacy in the retiree health care area necessitates a subsidy which is dependent upon the length of state service rendered by former employees; and

WHEREAS, such state subsidy for retiree medical coverage would ensure that quality health care services are available to both the highest and lowest paid former employees:

NOW THEREFORE BE IT RESOLVED by the Missouri Senate, the House of Representatives concurring therein, that the State of Missouri hereby wishes to reward employees who make a career of state service through equitable retiree health care subsidies; and

BE IT FURTHER RESOLVED that, within the constraints of the available appropriations, the state contribution for medical coverage for retirees should be based upon a formula that has a direct relationship between the amount of the state subsidy and each retiree's length of service with the state, provided that any subsidy for retiree dependent coverage should be based upon a similar formula, but should not exceed the average state subsidy provided for dependents of active employees; and

BE IT FURTHER RESOLVED that former state employees who retired prior to the effective date of this policy may receive a state subsidy, depending on Medicare eligibility and available appropriations, of no less than the dollar amount subsidy resulting from the amount appropriated to the plan for calendar year 2001; and

BE IT FURTHER RESOLVED that it is recommended that the health care coverage for state retirees be based upon a service-based subsidy rate formula subject to available appropriations and is consistent with the goals that are established in the state's retirement plans.

WHEREAS, recent high fuel prices have alerted us to the need to improve our nation's policies on fuel production and efficient use of energy; and

WHEREAS, the Organization of Petroleum Exporting Countries (OPEC) has recently suggested that they will reduce crude oil production again in an attempt to manipulate prices; and

WHEREAS, reductions in crude oil production have resulted in sharp increases in prices for natural gas, gasoline and home heating oil; and

WHEREAS, the United States has become dangerously dependent on foreign petroleum; and

WHEREAS, Missouri consumers are experiencing higher prices at the pump and in home heating costs and these high prices are negatively impacting their quality of life; and

WHEREAS, the economic stability of many areas of the state which rely on tourism may be jeopardized if the number of persons traveling to Missouri's vacation destinations is significantly reduced due to increased gasoline prices; and

WHEREAS, the trucking industry, heavily dependent on the availability and price of gasoline and diesel fuel, has been especially hard hit by the increase in fuel costs that have resulted in a significant increase in the transportation costs associated with the delivery of consumer goods throughout the state. Such an increase in cost to the trucking industry will inevitably be passed along to consumers as an increase in the price of consumer goods; and

WHEREAS, the increased petroleum fuel costs is particularly detrimental to Missouri family farmers because it comes at a time when overall market prices are low; and

WHEREAS, fuel prices could be reduced by increasing domestic production and encouraging the development of markets for products that can be used as the source material for renewable alternative fuels:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate of the Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to actively address the issue of fuel prices and take immediate actions necessary to reduce our nation's dependency on foreign petroleum sources, boost our own economy, and increase energy efficiency by:

(1) Encouraging exploration for domestic petroleum sources in a manner that does not, based on established scientific principles, adversely impact the environment;

(2) Encouraging and creating incentives for fuel conservation measures that do not, based on established economic principles, harm the economy; and

(3) Encouraging and creating incentives for research, development and use of solar and other alternative fuel sources, including ethanol and other fuels made from renewable materials that would not only reduce our dependency on foreign petroleum, but also have the potential to improve environmental protection and boost local economies; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives, Secretary Gale Norton of the United States Department of the Interior, Secretary Spencer Abraham of the United States Department of Energy, Secretary Ann M. WHEREAS, voluntary industry leadership in the private sector is the best method of productive and economically viable environmental stewardship of our land, forests, water and wild life; and

WHEREAS, Americans have taken pride in their nations' rich bounty of natural resources, and careful stewardship of these precious assets is essential if future generations are to enjoy and benefit from them; and

WHEREAS, the forest products industry, an essential component of the nation's economy sustaining businesses, families, and rural communities since its founding, is comprised of more than 34,000 employees and 400,000 forest landowners; and

WHEREAS, close to one-third of the nation's land is forested, with 14 million acres in Missouri alone, the vital importance of the industry underscores the necessity for intelligent management of the over 736 million acres of America's forest land; and

WHEREAS, the forest products industry relies on forest resources to make this state one of the leading producers of wood flooring, staves, furniture, cabinetry, lumber, pallets, charcoal, and other wood products, and to meet society's increasing demand for wood and wood-related products important to our nation's quality of life; and

WHEREAS, America's forest products companies have made considerable capital improvements in recycling, and the industry nationally has voluntarily set a goal to recover 50% of the paper it produces; and

WHEREAS, Missouri's forest products industry, in recognition of its stewardship responsibilities in nurturing the forest resources, has pledged itself to the continuing principles of sustainable forestry by initiating the "Sustainable Forestry Initiative Program", a comprehensive program committed to responsible environmental stewardship of the forests, water resources and wild life; and

WHEREAS, the goal of the Sustainable Forestry Initiative Program is to educate the public as to the importance of industry leadership in voluntarily protecting these valuable resources, and to promote and monitor the progress made toward this worthy goal; and

WHEREAS, the Missouri Forest Products Association's members are actively demonstrating a commitment to the principles of sustainable forestry and are bench marking this commitment by implementing Sustainable Forestry Initiative Program principles and practices, such as prompt reforestation and protection of water quality and wildlife habitat:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, recognize the Missouri Forest Products Association's member companies, forest landowners and loggers and the state's forest products industry for its commitment to the responsible use of natural resources, and commend the creation and implementation of the Sustainable Forestry Initiative Program as a means to this end; and
